INDEPENDENT AUDITORS' REPORT

The Honorable Board of County Commissioners
and Constitutional Officers
Gadsden County, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund, and aggregate remaining fund information of Gadsden County, Florida, (the County) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the County's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the County as of September 30, 2017, the respective changes in financial position, thereof, and the respective budgetary comparison of the general fund and each major special revenue fund, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board (GASB), who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the County's basic financial statements. The introductory section and the combining nonmajor fund statements are presented for purposes of additional analysis, and are not a required part of the financial statements. The accompanying schedule of expenditures of federal awards and state financial assistance, as required by Chapter 10.550, *Rules of the Auditor General* of the State of Florida, is also not a required part of the basic financial statements. The combining nonmajor fund statements and the schedule of expenditures of federal awards and state financial assistance are the responsibility of management and were derived from and related directly to the underlying accounting and other records used to prepare the financial statements. This information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with the auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund statements and the schedule of federal awards and state financial assistance are fairly stated in all material respects in relation to the financial statements as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated April 23, 2018, on our consideration of the County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of Gadsden County, Florida, we offer readers of the County's financial statements this narrative overview and analysis of the financial activities of the County for the fiscal year ended September 30, 2017. We encourage readers to consider the information presented here in conjunction with the County's basic financial statements.

FINANCIAL HIGHLIGHTS

Government-wide Statements

The government-wide assets of the County exceeded liabilities at the close of the 2016-17 fiscal year by \$50,261,351 (*net position*). There was a deficit of (\$7,497,003) in *unrestricted net position*, \$5,995,668 is restricted for specific purposes (*restricted net position*), and \$51,762,686 is *net investment in capital assets*.

Fund Statements

At September 30, 2017, the County's governmental funds reported combined ending fund balances of \$15,445,664, a net decrease of \$760,601 in comparison with the ending fund balances on September 30, 2016. Of this decrease, approximately \$1,608,911 is attributable to the spending down of the debt proceeds of \$6,400,000, received in 2014-15 for the purpose of road paving.

The general fund's unassigned fund balance at September 30, 2017, was \$4,485,680 or 24.14% of total general fund expenditures excluding transfers. This indicates a less than 1% decrease from the prior fiscal year which was 25% of the total general fund expenditures.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Management's Discussion and Analysis (MD&A) is intended to serve as an introduction to the County's basic financial statements. The County's basic financial statements include three components:

- (1) Government-wide financial statements
- (2) Fund financial statements
- (3) Notes to the basic financial statements

A brief description of the different financial statements follows.

Government-wide Financial Statements

The government-wide financial statements (statement of net position and statement of activities found on pages 13-14) concentrate on the County as a whole and do not emphasize fund types. The governmental activities comprise the primary government. Fiduciary funds are not included in the government-wide financial statements. The County does not have any business-type activities.

General governmental and intergovernmental revenues support the governmental activities along with user fees and charges for services. The purpose of the government-wide financial statements is to allow the user to be able to analyze the County's total financial position. Over time, increases or decreases in net assets are an indicator of whether the financial health is improving or deteriorating.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

OVERVIEW OF THE FINANCIAL STATEMENTS (Continued)

Government-wide Financial Statements (Concluded)

The statement of activities reflects the expenses of a given function or program, which are offset by program revenues. In order to better understand the County's operations, governmental activities expenses include, among others, general government services, public safety, culture and recreation, transportation, and economic environment. Program revenues are defined as charges for services, operating grants and contributions, and capital grants and contributions directly associated with a given function. Taxes, state shared revenues, and investment earnings are reported under general revenue. The effect of the interfund activity has been removed from the government-wide financial statements.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific purposes or objectives. Individual funds have been established by the County to account for revenues that are restricted to certain uses, comply with legal requirements, or account for the use of Federal and State grants. The three major categories of funds found in the County's fund financial statements include: governmental funds, proprietary funds, and fiduciary funds. The County's major funds are presented in separate columns on the fund financial statements. The definition of a major fund is one that meets the certain criteria set forth in GASB 34. The funds that do not meet the criteria of a major fund are considered non-major funds and are combined into a single column on the fund financial statements.

Fund financial statements for all governmental funds include a **balance sheet** and a **statement of revenues, expenditures, and changes in fund balance**. The County's general fund and major special revenue funds include a **statement of revenues, expenditures, and changes in fund balance-budget and actual**. A **statement of fiduciary net position** is presented for the County's agency fund.

Governmental Fund Financial Statements

Governmental fund financial statements are prepared on the modified accrual basis using the current financial resources measurement focus. Under the modified accrual basis, revenues are recognized when they become measurable and available as net current assets.

The fund financial statements provide a presentation of the County's major funds, along with a column for all non-major funds. In the case of governmental activities, outlays for long lived assets are reported as expenditures and long-term liabilities, such as general obligation bonds; and are not included in the fund financial statements. To facilitate a comparison between the fund financial statements and the government-wide financial statements, a reconciliation of net position, reconciliations to change in net position is provided on pages 17 and 20.

Fiduciary Fund Financial Statements

The fiduciary fund financial statement is not included in the government-wide financial statements because the resources of these funds are not available to support the County's programs. The only type of fiduciary funds the County maintains, agency funds, are used to account for assets held by the County as an agent for individuals and other governments.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data presented in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 27-57 of this report.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

The following schedule provides a summary of assets, liabilities, and net position of the County for fiscal years 2016 and 2017.

The largest portion of the County's net position, 99%, reflects its investment in capital assets (land, buildings, improvements, equipment, furniture, vehicles, construction in progress, and infrastructure) less any related debt to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be used to liquidate these liabilities.

MANAGEMENT'S DISCUSSION AND ANALYSIS *(Continued)*

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Concluded)

Government-wide revenues were consistent with that of the prior year with an overall increase of 12.85%. The most significant variance is from the increase in Capital Grants and Contributions. This resulted from the County's pursuit and subsequent award of over \$4.9 million road paving grants.

Government-wide expenses increased by \$1.0 million from the prior year. This primarily resulted from the impact of the increase in the net pension liability and related deferred inflows and outflows to the financial statements. These entries resulted in an expense of \$1.7 million in 2017 compared to \$1.2 million in 2016.

FUND FINANCIAL ANALYSIS

Governmental Funds

The County uses the Fund accounting system to ensure and demonstrate compliance with finance-related legal requirements. The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the County's financing requirements. Unassigned fund balance may serve as a useful measure of the County's net resources available for spending at the close of a fiscal year.

As of the end of fiscal year 2017, the County's governmental funds reported combined ending fund balances of \$15,445,664, a decrease of \$760,601 in comparison with the prior year. Of the approximately \$15.4 million total fund balance, unassigned fund balance is \$4.5 million and is available for spending at the County's discretion.

The General Fund is the chief operating fund of the County and had an increase in fund balance of \$178,058. The total general fund balance was \$6,314,268, of which \$4,485,680 is unassigned. As a measure of the general fund's liquidity, it may be useful to compare unassigned fund balance to total general fund expenditures. Unassigned fund balance represents 24.14% of total general fund expenditures excluding transfers.

GENERAL FUND BUDGETARY HIGHLIGHTS

The General Fund's budget increased during fiscal year 2016-2017 in the amount of \$947,977 from the original budget. The majority of this amount was used to offset cash flow shortages for Emergency Management (\$813,877) and Supervisor of Elections (\$16,494). Note: The Supervisor of Elections will reimburse the County during fiscal 2017-2018.

Actual General Fund revenues were more than the final revenue budget by \$1,262,668. The largest portion of this increase came from Taxes and Miscellaneous Revenue collections in the amounts of \$572,283 and \$516,443, respectively. Charges for services showed an increase in the amount of \$34,231, and Intergovernmental Revenue collections increased over the final budget amount by \$109,582 and Licenses and Permits increased by \$34,129.

CAPITAL ASSETS AND DEBT MANAGEMENT

Capital Assets

The County's investment in capital assets for its governmental activities as of September 30, 2017, amounts to \$67 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, equipment, and infrastructure, net of depreciation.

Capital asset events during the current fiscal year included the following:

The Public Works Department purchased a Challenger boom mower with a 25-foot arm for \$169,337.

The Parks and Recreation Department updated the children's playground equipment for Pat Thomas Park in the amount of \$8,987.

Building Inspection purchased a new truck in the amount of \$24,982.

The Tax Collector bought a new computer server with a cost of \$11,190.

The Supervisor of Elections traded in 35 outdated Voter Poll Books (equipment that verifies voter's ID) for 35 state of the art Poll Books that will help expedite the voting process on election day, for a net cost of \$64,575.

The Sheriff's Office entered into a lease-purchase agreement for eight vehicles for \$278,010.

Additional information regarding the County's capital assets is contained in Note 6 of the Financial Statements.

CAPITAL ASSETS AND DEBT MANAGEMENT (Continued)

Debt Management

During 2017, the County incurred two new debt obligations. The first addition was the Sheriff's Office entering into a lease purchase agreement for eight new vehicles for \$278,010. The second addition was due to a notification by the Florida Department of Revenue to the Clerk of Court's Office. The Florida Department of Revenue had retained a third party consultant to compute the indirect cost rate for all of the Clerk's Offices throughout the State, for the Child Support Enforcement grant. The Clerk's Office was notified by the Florida Department of Revenue that the indirect cost rate used for the last two fiscal years needed to be reduced. The excess amounted of \$115,838 will be repaid to the Florida Department of Revenue over a period of 42 months.

The County paid off two debts issued in 2013. One of which was the note to purchase ten new ambulances and the other a loan to renovate the Tax Collector and Property Appraiser's office. One other debt that was paid out during the course of 2018, was for purchase of equipment for the Sheriff's dept.

Even though the County had paid off three small notes and only added minimal amounts of new debt obligations, the County's total debt position increased by \$775,513. The Net Pension Liability which is the County's proportionate share of the unfunded liability of the Florida Retirement System increased by \$1,097,427. It is important to note, the County has no control over the plan or the funding level of the plan other than to make the County's annual required contributions.

This section is for informational purposes only: Two of the county's revenue bonds were refinanced in 2016. The first was a refinance of the Hospital Revenue Bond. The bond holder, BB & T stayed the same, however the interest rate of 2.00%, was slightly lower than the previous rate of 2.43%, resulting in a savings of \$431,827 over the life of the bond. The current bond was issued in August, 2016 and will extend over fourteen more years, through March, 2030. This is the third time this bond has been refinanced, originally issued in 2010, refinanced in 2013, and again in 2016. The original use of this bond was for hospital renovations. The revenue from the county half-cent indigent surtax, voted in during 2009, is pledged to secure the bond.

The second bond refinanced in 2016, was the Library Construction, Revenue Series 2006B bond. Originally financed for the purpose of constructing library facilities within the County, this is the first time this bond has been available for refinancing. Previously financed at an interest rate of 4.46%, the refinanced bond now has an interest rate of 1.53%, resulting in a savings of \$72,912 for the County. The current bond was refinanced through BB & T, in August, 2016 and continuing through October, 2022.

The current Gas Tax Revenue Refunding Bond was refinanced in 2015. This is the third refinancing of this bond, which was originally issued in 2003, refinanced in 2013, and again with additional funds of \$6,400,000 in 2015. The current bond holder is Pinnacle Public Finance. The bond was issued to provide for road construction and improvements to roads. The 2015 Gas Tax Revenue Refunding Bond was issued at an interest rate of 2.43%, commencing June, 2015 through April, 2030. For the purpose of historical information: The County began the road improvement projects with the initial Gas Tax Bond issued in 2003, refinanced for better interest rates in 2013, and now for additional funding in 2015. The County Gas Tax and the Constitutional Fuel Tax levied and received pursuant to Article XII, Section 9 (c) of the Florida Constitution and Sections 206.41 and 206.60, Florida Statutes, have been pledged to secure the bond.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES

Gadsden County is Florida's 43rd most populous County, home to 0.2% of Florida's population. The percentage of the labor force 18 and older at the end of 2017 is 48.7%. (Information provided by the Florida Legislature Office of Economic and Demographic Research.) The unemployment rate at September 30, 2017, was 4.3% as compared to the State's percentage of 3.8%.

Gadsden County continues to be designated as a fiscally constrained County in the State of Florida and is included in the Governor's designated Northwest Florida Rural Area of Opportunity.

Gadsden County millage rate for the 2018 budget was adopted at 8.9064 mills, which is .72% more than the rolled back rate of 8.8425 mills from the 2017 budget. The total adopted budget of \$48,167,164 is a decrease over 2017's budget in the amount of \$367,911. During the current fiscal year, the County appropriated \$1,351,659 out of \$4,588,838 in available fund balance in the General Fund for spending in fiscal year 2018. With aging infrastructure, it is necessary to replace equipment, resurface and pave roads, and repair buildings while providing a continuation of normal services to citizens.

From a 2018 Real Estate perspective, the heaviest activity of qualified single-family residence and undeveloped land sales is still occurring in the eastern portion of the county. Property values for the 2018 year are declining slightly in the western portion of the county, stagnant in the middle, and increasing slightly in the eastern portion.

We are seeing increased activity and prices in the commercial office park located at the I-10 and U.S. 90 interchange and the waterfront areas of Lake Talquin, Lake Tallavana, and Lake Yvette. Agricultural properties have remained steady in price, but we are seeing some new development and subdivision of some of those areas for conversion to residential use.

MANAGEMENT'S DISCUSSION AND ANALYSIS

(Concluded)

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET AND RATES (Concluded)

While it is still early in the year, it appears that Ad Valorem taxes from real estate will increase slightly. The depreciation of existing improvements is negating much of the effect of new construction activity. Tax returns for Tangible Personal Property are currently being filed at this time and our estimate is that their taxable values will be less than last year's reported values, because of asset depreciation and the lack of any significant expansion or large equipment purchases.

To summarize, we believe that taxable values for 2018 will remain close to last year's values and any increase or decrease will be minimal.

GADSDEN COUNTY, FLORIDA
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES TO THE STATEMENT OF ACTIVITIES
GOVERNMENTAL FUNDS
FOR THE YEAR ENDED SEPTEMBER 30, 2017

Net Change in Fund Balances - Total Governmental Funds \$ (760,601)

**Amounts Reported for Governmental Activities in the Statement of
Activities are Different Because:**

Capital outlays are reported in governmental funds as expenditures.
However, in the statement of activities, the cost of those activities
is allocated over their estimated useful lives as depreciation expense:

Expenditures for Capital Outlays	\$ 6,827,289	
Contributions and (Loss)/Gain on Disposal	(66,963)	
(Current Year Depreciation)	<u>(5,809,062)</u>	951,264

Repayment of long-term debt principal is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.		1,734,359
--	--	-----------

The issuance of long-term debt provides current financial resources to governmental funds, while it has no effect on the statement of activities.		(278,010)
---	--	-----------

Certain pension related amounts are being deferred and amortized over
a period of years or are being deferred as contributions to the pension
plans made after the measurement date:

Deferred Inflows Related to Pensions	1,246,050	
Deferred Outflows Related to Pensions	<u>(797,992)</u>	448,058

Some expenses in the statement of activities do not require the use
of current financial resources and, therefore, are not reported as
expenditures in the governmental funds:

Compensated Absences	86,985	
Other Postemployment Benefits	(56,800)	
Landfill Postclosure Costs	12,030	
Due to Other Governments - Clerk	(113,289)	
Net Pension Liability	<u>(2,161,788)</u>	(2,232,862)

Revenues in the statement of activities that do not provide
current financial resources are not reported as revenues
in the governmental funds.

GADSDEN COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS
SEPTEMBER 30, 2017

Note 1 - Reporting Entity

Gadsden County, Florida, (the County) is a political subdivision of the State of Florida and provides services to its residents in many areas including general government, public safety, physical environment, transportation, economic environment, human services, and culture and recreation. It is governed by a five-member elected Board of County Commissioners (the Board), which derives its authority by Florida Statutes and regulations. In addition to the members of the Board, there are five Constitutional Officers: the Clerk of the Circuit Court (Clerk), Tax Collector, Sheriff, Property Appraiser, and Supervisor of Elections. The Constitutional Officers, with the exception of the Supervisor of Elections, maintain separate accounting records and budgets.

The accompanying financial statements include the operations of the Board and the Constitutional Officers. In addition, each Constitutional Officer has separately issued financial statements.

The Board funds a portion, or in certain instances, all of the operating budgets of the County's Constitutional Officers. Florida Statutes require the applicable budget excess of the Constitutional Officers to be remitted back to the Board at the close of the fiscal year.

The accompanying financial statements present the primary government, and its component units, for which the primary government is considered to be financially accountable. Also included are other entities whose exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Each potential component unit is individually evaluated using specific criteria to determine whether the entity is: (a) part of the primary government; (b) a component unit which should be included in the reporting entity (blended or discretely presented); or (c) an organization which should be excluded from the reporting entity entirely. The principal criteria for classifying a potential component unit include the legal separateness of the organization, the financial accountability of the primary government for the potential component unit resulting from either the primary government's ability to impose its will on the potential component unit, or the potential component unit's fiscal dependency on the primary government. Based upon the application of these criteria, the following is a brief review of each potential component unit addressed in defining the reporting entity:

- **Gadsden County Hospital (the Hospital)**—The Hospital was created pursuant to Chapter 24534, *Laws of Florida 1947*. In evaluating this potential component unit, it was determined that the Hospital is not a separate legal entity as it generally cannot transact business in its own name and, therefore, should be included as part of the primary government for reporting purposes. The Hospital does not function as an operating hospital, but provides the facilities and the maintenance and repair of such facilities for a provider who contracts with the County to operate the Hospital. The assets, liabilities, and results of operations of the Hospital are presented in the financial statements of the County as a nonmajor special revenue fund.
- **Gadsden County Industrial Development Authority (the Development Authority)**—The Development Authority was created by resolution of the Board pursuant to Chapter 159, Part III, Florida Statutes. The Development Authority members are appointed by the Board; however, the Board's accountability for the Development Authority does not extend beyond making the appointments. Accordingly, the Development Authority is considered to be a related organization only, and is not included in the financial reporting entity.

Note 1 - Reporting Entity (Concluded)

- **Quincy-Gadsden Airport Authority (the Airport Authority)**—The Airport Authority was created by Chapter 88-439, *Laws of Florida*. The Authority is composed of five members. Two members are appointed by the City of Quincy, Florida, two members are appointed by the Board, and one member is appointed by these four members. The Airport Authority is a local unit of special purpose government and is not considered a component unit of the County and is not included in the financial reporting entity.
- **Gadsden County Enterprise Zone Development Agency (the Agency)**—The Agency was created by ordinance of the Board pursuant to Chapter 290, Florida Statutes, to carry out economic development and redevelopment activities. The Agency Board members are appointed by the Board and the Board retains various powers including approving expenditures, borrowing funds, investing funds, and approving assistance to businesses within the enterprise zone. Accordingly, the activities of the Agency are included as a blended component unit in the County's financial statements. The Agency did not have any activity in fiscal year 2017.
- **Gadsden Hospital, Inc.**—The Gadsden Hospital, Inc. is a not-for-profit corporation established to assist with the operation of the Hospital and other health care facilities in Gadsden County. The Gadsden Hospital, Inc. members are appointed by the Board and the Board approves its funding and operations. Accordingly, the activities of Gadsden Hospital, Inc. have been included as a blended component unit in the County's financial statements, and has been included as a special revenue fund in the accompanying financial statements.

Note 2 - Summary of Significant Accounting Policies

The accounting policies of the County conform to generally accepted accounting principles as applicable to governments. The following is a summary of the more significant policies:

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which are normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment; and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment.

Taxes and other items not properly included among program revenues are reported instead as general revenues.

Government-wide and Fund Financial Statements (Concluded)

Separate financial statements are provided for governmental funds and fiduciary funds, even though the latter is excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements.

The County reports the following major governmental funds:

- **General Fund**—The General Fund is the County’s primary operating fund. It accounts for all resources traditionally associated with governments except those required to be accounted for in another fund.
- **County Transportation**—The County Transportation fund accounts for the operation of the Public Works Department of the County. Funding is provided principally from gas taxes and other charges for services.
- **SHIP (State Housing Initiative Program)**—The SHIP or State Housing Initiative Program is funded by the state through the Florida Housing Finance office. The program provides very low, or low to moderate income families with assistance to buy a home or rehabilitate a home as well as other types of homeowner assistance.
- **Indigent Surtax Fund**—The Gadsden County Board of Commissioners levied a one-half percent Indigent Care Sales Surtax as the result of voter approval of Gadsden County Ordinance 08-025. The surtax is used to provide health care services to eligible participants, Gadsden County Health Department and Gadsden County Health Council, as well as Capital Regional Medical Center, the company operating the Gadsden Community Hospital. A portion of the proceeds are pledged to service the bond indebtedness incurred to finance the reconstruction of the County Hospital.
- **Capital Projects Public Works**—The Capital Project Public Works fund was set up to provide funds for road building and resurfacing projects and to track those funds separate from operating expenses, which is the source of revenue for this fund.

The County also reports two types of fiduciary funds: agency funds, which are used to account for the collection and disbursement of monies by the County on behalf of other governments and individuals, and a private purpose trust fund to account for the Gadsden County Hospital Trust.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows.

Governmental fund financial statements are reported using *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within thirty days of the end of the current fiscal period and ninety days for grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and other postemployment benefits are recorded only when payment is due.

Note 2 - Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting

The County follows the procedures provided by Florida Statutes in establishing final budget balances reported on the financial statements.

- Budgets are generally prepared for the governmental funds on a basis consistent with generally accepted accounting principles.
- Budgets are prepared, public hearings are held, and original budgets are adopted annually for all governmental funds in accordance with procedures and time intervals prescribed by law.
- Appropriations lapse at year-end to the extent that they have not been expended. Budget appropriations may not be legally exceeded on a fund basis.

The County-wide General Fund is comprised of the following six sub-funds: Board of County Commissioners, Clerk of the Circuit Court, Property Appraiser, Sheriff, Supervisor of Elections, and Tax Collector. In order to comply with the generally accepted accounting principles, the actual intrafund activity has been consolidated in order to eliminate inflated amounts in the aggregate financial statements of the County-wide General Fund.

Investments

Investments are stated at fair value. Investment fair values are based on quoted market prices. Investments in Florida PRIME, which is an external 2a-7-like investment pool, is stated at share price which is substantially the same as fair value.

Receivables

Receivables are shown at their net realizable value and reduced by an allowance for uncollectible accounts.

Due from (to) Other Funds

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from other funds.”

Prepaid Items

Certain payments to vendors are made in advance of the accounting period to which the cost related. These payments are reported under the allocation method, i.e., an asset is established at the date of the payment and subsequently amortized over the account periods that are expected to benefit from the initial payment. The prepaid balances reported on the governmental funds balance sheet are offset by a nonspendable fund balance classification, which indicates these balances do not constitute “available spendable resources.”

Inventories

Inventories shown in the General Fund consist of fuel and office supplies valued at cost. General Fund inventory is recorded under the consumption method. Inventories shown in the County transportation fund consists predominately of repair parts and are valued at cost. On the governmental fund balance sheet, the inventory balance are offset by a nonspendable fund balance classification which indicates these balances do not constitute “available spendable resources” even though it is a component of net current assets. The costs of governmental fund type inventories are recorded as expenditure when consumed; therefore, the inventory is not available for appropriation.

Capital Assets

Capital assets, which include property, equipment, and infrastructure assets (e.g., roads, right-of-ways, stormwater systems, sidewalks, and similar items), are reported in the government-wide financial statements. Capital assets are defined by the County as assets with an initial, individual cost of more than \$1,000 and an estimated useful life in excess of one year. Land and buildings acquired prior to October 1, 1980, were recorded at the values stated on the 1979 Gadsden County Property Appraiser's assessment roll. Acquisitions of land and buildings since October 1, 1980, have been recorded at cost. Roads, bridges, and other infrastructure assets constructed prior to October 1, 2002, are reported at estimated historical cost. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are expensed as incurred.

Capital assets are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings	50
Improvements Other than Buildings	50
Machinery and Equipment	5-20
Infrastructure	15-25

Major outlays for capital assets and improvements are capitalized as projects are constructed. For assets constructed with governmental fund resources, interest during construction is not capitalized.

Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the governmental activities statement of net position.

Deferred Inflows/Outflows of Resources

Deferred inflows of resources reported on applicable governmental fund types represent revenues which are measureable but not available in accordance with the modified accrual basis of accounting. The deferred inflows will be recognized as revenue in the fiscal year they are earned or become available. Deferred outflows of resources represent consumption of net position that is applicable to a future reporting period. Deferred outflows have a positive effect on net position, similar to assets.

Pension Related—Pension Related Deferred Inflows and Outflows represent the difference between expected and actual experience with regard to economic or demographic factors and changes to assumptions in the measurement of total pension liability, and the differences between expected and actual earnings on pension plan investments, and changes in the County's proportionate share of pension contributions. These amounts are reported as deferred inflows or outflows of resources, to be recognized in expense over time. Also included in deferred outflows are amounts contributed to the pension plans subsequent to the measurement date. See Note 9 for more information on Pension Related Deferred Inflows and Outflows.

Note 2 - Summary of Significant Accounting Policies (Continued)

Deferred Inflows/Outflows of Resources (Concluded)

Unavailable Revenues—Unavailable revenues are revenues which are measureable, but not available because they have not been received within the County's period of availability. These revenues are deferred and recorded as deferred outflows of resources in governmental funds financial statements.

Compensated Absences

Upon retirement or resignation, employees may be paid a cash benefit equal to the number of vacation hours accrued up to a maximum amount, based upon the employee's current wage rate. Upon retirement or resignation in good standing, employees are paid a portion of accumulated sick leave. The portion is payable at various percentages depending on years of service and the governmental office in which the employee worked.

Postemployment Benefits Other than Pension Benefits (OPEB)

The County participates and administers a single-employer plan under which qualified retired employees are permitted to participate in the health, dental, vision, and life insurance benefits program. Additional information on the County's OPEB liability can be found in Note 14.

Property Taxes

Under Florida law, the assessment of all properties and the collection of all County municipal and school board property taxes are consolidated in the offices of the Property Appraiser and Tax Collector. The laws of the state regulating tax assessment are also designed to assure a consistent property valuation method state-wide. Florida Statutes permit counties to levy property taxes at a rate of up to 10 mills for general operations.

The tax levy of the County is established by the Board prior to October 1, of each year and the Property Appraiser incorporates the County millages into the total tax levy, which includes the various municipalities, the County School Board, and other taxing authorities.

All property is assessed according to its fair market value January 1, of each year. Each assessment roll is submitted to the Executive Director of the Florida Department of Revenue for review to determine if the rolls meet all of the appropriate requirements of Florida Statutes.

All taxes become payable on November 1 of each year, or as soon thereafter as the assessment roll is certified and delivered to the Tax Collector. All unpaid taxes become delinquent on April 1 following the year in which they are assessed. Discounts are allowed for early payment at the rate of 4% in the month of November, 3% in the month of December, 2% in the month of January, and 1% in the month of February. Taxes paid in March are without discount.

On or prior to June 1, following the tax year, tax certificates are sold for all delinquent taxes on real property. After sale, tax certificates bear interest of 18% per year or at any lower rate bid by the buyer. Application for a tax deed on any unredeemed tax certificates may be made by the certificate holder after a period of two years. Unsold tax certificates are held by the County.

Note 2 - Summary of Significant Accounting Policies (Continued)

Fund Balance

Fund balance is reported in five components – nonspendable, restricted, committed, assigned, and unassigned:

- **Nonspendable**—This component of fund balance consists of amounts that cannot be spent because: (a) they are not expected to be converted to cash; or (b) they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund.
- **Restricted**—This component of fund balance consists of amounts that are constrained either: (a) externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments); or (b) by law through constitutional provisions or enabling legislation.
- **Committed**—This component of fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (e.g., ordinance) of the organization’s governing authority (the Board). These committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (e.g., ordinance) employed to constrain those amounts.
- **Assigned**—This component of fund balance consists of amounts that are constrained by a less-than-formal action of the organization’s governing authority, or by an individual or body to whom the governing authority has delegated this responsibility. In addition, residual balances in capital projects and debt service funds are considered assigned for the general purpose of the respective fund.
- **Unassigned**—This classification is used for: (a) negative unrestricted fund balances in any governmental fund; or (b) fund balances within the General Fund that are not restricted, committed, or assigned.
- **Flow Assumption**—When both restricted and unrestricted resources are available for use, it is the Board’s policy to use restricted resources first, then unrestricted resources (committed, assigned, and unassigned) as they are needed. When unrestricted resources (committed, assigned, and unassigned) are available for use in any governmental fund, it is the Board’s policy to use committed resources first, then assigned, and then unassigned as needed.

Adoption of New Accounting Standards

During fiscal year 2016-17, the County implemented GASB Statement No. 77, *Tax Abatement Disclosure*. This Statement requires disclosures to be made about the County’s own tax abatement agreements as well as any tax abatement agreements entered into by other governments that may reduce the County’s tax revenues. Types of information required to be disclosed under this Standard include brief descriptive information about the taxes being abated, the authority under which the tax abatements are provided, the gross dollar amount of taxes abated during the period, any commitments made by the County as part of a tax abatement agreement, and the names of any other governments that entered into tax abatement agreements that reduce the County’s tax revenues.

Future GASB Pronouncement Implementations

GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, replaces the requirements of Statements No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, as amended, and No. 57, *OPEB Measurements by Agent Employers and Agent Multi-Employer Plans*, for OPEB. This Statement establishes new accounting and financial reporting requirements for governments whose employees are provided with OPEB, including the recognition and measurement of liabilities, deferred outflows or resources, deferred inflows of resources, and expenses. For each qualifying plan providing postemployment benefits other than pensions, employers are required to report the difference between the actuarial OPEB liability and the related plan's fiduciary net position as the net OPEB liability on the statement of net position. Previously, a liability was recognized only to the extent that contributions made to each plan were exceeded by the actuarially calculated contributions for those plans. Additionally, Statement No. 75 sets forth note disclosure and required supplementary disclosure requirements for defined contribution OPEB. The County is currently evaluating the impact that adoption of this statement will have on its financial statements. This statement is effective in fiscal year 2018.

Note 3 - Cash and Investments

The County maintains its investments in two separate areas: those which support the County's public purpose and programs of the County, and the Hospital Endowment Trust Fund, for which funds are held in trust for the benefit of the County and the Hospital.

Public Purpose

As of September 30, 2017, the County's public purpose programs had the following in cash and investments:

	<u>Carrying Amount</u>
Cash on Hand	\$ 3,385
Deposits in Qualified Public Depositories	9,504,422
Money Market	2,026,492
SBA Florida PRIME	<u>4,985,999</u>
Total Cash and Investments	<u>\$ 16,520,298</u>

Credit Risk—Public Purpose Funds

In accordance with Florida Statutes, Section 218.415(1-16), the County adopted a written investment policy on October 1, 1995. The policy includes the objectives of safety, liquidity, and investment income, in order of priority. Authorized investments included in the policy are:

1. The Florida PRIME (formerly the Local Government Surplus Trust Funds Investment Pool) administered by the State Board of Administration.

Credit Risk—Public Purpose Funds (Continued)

2. Negotiable direct obligations of, or obligations of the principal and interest of which are unconditionally guaranteed by the United States Government, which include, but are not limited to: treasury bills, treasury notes, treasury bonds, and treasury strips.
3. Bonds, debentures, notes or other evidence of indebtedness, issued or guaranteed by United States agencies provided such obligations are backed by the full faith and credit of the United States Government, which include, but are not limited to: Farmers Home Administration, Federal Financing Bank, Federal Housing Administration Debentures, and Government National Mortgage Association.
4. Bonds, debentures, notes or other evidence of indebtedness, issued or guaranteed by United States government agencies (federal instrumentalities), which are not full-faith and credit agencies limited to the following: Federal Farm Credit Bank, Federal Home Land Bank or its district banks, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, and Student Loan Marketing Association.
5. Nonnegotiable interest-bearing time certificates of deposit, money market accounts, or savings accounts in banks/savings and loan associations organized under the laws of the United States.
6. Repurchase agreements (for purchase and subsequent sale) for any of the investments authorized above in items 3 and 4.

Florida PRIME is administered by the Florida State Board of Administration (SBA). Florida PRIME is an external investment pool that is not a registrant with the Securities and Exchange Commission (SEC); however, the SBA has adopted operating procedures consistent with the requirements for a SEC Rule 2a-7 fund. Florida PRIME is governed by Chapter 19-7 of the Florida Administrative Code, which identifies the Rules of the SBA. These rules provide guidance and establish the general operating procedures for the administration of Florida PRIME.

Additionally, the State of Florida, Office of the Auditor General performs the operational audit of the activities and investments of the SBA. The County's fair value of their position in Florida PRIME approximates their value of the pool shares. Investments in Florida PRIME are not evidenced by securities that exist in physical or book entry form. The current rating for the Florida PRIME is AAAM by Standards & Poor's.

The SBA's interpretation of GASB 79 is that the Florida PRIME investment pool currently meets all necessary criteria to measure its investments at amortized cost. Therefore, as a participant in the SBA's Florida PRIME investment pool, the County's investments in Florida PRIME were also measured at amortized cost for fiscal year 2016-17. There were no limitations or restrictions on participant withdrawals including items such as redemption notices, maximum transaction amounts, and the pool's authority to impose liquidity fees or redemption gates.

The treasury notes are triple A-rated by a nationally recognized statistical rating organization. The agency securities are not fully rated.

Custodial Credit Risk—Public Purpose Funds

Custodial credit risk is the risk that, in the event of a bank failure, or the failure of the counterparty, the government's deposits may not be returned to it, or the government may not be able to recover the value of its investments that are in the possession of an outside party.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The County's deposits in these qualified depositories are considered fully insured or collateralized. Bank and money market balances at September 30, 2017, were \$12,293,012.

Interest Rate Risk—Public Purpose Funds

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The County limits interest rate risk for the repurchase agreement by utilizing an overnight sweep agreement to invest excess cash balances. The weighted-average investment maturity for Florida PRIME is thirty-eight days.

Hospital Endowment Trust Fund

Credit Risk—Hospital Endowment Trust Fund

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligation. Investing activities for the Hospital Endowment Trust Fund are performed strictly by the members of the Trust committee. The County has no involvement in the investment decisions, and there are no written procedures outlining investing policies.

The U.S. Treasury Bonds and Notes, and the U.S. Government Agency holdings of the Hospital Endowment Trust Fund are triple A-rated by a nationally recognized statistical rating organization.

Custodial Credit Risk—Hospital Endowment Trust Fund

Custodial credit risk is the risk that, in the event of the failure of the counterparty, the government may not be able to recover the value of its investments that are in the possession of the outside party. Custody of the Hospital Endowment Trust Fund's investments is maintained in the County's name by Capital City Trust Company, the fiduciary of the account.

Concentration of Credit Risk—Hospital Endowment Trust Fund

Concentration of credit risk is the risk of loss attributed to the investments of the Hospital Endowment Trust Fund in any one issuer that represents 5% or more of the total investment. There were no individual investments that represented more than 5% of the investment balance.

Interest Rate Risk—Hospital Endowment Trust Fund

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Hospital Endowment Trust Fund includes the following investments on a time-segmented basis:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Less Than One Year</u>	<u>1-5 Years</u>
Corporate Bonds	\$ 606,974	\$ 201,826	\$ 405,148
Mutual Funds - Fixed	3,480,166	1,588,149	1,892,017

Total	<u>\$ 8,582,555</u>	<u>\$ 6,285,390</u>	<u>\$ 2,297,165</u>

Fair Value Measurements

Fair value measurements assume a transaction takes place in a government's principal market, or a government's most advantageous market in the absence of a principal market. The fair value also should be measured assuming that general market participants would act in their economic best interest.

The fair value hierarchy categorizes the inputs to valuation techniques used to measure fair value into three levels:

- **Level 1 Inputs**—are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

Note 3 - Cash and Investments (Concluded)

Fair Value Measurements (Concluded)

- **Level 2 Inputs**—are inputs other than quoted prices included within Level 1 that are observable for an asset or liability, either directly or indirectly.
- **Level 3 Inputs**—are unobservable inputs for an asset or liability. The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs.

Fair value measurements for the Hospital Endowment Trust are as follows at September 30, 2017:

Investments by Fair Value Level	Amount	Fair Value Measurements Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)

Note 9 - Employee Retirement Plan

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the County are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the County are as follows:

- *Regular Class*—Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officer Class*—Members who hold specified elective offices in local government.
- *Senior Management Service Class (SMSC)*—Members in senior management level positions.
- *Special Risk Class*—Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned.

Service on and after October 1, 1974	3.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the County's 2016-17 fiscal year were as follows:

Class	Year Ended June 30, 2017		Year Ended June 30, 2018	
	Percent of Gross Salary		Percent of Gross Salary	
	Employee	Employer (2)	Employee	Employer (2)
FRS, Regular	3.00	5.80	3.00	6.20

FRS, Reemployment Retiree	(1)	(1)	(1)	(1)

Notes: (1) Contribution rates are dependent upon retirement class in which reemployed.
(2) These rates include the normal cost and unfunded actuarial liability contributions but do not include the contribution for Retiree Health Insurance Subsidy of 1.66% and the fee of 0.06% for administration of the FRS Investment Plan and provision of education tools for both plans.

Note 9 - Employee Retirement Plan (Continued)

FRS Pension Plan (Continued)

Contributions. (Concluded)

The County's contributions (employer) to the FRS Plan totaled \$1,630,549 for the fiscal year ended September 30, 2017. This excludes the HIS defined benefit pension plan contributions.

Pension Liabilities and Pension Expense. At September 30, 2017, the County reported a liability of \$18,510,720 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The County's proportionate share of the net pension liability was based on the County's 2015-16 fiscal year contributions of all participating members. At June 30, 2017, the County's proportion was .062579916%, which was a decrease of .0357153 from its proportion measured as of June 30, 2016.

For the year ended September 30, 2017, the County recognized pension expense of \$3,226,422 related to the Plan.

Actuarial Assumptions. The total pension liability in the July 1, 2017 actuarial valuation, was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.60%
Salary Increases	3.25% Average, Including Inflation
Investment Rate of Return	7.10% Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the Generational RP-2000 with Projection Scale BB, with adjustments for mortality improvements based on Scale AA.

The actuarial assumptions used in the July 1, 2017 valuation, were based on the results of an actuarial experience study for the period July 1, 2008, through June 30, 2013.

The long-term expected rate of return on pension plan investments was not based on historical returns, but instead is based on a forward-looking capital market economic model. The allocation policy's description of each asset class was used to map the target allocation to the asset classes shown below. Each asset class assumption is based on a consistent set of underlying assumptions, and includes an adjustment for the inflation assumption. The target allocation and best estimates of arithmetic and geometric real rates of return for each major asset class are summarized in the following table:

Discount Rate. The discount rate used to measure the total pension liability was 7.10%. The Plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total pension liability is equal to the long-term expected rate of return. The discount rate was 7.60% in the July 1, 2016 valuation.

Sensitivity of the County's Proportionate Share of the Net Position Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.10%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.10%) or 1-percentage-point higher (8.10%) than the current rate:

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the Plan fiscal years ended June 30, 2017 and 2016, the contribution rate was 1.66% of payroll, pursuant to Section 112.363, Florida Statutes. The County contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The County's contributions to the HIS Plan totaled \$217,059 for the fiscal year ended September 30, 2017.

Pension Liabilities and Pension Expense. At September 30, 2017, the County reported a net pension liability of \$4,412,678 for its proportionate share of the HIS Plan's net pension liability. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The County's proportionate share of the net pension liability was based on the County's 2016-2017 fiscal year contributions relative to the total 2016-2017 fiscal year contributions of all participating members. At June 30, 2017, the County's proportionate share was .041269053%, which was a decrease of .0005166590 from its proportionate share measured as of June 30, 2016.

For the fiscal year ended September 30, 2017, the County recognized pension expense of \$334,917 related to the HIS Plan.

HIS Pension Plan (Concluded)

Actuarial Assumptions. The total pension liability for the HIS Pension Plan was determined by an actuarial valuation as of July 1, 2016, and recalculated as of June 30, 2017, using a standard actuarial roll-forward technique. The following actuarial assumptions, applied to all periods included in the measurement, were used to determine the total pension liability:

Inflation	2.60%
Salary Increases	3.25% Average, Including Inflation
Investment Rate of Return	3.58% Net of Pension Plan Investment Expense, Including Inflation

Mortality rates were based on the Generational RP-2000 with Projected Scale BB.

The actuarial assumptions used to determine the total pension liability as of June 30, 2017, were based on certain results of an actuarial experience study of the FRS for the period July 1, 2008, through June 30, 2013.

Discount Rate. The discount rate used to measure the total pension liability was 3.58%. In general, the discount rate for calculating the total pension liability is equal to the single rate equivalent to discounting at the long-term expected rate of return for benefit payments prior to the projected depletion date. Because the HIS benefit is essentially funded on a pay-as-you-go basis, the depletion date is considered to be immediate, and the single equivalent discount rate is equal to the municipal bond rate selected by the HIS Plan sponsor. The Bond Buyer General Obligation 20-Bond Municipal Bond Index was adopted as the applicable municipal bond index.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate. The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 3.58%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.58%) or 1-percentage-point higher (4.58%) than the current rate:

	1% Decrease (2.58%)	Current Discount Rate (3.58%)	1% Increase (4.58%)
County's Proportionate Share of the Net Pension Liability	\$ 5,035,449	\$ 4,412,678	\$ 3,893,943

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

Pension Expense

For the year ended September 30, 2017, the County recognized pension expense from the defined benefit pension plans as follows:

	<u>FRS</u>	<u>HIS</u>	<u>Total</u>
Board of County Commissioners,			
Supervisor of Elections, Property			
Appraiser	\$ 1,669,776	\$ 193,395	\$ 1,863,171

Total Pension Expense	<u><u>\$ 3,226,422</u></u>	<u><u>\$ 334,917</u></u>	<u><u>\$ 3,561,339</u></u>

There were certain changes in assumptions from the previous valuation related to the two plans described above. The assumption changes include the following:

- **FRS**—In the July 1, 2017 actuarial valuation, the discount rate used to determine total pension liability decreased from 7.60% to 7.10%.
- **HIS**—In the July 1, 2017 actuarial valuation, the municipal rate used to determine total pension liability increased from 2.85% to 3.58%.

FRS – Defined Contribution Pension Plan

The County contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined-benefit plan. County employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment member's accounts (employer and employee) during the 2016-2017 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30
FRS, Elected County Officers	11.34
FRS, Senior Management Service	7.67
FRS, Special Risk Regular	14.00

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the County.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The County's Investment Plan pension expense totaled \$218,964 for the fiscal year ended September 30, 2017.

Note 10 - Risk Management

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and the public, or damage to property of others. The County obtained commercial insurance against losses for the following types of risk:

- Real and Personal Property Damage
- Public Employees' Bond
- Workers' Compensation
- Automobile Liability

Note 10 - Risk Management (Concluded)

The County participates in the Florida Association of Counties Trust (FACT), a public entity risk pool for risks related to comprehensive general liability. The agreement provides that the financial liability of each participating county is limited to premiums and surplus contributions paid or obligations made to FACT. Aggregate coverage provided is limited to \$1,000,000 for each claim.

Note 11 - Hospital Endowment Trust Fund

On July 7, 1952, a trust was established with Quincy State Bank (now Capital City Bank) as trustee to accept gifts and bequests for the benefit of the Hospital. The corpus of the trust is unavailable for use except in an emergency, and then only upon the approval of the parties to the trust agreement and the Circuit Court of the County. The trust is accounted for as a private purpose trust fund in the fiduciary fund financial statements.

Note 12 - Landfill Postclosure Costs

The Board has obtained engineering estimates of future costs to monitor the landfill sites as required by U.S. Environmental Protection Agency regulations. A long-term liability for accrued landfill postclosure costs at September 30, 2017, has been recorded in the statement of net position representing the Board's estimated liabilities for such costs. In addition, the Board has established a landfill escrow account to accumulate funds for monitoring the final closure of the landfills. The County does not presently own or operate any open sanitary landfill sites.

Note 13 - Commitments and Contingencies

Litigation

The County is contingently liable with respect to various lawsuits and other claims incidental to the ordinary course of its operations. In the opinion of the County's management, the ultimate disposition of these lawsuits and claims will not have a material adverse effect on the financial position of the County.

Hospital Lease

Pursuant to the County's agreement to lease the Hospital facility to a third party operator, the County has agreed to provide an amount up to \$460,000 from the proceeds of the one-half cent sales surtax for health care not otherwise committed to repayment of the County's Sales Tax Revenue Refunding Bonds, Series 2013 to the operator. Those funds are to be used for the benefit of the Hospital and provision of indigent care at the Hospital. This commitment is for the term of the Hospital lease which expires in 2020. Should the one-half cent sales surtax not meet the required \$460,000, then the County would be required to make up the difference from the Hospital Endowment Trust Fund.

Due to Other Governments

During 2017, the Gadsden County Clerk's office was notified by the Florida Department of Revenue (FDOR) that the indirect cost rate used by the Clerk's office in computing reimbursement of child support costs under the Child Support Enforcement grant for the last two fiscal years needed to be reduced. The Clerk was using a provisional indirect cost rate provided

by FDOR during the majority of that time period. The indirect cost rate for each Clerk in the state of Florida is computed by a third party consultant who is retained by FDOR. As a result of the change in the rate, it was determined the Clerk's office received excess reimbursements from FDOR during the fiscal year ending September 30, 2016 and 2017. FDOR computed the excess reimbursement to the Clerk's office to be \$115,838. This amount will be repaid to FDOR over a period of 42 months in the form of credits against future reimbursements. Of the total liability, \$11,618 is considered to be due within one year. This liability has been recorded in the County's government-wide financial statements.

Note 14 - Postemployment Benefits Other than Pension Benefits (OPEB)

Plan Description—The County participates and administers a single-employer plan under which qualified retired employees are permitted to participate in the health, dental, vision, and life insurance benefits program (the Program). A stand-alone financial report is not issued for the Program.

Funding Policy—Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions.

Annual OPEB Cost and Net OPEB Obligations—The County's OPEB obligation is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the guidance provided by GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the County's annual cost, its actuarial contributions, and changes in the County's net OPEB obligation:

Funded Status and Funding Progress—As of the most recently completed actuarial valuation (October 1, 2016), the unfunded actuarial accrued liability for benefits was \$577,400, all of which was unfunded. The County's covered payroll (annual payroll of active employees covered by the plan) was \$10,505,400. The ratio of the County's actuarial accrued liability to the County's covered payroll was 5%.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the health care cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer and new estimates are made about the future.

Actuarial Methods and Assumptions—Projection of benefits for financial reporting purposes are based on the substantive plan (the Plan as understood by the employer and Plan members) and include the types of benefits provided at the time of valuation. The actuarial calculations reflect a long-term perspective and the actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

For the October 1, 2016 actuarial valuation, the entry age normal percentage method was used to determine the Plan's liabilities and costs. The actuarial assumptions included: a 4% rate of return (which includes inflation at 2.75% per annum) based on the estimated long-term investments that are expected to be used to finance the payment of the benefits; initial healthcare cost increase of 7.5% for Pre-Medicare coverage for the fiscal year beginning on October 1, 2016. This rate decreases at a rate of .5% per year until an ultimate rate of 5.0% is reached. Mortality is based on RP-2014 Total Dataset Mortality Adjusted to 2006 with Improvement Scale MP-2017. The unfunded actuarial liability is being amortized with a 2.75% increase over a 30-year open amortization period.

At September 30, 2017, there was a deficit in unrestricted net position of (\$7,497,003). This deficit primarily resulted from the recording of the unfunded pension liabilities related to the Florida Retirement System in accordance with GASB Statement No. 68, *Accounting and Financial Reporting for Pensions*.

Note 16 - Tax Abatements

In March of 2012, the County established a tax abatement program by adopting Ordinance 2012-003, which was later amended by Ordinance 2015-005. These ordinances allow the Board to grant ad valorem tax exemptions for new and expanding businesses within the unincorporated and incorporated area of the County if the businesses meet certain criteria. The ordinance provides for exemption of only those ad valorem taxes levied by the Board of County Commissioners. The authority to grant the tax exemptions under this ordinance expires ten years after it was adopted. For the fiscal year ended September 30, 2017, there were no businesses who had received tax abatements under the program.

*This information was based on a roll-forward of data from the prior valuation.

Analysis of the dollar amounts of actuarial value of assets, actuarial accrued liability, or unfunded actuarial accrued liability in isolation can be misleading. Expressing the actuarial value of assets as a percentage of the actuarial accrued liability provides one indication of the system's funded status on a going concern basis. Analysis of this percentage over time indicates whether the system is becoming financially stronger or weaker. Generally, the greater this percentage, the stronger the plan. The unfunded actuarial accrued liability and annual covered payroll are both affected by inflation. Expressing the unfunded actuarial accrued liability as a percentage of covered payroll approximately adjusts for the effects of inflation and aids analysis of the progress being made in accumulating sufficient assets to pay benefits when due. Generally, the smaller this percentage, the stronger the plan.

The actuarial assumptions were changed with the October 1, 2010, valuation. The medical trend assumption has been updated to 10% for the fiscal year beginning on October 1, 2011, graded down 0.5% per year to 5.0%. Retirement and termination rates have been updated to reflect the most recently available July 1, 2010 Florida Retirement System pension valuation assumption for General Employees and Special Risk Employees. Disability rates for active employees have not been applied because no material liability is believed to exist. The mortality table used for the valuation was updated from the RP-2000 Combined Mortality Table to the Full-Generational RP-2000 Combined Mortality Table using Scale AA, sex-distinct. The amortization period for the liability was changed from twenty years to thirty years. The participation rates assume that 60% of eligible retirees will elect coverage into retirement and that 15% of eligible retirees will cover a spouse into retirement. The prior valuation assumed that 100% of eligible retirees would elect to continue medical coverage and that 80% of males and 60% of females covered a spouse into retirement. The retiree and spouse participation assumption change accounted for the vast majority of liability and cost decrease in this valuation as compared to the last valuation prepared by the prior actuary. The cumulative effect of these changes decreased the Actuarial Accrued Liability by approximately \$1,961,000.

Certain actuarial assumptions were changed with the October 1, 2014 valuation. The medical trend rate has been set to start at a 20.87% rate increase for 2014/15 to be in line with actual premium increases. The trend will continue with an 8% increase for 2015/16 with a decrease of 0.5% per year until a rate of 5% is reached. The claim costs have been updated to reflect the most recent premium rates. The mortality table has been updated to the RP-2014 Mortality Tables with Generational Improvement Scale MP-2014. The retirement tables have been updated to be consistent with the July 1, 2014 FRS Pension Plan valuation. Since recent experience shows that participant coverage election at retirement is significantly lower than 60%, the election percentage has been reduced to 50% and will be monitored going forward.

CHAPTER 10.550, RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA**

The Honorable Board of County Commissioners and
Constitutional Officers
Gadsden County, Florida

Report on Compliance for Each Major Federal Award Program and State Project

We have audited the compliance of Gadsden County, Florida, (the County) with the types of compliance requirements described in the OMB *Compliance Supplement* and the requirements described in the State of Florida, Department of Financial Services' *State Projects Compliance Supplement*, which could have a direct and material effect on the County's major federal award programs and state projects for the year ended September 30, 2017. The County's major federal award programs and state projects are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal award programs and state projects.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal award programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General* of the State of Florida. Those standards, the Uniform Guidance, and Chapter 10.550, *Rules of the Auditor General* of the State of Florida, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal award program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal award program and state project. However, our audit does not provide a legal determination of the County's compliance.

FEDERAL AWARD PROGRAM AND STATE PROJECT AND ON INTERNAL
CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND
CHAPTER 10.550, RULES OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA
(Continued)**

Opinion on Each Major Federal Award Program and State Project

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal award programs and state projects for the year ended September 30, 2017.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance, which are required to be reported in accordance with Chapter 10.550, *Rules of the Auditor General*, and which is described in the accompanying schedule of findings and questioned costs as State Project Finding Nos. 2017-01, 2017-02, and 2017-03. Our opinion on each major state project is not modified with respect to this matter.

The County's response to the noncompliance findings identified in our audit is included as management's response. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for the major state projects and to test and report on internal control over compliance in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we identified certain deficiencies in internal control over compliance as described in the accompanying schedule of findings and questioned costs as State Project Finding Nos. 2017-01, 2017-02, and 2017-03 that we consider to be significant deficiencies.

Report on Internal Control Over Compliance (Concluded)

The County's response to the internal control over compliance findings identified in our audit is included as management's response. The County's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on it.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.

This report is intended solely for the information and use of the County's management, Board of County Commissioners, Constitutional Officers, and federal and state awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

State Project Finding Number 2017-01

State Agency:	Florida Housing Finance Corporation
CSFA Number:	40.901
Program Title:	State Housing Initiative Partnership Program (SHIP)
Compliance Requirement:	Allowable Costs
Finding Type:	Noncompliance and Significant Deficiency
Questioned Costs:	\$44,400

During our review of SHIP participant files, we noted that one SHIP participant did not meet the income eligibility guidelines based on the Local Housing Assistance Plan (LHAP) that had been adopted by Gadsden County. The participant's income exceeded the income categories that were eligible to be served in the County's LHAP. This SHIP participant was also an employee of Gadsden County. The County did not have a written conflict of interest policy regarding whether or not employees are eligible to participate in the SHIP program. We recommend a review of all participant files be performed to determine proper eligibility under the SHIP program. We also recommend the County adopt a conflict of interest policy which addresses whether County employees are eligible to participate in the SHIP program.

Finding Type:	Noncompliance and Significant Deficiency
Questioned Costs:	None

During our review of contracts related to the SHIP program, we noted the contract for rehabilitation services was not awarded to the lowest bidder in two instances. There was no written documentation in the participant files to explain the reason the low bidder was not selected. Upon our inquiry, County personnel noted the reason in one instance was due to the low bidder not attending the pre-bid walk through. The reason given in the second instance was due to work overload and the timing of the work. We recommend that anytime the low bidder is not selected, that the reason for not selecting the low bidder be clearly documented in the SHIP files.

During our review of the annual reports submitted to the Florida Housing Finance Corporation in September of 2017, we noted the amounts reported in the annual reports did not agree to the County's financial records contained in the accounting system for the years 2014-2015, 2015-2016, and 2016-2017. We recommend the differences be investigated and resolved, and the annual reports be corrected and re-submitted, if necessary.

Summary Schedule of Prior Audit Findings

There were no prior year findings required to be reported in accordance with the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Board of County Commissioners and
Constitutional Officers
Gadsden County, Florida

We have audited the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of Gadsden County, Florida, (the County) as of and for the year ended September 30, 2017, which collectively comprise the County's basic financial statements and have issued our report thereon dated April 23, 2018. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses, and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. Given these limitations, during our audit, we did not identify any deficiencies in internal control that we consider to be a material weakness. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(Concluded)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the County's management, the Florida Auditor General, and applicable federal and state agencies providing assistance and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT ACCOUNTANTS' REPORT ON
COMPLIANCE WITH SECTION 218.415, FLORIDA STATUTES**

Honorable Board of County Commissioners
and Constitutional Officers
Gadsden County, Florida

We have examined Gadsden County, Florida's, (the County) compliance with Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the County's compliance with those requirements. Our responsibility is to express an opinion on the County's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide legal determination of the County's compliance with specified requirements.

In our opinion, the County complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Board of County Commissioners of Gadsden County, Florida, and its management and is not intended to be and should not be used by anyone other than these specified parties.

MANAGEMENT LETTER

Honorable Board of County Commissioners and
Constitutional Officers
Gadsden County, Florida

Report on the Financial Statements

We have audited the financial statements of Gadsden County, Florida (the County), as of and for the fiscal year ended September 30, 2017, and have issued our report thereon dated April 23, 2018.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; Independent Auditors' Report on Compliance for Each Major Federal Award Program and State Project and Report on Internal Control over Compliance; Schedule of Findings and Questioned Costs; and Independent Accountants' Reports on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports and schedule, which are dated April 23, 2018, should be considered in conjunction with this management letter. This management letter applies to the County as a whole. Other management letter comments are described in the audit reports of the constitutional officers.

Prior Audit Findings

- Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no such findings in the preceding financial audit report.

Official Title and Legal Authority

- Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The County was established by the Constitution of the State of Florida, Article VIII, Section 1(d). The County includes component units as described in Note 1 of the financial statements.

MANAGEMENT LETTER
(Concluded)

Financial Condition and Management

- Sections 10.554(1)(i)5.a. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether or not the County has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and to identify the specific condition(s) met. In connection with our audit, we determined that the County did not meet any of the conditions described in Section 218.503(1), Florida Statutes.
- Pursuant to Sections 10.554(1)(i)5.c. and 10.556(8), *Rules of the Auditor General*, we applied financial condition assessment procedures for the County. It is management's responsibility to monitor the County's financial condition, and our financial condition assessment was based in part on representations made by management and review of financial information provided by the same.
- Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Annual Financial Report

- Sections 10.554(1)(i)5.b. and 10.556(7), *Rules of the Auditor General*, require us to apply appropriate procedures and communicate the results of our determination as to whether the annual financial report for the County for the fiscal year ended September 30, 2017, filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes, is in agreement with the annual financial audit report for the fiscal year ended September 30, 2017. In connection with our audit, we determined that these two reports were in agreement.

Special District Component Units

- Section 10.554(1)(i)5.d., *Rules of the Auditor General*, requires, if appropriate, that we communicate the failure of a special district that is a component unit of a county, municipality, or special district, to provide the financial information necessary for proper reporting of the component unit within the audited financial statements of the county, municipality, or special district in accordance with Section 218.39(3)(b), Florida Statutes. In connection with our audit, we did not note any special district component units that failed to provide the necessary information for proper reporting in accordance with Section 218.39(3)(b), Florida Statutes.

Additional Matters

- Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contract or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, Federal and other granting agencies, and applicable management, and is not intended to be and should not be used by anyone other than these specified parties.

*RE: Gadsden County Board of County Commissioners Management Response Letter Comments
Response*

Dear Mr. Tucker:

After reviewing the management letter response regarding the audit completed by Purvis, Gray & Company for the fiscal year ending September 30, 2017, we'd like to respond as follows:

State Project Finding Number 2017-01

Per Audit, "No written documentation was provided as to procuring lowest bidder and contractor absence during construction pre-bid walk-through."

Response

The RFP originally stated that the contractor or a representative must attend the walk-thru. The lowest bidder did not meet these requirements. To this end, the bid was awarded to the second lowest bidder. Staff will ensure that each applicant's file contains an explanation of any decisions made in the procurement process, (i.e., when lowest bidder isn't selected or walk-through attendance is not met.)

State Project Finding Number 2017-02

Per Audit, "The County doesn't have a current conflict of interest policy and procedural plan adopted for the allowance of staff to receive housing purchase assistance/home rehabilitation."

Response

Staff is currently working with the Florida Housing Finance Corporation to develop a County Conflict of Interest Policy and Procedural Plan for the approval and adoption by the Board of County Commissioners.

State Project Finding Number 2017-03

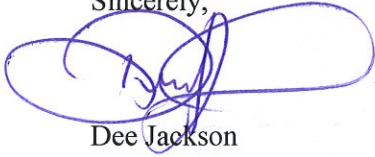

Per Audit, "Amounts reported to Florida Housing Finance Corp. annual reports for fiscal years 2014-2015, 2015-2016 and 2016-2017 did not agree with County's financial records."

Page Two
April 23, 2018

Response

Florida Housing Finance Technical Advisors assisted County staff with corrections. Annual reports for fiscal year(s) 2014-2015, 2015-2016 and 2016-2017 have been submitted and approved.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Dee Jackson', is written over a large, loopy blue oval that serves as a background for the signature.

INDEPENDENT AUDITORS' REPORT

The Honorable Nicholas Thomas
Gadsden County Clerk of the Circuit Court
Gadsden County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Clerk of the Circuit Court of Gadsden County, Florida, (the Clerk) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Clerk's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Clerk's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITORS' REPORT
(Concluded)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Clerk as of September 30, 2017, and the respective changes in financial position and budgetary comparison for the major funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* (the Rules) of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position, changes in financial position of each major fund, and budgetary comparisons of each major fund, and the aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information of Gadsden County, Florida that is attributable to the Clerk. They do not purport to, and do not, present fairly the financial position of Gadsden County, Florida as of September 30, 2017, and the changes in its financial position and budgetary comparisons for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Other Financial Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Clerk's financial statements. The other financial information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements. The other financial information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other financial information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report on our consideration of the Clerk's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY CLERK OF THE CIRCUIT COURT

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Gadsden County, Florida, (the County), is a political subdivision of the State of Florida located in the panhandle of the state. The County was established under Article VIII, Section 1(d), *Constitution of the State of Florida*.

The Clerk of the Circuit Court (the Clerk) is an elected Constitutional Officer of the County pursuant to Article VIII, Section (1) of the *Constitution of the State of Florida*. For financial statement and reporting purposes, the Clerk is a separate Constitutional Officer as provided by Chapter 218, Florida Statutes. However, the Clerk does not meet the definition of a legally separate organization and is not considered to be a component unit. Accordingly, the Clerk is considered to be a part of the primary government of the County, and the financial activities of the Clerk are included as such in the County's annual financial report, along with the other Constitutional Officers and the Gadsden County Board of County Commissioners (the Board). The financial statements contained herein represent the financial transactions of the Clerk only. There are no component units for the Clerk to consider for inclusion in these financial statements.

The Clerk funds his noncourt operations as a Budget Officer and a Fee Officer pursuant to Florida Statutes, Chapters 28, 129, and 218, respectively. As a Budget Officer, the operations of the Clerk are funded by the County General Fund. The receipts from the County General Fund are recorded as other financing sources on the Clerk's general fund financial statements. Any excess of revenues and other financing sources received over expenditures of the general fund are remitted to the County General Fund at year-end. The court-related operations of the Clerk are funded from fees and charges authorized under Chapter 2013-44, Laws of Florida and are reported in the Court Fund. At year-end, any excess of revenues over court-related expenditures of the Court fund are remitted to the State of Florida pursuant to Florida Statute 28.37.

Basis of Presentation

The accompanying financial statements include all the funds and accounts of the Clerk's office, but are not a complete presentation of the County as a whole. Except for this matter, they are otherwise in conformity with accounting principles generally accepted in the United States of America (GAAP). The accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557, *Rules of the Auditor General—Local Governmental Audits*.

Fund Accounting

The financial activities of the Clerk are recorded in separate funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY CLERK OF THE CIRCUIT COURT

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Accounting (Concluded)

The purposes of the Clerk's various funds are categorized and described as follows:

■ **Governmental Fund Types**

● **Major Funds**

▶ **General Fund**

The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Clerk that are not required either legally or by accounting principles generally accepted in the United States of America to be accounted for in another fund.

▶ **Court Fund**

The Court Fund was established to account for court-related revenues and expenditures and are required to be reported separately from the Clerk's General Fund activities.

▶ **Public Records Trust Fund**

The Public Records Trust Fund is used to account for the proceeds of specific revenue sources that are legally restricted to expenditures for the public records system of the Clerk's office and additional court-related operational needs and program enhancements.

■ **Fiduciary Fund Type**

● **Agency Funds**

The Agency Funds are used to account for assets held by the Clerk in a trustee capacity or as an agent for individuals, private organizations, and/or other governmental units. These are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of accounting refers to the method by which revenues and expenditures are recognized in the accounts and reported in the fund financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The modified accrual basis of accounting is followed by the governmental funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. The Clerk considers revenues to be available if they are collected within 30 days of the end of the current fiscal period. Expenditures are recorded when the liability is incurred, except for accumulated sick and vacation pay, which are not recorded until paid. Charges for services and investment revenue are recorded as earned.

Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. Generally, this means that only current assets and current liabilities are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of "available spendable resources" during a period.

Note 1 - Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting

Governmental fund revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget was adopted for the General Fund and the Public Records Trust Fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. A budget was adopted for the Court Fund and approved by the Florida Clerk of Courts Operations Corporation. Budgets are prepared on the modified accrual basis of accounting.

The Clerk's annual budgets are monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year-end.

Capital Assets

Capital assets purchased in the Governmental Fund type are recorded as expenditures (capital outlay) at the time of purchase. The tangible personal property used by the Clerk is recorded by the Board as capital assets, at cost, in the statement of net position in the government-wide financial statements of the County. The Clerk maintains custodial responsibility for the capital assets used by the Clerk.

Compensated Absences

Employees accrue vacation leave based on their length of employment. They may accrue from 13 to 20 days of vacation leave per year. A minimum of five consecutive days of vacation leave must be taken by each employee every year. Vacation leave in excess of 240 hours is transferred to sick leave on December 31 following the end of the fiscal year. Employees are not paid for vacation leave in lieu of taking vacation. An employee is paid for earned vacation leave only upon separation or by authorization of the Clerk. Upon retirement or resignation, employees may be paid a cash benefit equal to the number of vacation hours accumulated, based upon the employee's current wage rate.

Employees earn four hours of sick leave for each two weeks of employment. Upon separation, employees of the Clerk, with three years or more of consecutive service, are paid twenty-five percent of their sick leave balance.

In accordance with Governmental Accounting Standards Board (GASB) Statement No. 16, *Accounting for Compensated Absences*, the Clerk uses the vesting method to calculate the liability for compensated absences. The Clerk does not, nor is he legally required to, accumulate expendable available financial resources to liquidate these obligations. Accordingly, the liability for compensated absences is not reported in the General Fund, but is included in the statement of net position in the government-wide financial statements of the County.

Unearned Revenue

In accordance with requirements of the Clerk of Court Operations Corporation (CCOC), the Clerk reports unearned revenue for court related fines and fees collected in September of 2017, which are to be used as advance funding for the Clerk's Court operations in the following fiscal year.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY CLERK OF THE CIRCUIT COURT
(Continued)

Note 1 - Summary of Significant Accounting Policies (Continued)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make use of estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Transfers In and Out

The Clerk is a fee officer whose operating budget is funded from fees, fines, and service charges relating to various statutory court and noncourt services provided by the office. The Clerk also receives appropriations from the Board to fund the Clerk's functions as auditor and custodian of County funds. The payments by the Board to fund these services are recorded as transfers out on the financial statements of the Board and as transfers in on the financial statements of the Clerk.

In accordance with Section 218.36, Florida Statutes, all General Fund noncourt-related revenues in excess of noncourt-related expenditures during the fiscal year are distributed to the Board within 31 days following the end of the fiscal year. In accordance with Section 28.37, Florida Statutes, the excess of court-related fees, service charges, court costs, and fines retained by the Clerk in excess of approved court-related expenditures, are distributed to the Florida Department of Revenue by January 1 following the Clerk's fiscal year-end. Accordingly, such amounts are recorded as liabilities due to other County units and other governments and as transfers out to the Board and the Florida Department of Revenue on the financial statements of the Clerk. The Clerk's transfers to the Board are recognized as transfers in on the financial statements of the Board.

Fund Balance Reporting

The Clerk has implemented the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), as required. The purpose of GASB 54 is to improve the consistency and usefulness of fund balance information to the financial statement user. The statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the organization is bound to honor constraints on the specific purpose for which amounts in the funds can be spent. Fund balance is reported in five components: nonspendable, restricted, committed, assigned, and unassigned.

- **Nonspendable**—This component of fund balance consists of amounts that cannot be spent because: (a) they are not expected to be converted to cash, or (b) they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The Clerk does not have any nonspendable funds.
- **Restricted**—This component of fund balance consists of amounts that are constrained either: (a) externally by third parties (creditors, grantors, contributors, laws or regulations of other governments), or (b) by law through constitutional provisions or enabling legislation.
- **Committed**—This component of fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (e.g., ordinance or resolution) of the County's governing body. These committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (e.g., ordinance or resolution) it employed previously to constrain those amounts.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY CLERK OF THE CIRCUIT COURT
(Continued)

Note 1 - Summary of Significant Accounting Policies (Concluded)

Fund Balance Reporting (Concluded)

- **Assigned**—This component of fund balance consists of amounts that are constrained by a less-than-formal action of the organization’s governing authority, or by an individual or body to whom the governing authority has delegated this responsibility. The Clerk has not delegated the responsibility to assign fund balances to any individual or body.
- **Unassigned**—This classification is used for: (a) negative unrestricted fund balances in any governmental fund, or (b) fund balances within the General Fund that are not restricted, committed, or assigned.

When both restricted and unrestricted resources are available for use, it is the Clerk’s policy to use restricted resources first, then unrestricted resources (committed, assigned, and unassigned) as they are needed. When unrestricted resources (committed, assigned, and unassigned) are available for use, it is the Clerk’s policy to use committed resources first, then assigned, and then unassigned as needed.

Note 2 - Cash

As of September 30, 2017, the Clerk had the following in cash:

	Carrying Amount
Cash on Hand	\$ 1,600
Deposits in Qualified Public Depositories	843,625
Total Cash	\$ 845,225

Credit Risk

The Clerk’s investment practices are governed by Section 218.415(17), Florida Statutes, which provides for the following authorized investments:

- The Florida PRIME (formerly the Local Government Surplus Trust Funds Investment Pool) or any authorized intergovernmental investment pool.
- Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally-recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories.
- Direct obligations of the U.S. Treasury.

The Clerk has no investment policy that would further limit its investment choices.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the government’s deposits may not be returned to it.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The Clerk’s deposits are therefore considered fully insured or collateralized. Bank deposit balances at September 30, 2017, were \$979,848.

Note 3 - Employees' Retirement and Benefit Plans

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Clerk are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, *Florida Administrative Code*; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the Clerk are as follows:

- *Regular Class*—Members of the FRS who do not qualify for membership in the other classes.
- *Elected County Officer Class*—Members who hold specified elective offices in local government.
- *Senior Management Service Class*—Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service, except for members classified as special risk who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or at any age after 30 years of service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY CLERK OF THE CIRCUIT COURT
(Continued)

Note 3 - Employees' Retirement and Benefit Plans (Continued)

FRS Pension Plan (Continued)

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. The following chart shows the percentage value for each year of service credit earned:

<u>Class, Initial Enrollment, and Retirement Age/Years of Service</u>	<u>% Value</u>
<i>Regular Class Members Initially Enrolled Before July 1, 2011</i>	
Retirement up to Age 62 or up to 30 Years of Service	1.60
Retirement at Age 63 or up to 31 Years of Service	1.63
Retirement at Age 64 or with 32 Years of Service	1.65
Retirement at Age 65 or with 30 or more Years of Service	1.68
<i>Regular Class Members Initially Enrolled on or After July 1, 2011</i>	
Retirement up to Age 65 or up to 33 Years of Service	1.60
Retirement at Age 66 or up to 34 Years of Service	1.63
Retirement at Age 67 or with 35 Years of Service	1.65
Retirement at Age 68 or with 36 or more Years of Service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2016-2017 fiscal year were as follows:

(2) These rates include the normal cost and unfunded actuarial liability contributions but do not include the contribution for Retiree Health Insurance Subsidy of 1.66% and the fee of 0.06% for administration of the FRS Investment Plan and provision of education tools for both plans.

The Clerk's contributions (employer) to the FRS Plan totaled \$189,116 for the fiscal year ended September 30, 2017. This excludes the HIS defined benefit pension plan contributions.

Pension Liabilities. At September 30, 2017, the Clerk's proportionate share of the FRS net pension liability was \$2,123,106. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Clerk's proportionate share of the net pension liability was based on the Clerk's 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the Clerk's proportion was .007177668%, which was an increase of .00000622159 from its proportion measured as of June 30, 2016.

Further details of the FRS Plan net pension liability, annual pension expense, actuarial assumptions, sensitivity analysis, and the other required disclosures can be found in the County-wide annual financial report.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems Florida in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Note 3 - Employees' Retirement and Benefit Plans (Continued)

HIS Pension Plan (Concluded)

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal years ended June 30, 2017 and 2016, the contribution rates was 1.66% of payroll respectively, pursuant to Section 112.363, Florida Statutes. The Clerk contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate Trust Fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Clerk's contributions to the HIS Plan totaled \$23,240 for the fiscal year ended September 30, 2017.

Pension Liabilities. At September 30, 2017, the Clerk's proportionate share of the HIS net pension liability was \$470,608. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Clerk's proportionate share of the net pension liability was based on the Clerk's 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the Clerk's proportion was .004401306%, which was a decrease of .00000317956% from its proportion measured as of June 30, 2016.

Further details of the HIS Plan net pension liability, annual pension expense, actuarial assumptions, sensitivity analysis, and the other required disclosures can be found in the County-wide annual financial report.

Pension Plan Fiduciary Net Position. Detailed information about the HIS Plan's fiduciary net position is available in the separately issued FRS Pension Plan and Other State Administered Systems Comprehensive Annual Financial Report.

FRS - Defined Contribution Pension Plan

The Clerk contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Clerk employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officers, etc.), as the FRS defined benefit plan.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY CLERK OF THE CIRCUIT COURT
(Continued)

Note 3 - Employees' Retirement and Benefit Plans (Concluded)

FRS - Defined Contribution Pension Plan (Concluded)

Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment members' accounts (employer and employee) during the 2016-17 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30%
FRS, Elected County Officers	11.34%
FRS, Senior Management Service	7.67%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the FRS Pension Plan is transferred to the Investment Plan, the member must have the years of service required for FRS Pension Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Clerk.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the FRS Pension Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the FRS Pension Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Clerk's contributions to the Investment Plan totaled \$0 for the fiscal year ended September 30, 2017.

Note 4 - Long-term Liabilities (Concluded)

Of the \$147,803 liability for accrued compensated absences, management estimates that \$81,390 will be due and payable within one year. The long-term liabilities are not reported in the financial statements of the Clerk since it is not payable from available resources at September 30, 2017. As discussed in Note 1, they are reported in the statement of net position in the government-wide financial statements of the County.

Other postemployment benefits represent the portion of the liability based upon current and retired employees of the Clerk's office. See Note 7 for a description of other postemployment benefits.

See Note 3 for a description of the Net Pension Liabilities related to the FRS and HIS Pension Plans.

See Note 8 for a description of the amounts due to the Florida Department of Revenue which relates to excess reimbursements received from a Child Support grant.

Note 5 - Operating Leases

The Clerk has non-cancellable operating leases for copiers and a postage meter, which expire in September 2018 and March 2020, respectively. For the year ended September 30, 2017, the equipment lease expense was \$22,492.

Future rental payments for the leases are as follows:

<u>Year</u>	<u>Amount</u>
2018	\$ 18,924
2019	16,188
2020	8,094
Total	<u>\$ 43,206</u>

Note 6 - Risk Management

The Clerk is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees and the public; or damage to property of others. The Clerk participates in the risk management program through the Gadsden County Board of County Commissioners, which uses commercial insurance and a public entity risk pool to cover certain risks from loss.

The Board participates in the Florida Association of Counties Trust (FACT), a public entity risk pool for risks related to comprehensive general liability. The agreement provides that the financial liability of each participating county is limited to premiums and surplus contributions paid or obligations made to FACT. Aggregate coverage provided is limited to \$1,000,000 for each claim.

Note 7 - Other Postemployment Benefits

Plan Description—The Clerk participates in an agent single-employer plan under which qualified retired employees are permitted to participate in the health, dental, vision, and life insurance benefits program (the Program). A stand-alone financial report is not issued for the Program.

(Concluded)

Note 7 - Other Postemployment Benefits (Concluded)

Funding Policy—Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions.

Annual Other Postemployment Benefit (OPEB) Cost and Net OPEB Obligation—The Clerk's OPEB obligation is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the guidance provided by GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 20 years.

The Clerk's portion of the OPEB liability as of September 30, 2017, totaled \$99,600. This liability will be included in long-term liabilities in the County-wide financial statements. Details and other disclosures can be found in the County-wide annual financial report.

Note 8 - Commitments

During 2017, the Gadsden County Clerk's office was notified by the Florida Department of Revenue (FDOR) that the indirect cost rate used by the Clerk's office in computing reimbursement of child support costs under the Child Support Enforcement grant for the last two fiscal years needed to be reduced. The Clerk was using a provisional indirect cost rate provided by FDOR during that time period. The indirect cost rate for each Clerk in the State of Florida is computed by a third party consultant who is retained by FDOR. As a result, the Clerk's office received excess reimbursements from FDOR during the fiscal years ended September 30, 2016 and 2017. FDOR computed the excess reimbursement to the Clerk's office to be \$115,838. This amount will be repaid to FDOR over a period of 42 months in the form of credits against future reimbursements. Of the total liability, \$11,618 is considered to be due within one year. This liability has been recorded in the County's government-wide financial statements.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable Nicholas Thomas
Gadsden County Clerk of the Circuit Court
Gadsden County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Clerk of the Circuit Court of Gadsden County, Florida, (the Clerk) as of and for the year ended September 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated April 10, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Clerk's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Clerk's internal control. Accordingly, we do not express an opinion on the effectiveness of the Clerk's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Clerk's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control over financial reporting that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

(Concluded)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Clerk's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Clerk's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Clerk's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

The Honorable Nicholas Thomas
Gadsden County Clerk of the Circuit Court
Gadsden County, Florida

We have examined Gadsden County, Florida, Clerk's (the Clerk) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Clerk's compliance with those requirements. Our responsibility is to express an opinion on the Clerk's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Clerk's compliance with those requirements and performing such other procedures, as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Clerk's compliance with specified requirements.

In our opinion, the Clerk complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Clerk, its management, and the Board of County Commissioners of Gadsden County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable Nicholas Thomas
Gadsden County Clerk of the Circuit Court
Gadsden County, Florida

Report on the Financial Statements

We have audited the financial statements of each major fund and the aggregate remaining fund information of the Gadsden County, Florida, Clerk of the Circuit Court (the Clerk) as of and for the fiscal year ended September 30, 2017, and have issued our report thereon dated April 10, 2018.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Florida Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Reports on examinations conducted in accordance with *AICPA Professional Standards*, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 10, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we address in the management letter whether or not corrective actions have been taken to address significant findings and recommendations made in the preceding annual financial report. There were no such recommendations made in the preceding annual financial report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Clerk was established by the Constitution of the State of Florida, Article VIII, Section 1(d). There were no component units related to the Clerk.

INDEPENDENT AUDITORS' REPORT

The Honorable Morris A. Young
Gadsden County Sheriff
Gadsden County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Gadsden County, Florida, Sheriff (the Sheriff) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Sheriff's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud, or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financials statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Sheriff's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Sheriff as of September 30, 2017, and the respective changes in financial position thereof, and the respective budgetary comparison for the major funds for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT
(Concluded)

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* (the Rules) of the State of Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position, changes in financial position, and budgetary comparisons of each major fund, and the aggregate remaining fund information, only for that portion of the major funds, and the aggregate remaining fund information of Gadsden County, Florida that is attributable to the Sheriff. They do not purport to, and do not, present fairly the financial position of Gadsden County, Florida as of September 30, 2017, and the changes in its financial position and budgetary comparisons for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Matters

Other Financial Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Sheriff's financial statements. The other financial information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the financial statements.

The other financial information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other financial information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Sheriff's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters included under the heading Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Sheriff's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

**NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY SHERIFF**

Note 1 - Summary of Significant Accounting Policies

Reporting Entity

Gadsden County, Florida, (the County) is a political subdivision of the State of Florida located in the northern portion of the state. The County was established under Article VIII, Section 1(d), *Constitution of the State of Florida*.

The Sheriff is an elected Constitutional Officer of the County. For financial statement and reporting purposes, the Sheriff is a separate Constitutional Officer as provided by Chapter 218, Florida Statutes. However, the Sheriff does not meet the definition of a legally separate organization and is not considered to be a component unit. Accordingly, the Sheriff is considered to be a part of the primary government of the County, and the financial activities of the Sheriff are included as such in the comprehensive annual financial report, along with the other Constitutional Officers and the Gadsden County Board of County Commissioners (the Board). The financial statements contained herein represent the financial transactions of the Sheriff only. There are no component units for the Sheriff to consider for inclusion in its financial statements.

The accounting policies of the Sheriff conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies:

Basis of Presentation

The accompanying financial statements include all the funds and accounts of the Sheriff's office, but are not a complete presentation of the County as a whole. Except for this matter, they are otherwise in conformity with accounting principles generally accepted in the United States of America (GAAP). The accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557, *Rules of the Auditor General Local Governmental Entity Audits*.

The financial transactions of the Sheriff are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. These funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations. GAAP sets forth minimum criteria (percentage of assets, liabilities, revenues, and expenditures of each fund category) for the determination of major funds. Major funds are reported separately in the basic financial statements of the Sheriff.

Fund Accounting

The financial activities of the Sheriff are recorded in separate funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Accounting (Continued)

The Sheriff reports the following major and nonmajor governmental funds:

■ **Major Governmental Funds**

- **General Fund**—The General Fund is used to account for all revenues and expenditures applicable to the general operations of the Sheriff that are not required either legally or by accounting principles generally accepted in the United States of America to be accounted for in another fund.
- **Radio Communications**—A Special Revenue Fund, which accounts for activities related to moving violation fines restricted for use for the radio communications program and local law enforcement automation.
- **Inmate Welfare**—A Special Revenue Fund, which accounts for commissions received from pay telephones and commissary profits restricted for the benefit of inmates.
- **Emergency Management**—Accounts for the activities related to establishing and maintaining disaster assistance services.

■ **Nonmajor Governmental Funds**

- **Special Revenue Funds**—Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specified purposes. The Sheriff reports the following special revenue funds in the financial statements under the title “Other Governmental Funds:”
 - ▶ **VOCA**—Accounts for the activities related to funds received from the Florida Attorney General for use related to the *Victims Crime Act*.
 - ▶ **E-911**—Accounts for the activities related to funds received from the Florida Department of Management Services for the prorated share of E-911 cell phone tax.
 - ▶ **Justice Assistance**—These two funds account for the activities related to funds received from the Florida Department of Law Enforcement for the Justice Assistance Grant and the related program income.
 - ▶ **Teen Court**—Accounts for the activities related to establishing and maintaining a teen court pursuant to the County ordinance Section 26-1.
 - ▶ **Victims Special**—Accounts for the activities related to funds received from the State of Florida for the Victim Advocates’ Assistance Emergency Fund.
 - ▶ **SCAAP**—Accounts for the activities related to funds received from the Department of Justice Assistance for State Criminal Alien Assistance Program.

Note 1 - Summary of Significant Accounting Policies (Continued)

Fund Accounting (Concluded)

■ **Nonmajor Governmental Funds (Concluded)**

● **Special Revenue Funds (Concluded)**

- ▶ **LEEF Training**—Accounts for the activities related to law enforcement training.
- ▶ **DEM Federal**—Accounts for the activities related to the emergency management preparedness grant funded by the U.S. Department of Homeland Security passed through the Gadsden County Board of County Commissioners.
- ▶ **Towing and Impound**—Accounts for the activities related to funds received from program generated income for narcotic-related activities from the Justice Assistance Grant.
- ▶ **JAG**—Accounts for the activities related to funds for narcotics investigations through a grant received from the Florida Department of Law Enforcement.
- ▶ **DJJ Restoring Families**—Accounts for the activities related to the family unit continuity assistance grant funded by the Florida Department of Juvenile Justice.

■ **Fiduciary Funds**

- **Agency Funds**—The Agency Funds account for the assets held by the Sheriff in a trustee capacity as an agent for individuals, private organizations, and/or governmental units. These are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Basis of Accounting

Basis of accounting refers to the method by which revenues and expenditures are recognized in the accounts and reported in the fund financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The accounts of the Governmental Funds and Agency Funds are maintained on the modified accrual basis. Under the modified accrual basis, revenues are recognized when they are received or when they are considered both measurable and available as such, are susceptible to accrual. Expenditures are recorded when the liability is incurred and/or will be paid from expendable available financial resources.

The Sheriff considers receivables collected within 30 days after year-end to be available and susceptible to accrual as revenues of the current year. The following major revenues are considered susceptible to accrual: intergovernmental revenue, charges for services, and interest earned. However, intergovernmental revenue, consisting of a cost reimbursement grant, is recognized as revenue as the related expenditures are incurred.

Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. The General Fund is accounted for on a spending or “financial flow” measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. General Fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

GADSDEN COUNTY SHERIFF

Note 1 - Summary of Significant Accounting Policies (Continued)

Budgets and Budgetary Accounting

Expenditures are controlled by appropriations in accordance with the budget requirements set forth in the Florida Statutes. Budgets are adopted for the General Fund and for the Nonmajor Governmental Funds. The Radio Communications Fund and the Inmate Welfare Fund expenditures are restricted by statute; therefore, these budgets are not approved by the Board.

The Sheriff follows these procedures in establishing the budgetary data reflected in the fund financial statements:

Sections 129.03 and 30.49 of the Florida Statutes require the Sheriff to establish an annual budget reflecting resources available and functions for which funds are to be expended.

- The proposed budget is filed with the Board by May 1 preceding the fiscal year of the budget. Prior to October 1, the budget is legally enacted by approval of the Board subject to the notice and hearing requirements of Section 200.065 of the Florida Statutes.
- The Sheriff's budget can be amended by the Board as necessary during the year. Line item expenditures in excess of appropriations are authorized to the extent that total expenditures by category do not exceed total appropriations by category.
- Formal budgetary integration is employed as a management control device during the year for the Sheriff's General Fund. Appropriations lapse at the close of the fiscal year to the extent they have not been expended.
- The budget for the Sheriff's General Fund is adopted on a basis consistent with accounting principles generally accepted in the United States of America.

The budgeted revenues and expenditures in the accompanying statement of revenues, expenditures, and changes in fund balances - budget and actual, reflect the Sheriff's original adopted budget and the final budget with all amendments approved by the Sheriff and the Board.

Capital Assets

The Sheriff is accountable for, and thus maintains, capital asset records pertaining to the equipment used in his operations. Real property used by the Sheriff is accounted for by the Board, as the Board holds legal title and is accountable for such assets under Florida law.

Capital assets purchased in the Governmental Funds costing \$1,000 or more and having a useful life in excess of one year are recorded as expenditures (capital outlay) at the time of purchase.

Capital assets acquired under capital leases are recorded at cost as capital outlay expenditures and other financing sources at inception of the capital lease. The tangible personal property used by the Sheriff is reported as capital assets, at cost, in the statement of net position as part of the government-wide financial statements of the County. Donated and confiscated fixed assets are recorded in the County's statement of net position at fair value at the time received. Capital assets are depreciated using the straight-line method over three to seven years. The depreciation expense is recorded in the statement of activities as part of the government-wide financial statements of the County.

Note 1 - Summary of Significant Accounting Policies (Continued)

Liability for Compensated Absences

Employees accrue vacation leave based on their employment date and length of employment. They may accrue from 12 to 18 days of vacation per year. Annual leave in excess of 30 days is forfeited on December 31. Employees are generally not paid for vacation leave in lieu of taking a vacation except that an employee may be paid for earned vacation leave upon separation.

Employees earn one day of sick leave for each month of employment. Sick leave can be carried forward from year-to-year. An employee with five years of service or more may be paid for 25% of accrued sick leave upon separation.

The Sheriff uses the vesting method to calculate the liability for compensated absences. The Sheriff does not, nor is he legally required to, accumulate expendable available financial resources to liquidate these obligations. Accordingly, the liability for compensated absences is not reported in the General Fund, but is included in the statement of net position in the government-wide financial statements of the County.

Transfers In and Out

The Board funds primarily all of the operating budget of the Sheriff's General Fund. The payments by the Board to fund the operations of the Sheriff are recorded as transfers out on the financial statements of the Board and as transfers in on the financial statements of the Sheriff. Section 218.36, Florida Statutes, requires the Sheriff to distribute all General Fund revenues in excess of expenditures to the Board within 31 days following the end of the fiscal year. Accordingly, such amounts are recorded as a liability and as transfers out on the financial statements of the Sheriff and as an asset and as transfers in on the financial statements of the Board.

Related Organizations - Service Fees and Common Expenses

Certain expenses, which are common to the Board and all Constitutional Officers, are reported as expenses of the Board and, therefore, are not budgeted by or allocated to the Sheriff. These expenses paid by the Board relating to the Sheriff's operations are:

- Occupancy Costs
- Property and Workers' Compensation Insurance
- Employees' Health and Life Insurance

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make use of estimates that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements, and the reported amount of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

GADSDEN COUNTY SHERIFF

Note 1 - Summary of Significant Accounting Policies (Concluded)

Fund Balance Reporting

Fund balance is reported in five components - nonspendable, restricted, committed, assigned, and unassigned.

- **Nonspendable**—This component of fund balance consists of amounts that cannot be spent because: (a) they are not expected to be converted to cash, or (b) they are legally or contractually required to remain intact. Examples of this classification are prepaid items, inventories, and principal (corpus) of an endowment fund. The Sheriff does not have any nonspendable funds.
- **Restricted**—This component of fund balance consists of amounts that are constrained either: (a) externally by third parties (creditors, grantors, contributors, or laws or regulations of other governments), or (b) by law through constitutional provisions or enabling legislation.
- **Committed**—This component of fund balance consists of amounts that can only be used for specific purposes pursuant to constraints imposed by formal action (e.g., ordinance or resolution) of the County's Governing Board. These committed amounts cannot be used for any other purpose unless the Board removes or changes the specified use by taking the same type of action (e.g., ordinance or resolution) it employed previously to constrain those amounts.
- **Assigned**—This component of fund balance consists of amounts that are constrained by a less-than-formal action of the Sheriff, or by an individual or body to whom the Sheriff has delegated this responsibility. By definition, fund balances are also assigned to the extent that they are needed to finance a subsequent year's budget deficit.
- **Unassigned**—This classification is used for: (a) negative unrestricted fund balances in any governmental fund, or (b) fund balances within the general fund that are not restricted, committed or assigned.

When both restricted and unrestricted resources are available for use, it is the Sheriff's policy to use restricted resources first, then unrestricted resources (committed, assigned, and unassigned) as they are needed. When unrestricted resources (committed, assigned, and unassigned) are available for use, it is the Sheriff's policy to use committed resources first, then assigned, and then unassigned as needed.

Note 2 - Cash

As of September 30, 2017, the Sheriff had the following in cash:

	Carrying Amount
Deposits in Qualified Public Depositories	\$ 490,247
Total Cash	\$ 490,247

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY SHERIFF

Note 2 - Cash (Concluded)

Credit Risk

The Sheriff's investment practices are governed by Section 218.415(17), Florida Statutes, and included the following investments:

- The Florida PRIME (formerly the Local Government Surplus Trust Fund) Administered by the State Board of Administration.
- Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally-recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories.
- Direct obligations of the U.S. Treasury.

The Sheriff has no investment policy that would further limit its investment choices.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The Sheriff's deposits are all held in a qualified public depository and are therefore considered fully insured or collateralized. Bank balances at September 30, 2017, were \$654,051.

Note 3 - Capital Assets

A summary of the changes in capital assets for the year ended September 30, 2017, follows:

	Balance			Balance
	<u>October 1, 2016</u>	<u>Additions</u>	<u>Retirements</u>	<u>September 30, 2017</u>

Depreciation expense for the Sheriff's assets was recorded in the County's government-wide financial statements in the amount of \$304,513.

Note 4 - Long-term Liabilities

A summary of the changes in the long-term liabilities of the Sheriff is as follows:

	<u>Balance</u> <u>October 1, 2016</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance</u> <u>September 30, 2017</u>
Capital Leases	\$ 301,065	\$ 278,010	\$ (245,538)	\$ 333,537
Liability for Compensated Absences	544,986	324,987	(363,656)	506,317
Other Postemployment Benefits	792,000	32,100	0	824,100
Net Pension Liabilities	6,963,606	953,303	0	7,916,909
Total	<u>\$ 8,601,657</u>	<u>\$ 1,588,400</u>	<u>\$ (609,194)</u>	<u>\$ 9,580,863</u>

Of the \$506,317 liability for accrued compensated absences, management estimates that \$196,436 will be due and payable within one year. The long-term liabilities are not reported in the financial statements of the Sheriff since they are not payable from expendable available resources at September 30, 2017.

Other postemployment benefits represent the portion of the liability based upon current and retired employees of the Sheriff's office. See Note 11 for a description of other postemployment benefits.

See Note 7 for a description of the Net Pension Liabilities related to the FRS and HIS Pension Plans.

The long-term liabilities shown above are reported in the statement of net position in the government-wide financial statements of the County.

Note 5 - Lease Obligations

Capital Leases

The Sheriff has commitments under three capital lease agreements as described below. Annual payments under the leases are reported as debt service principal and interest expenditures.

The capital lease agreement for the purchase of vehicles provides for 12 quarterly payments of \$17,541, including interest, beginning April 2015 and ending January 2018. The net present value of the capital lease was computed utilizing an interest rate of 5.2%, which was the rate provided in the terms of the lease agreement.

The capital lease agreement for the purchase of mobile data computers provides for 12 quarterly payments of \$19,121, including interest, beginning April 2016 and ending March 2019. The net present value of the capital lease was computed utilizing an interest rate of 4.27%, which was the rate imputed from the terms of the lease agreement.

The capital lease agreement for the purchase of vehicles provides for 12 quarterly payments of \$24,619, including interest, beginning February 2017 and ending November 2019. The net present value of the capital lease was computed utilizing an interest rate of 4.5%, which was the rate provided in the terms of the lease agreement.

Note 7 - Employee Retirement Plan

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Sheriff are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the Sheriff are as follows:

- *Regular Class*—Members of the Plan who do not qualify for membership in the other classes.
- *Elected County Officer Class*—Members who hold specified elective offices in local government.
- *Senior Management Service Class*—Members in senior management level positions.
- *Special Risk Class*—Members who are employed as law enforcement officers and meet the criteria to qualify for this class.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service except for members classified as special risk, who are eligible for normal retirement benefits at age 55 or at any age after 25 years of service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service, except for members classified as special risk who are eligible for normal retirement benefits at age 60 or

Plan Description. (Concluded)

at any age after 30 years of service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Certain members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value
<i>Regular Class Members Initially Enrolled Before July 1, 2011:</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class Members Initially Enrolled on or After July 1, 2011:</i>

Benefits Provided. (Concluded)

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2016-2017 fiscal year were as follows:

<u>Class</u>	<u>Year Ended June 30, 2017</u>		<u>Year Ended June 30, 2018</u>	
	<u>Percent of Gross Salary</u>		<u>Percent of Gross Salary</u>	
	<u>Employee</u>	<u>Employer (2)</u>	<u>Employee</u>	<u>Employer (2)</u>

FRS, Special Risk Regular	3.00	20.85	3.00	21.55
DROP – Applicable to Members from All of the Above Classes	0.00	11.33	0.00	11.60
FRS, Reemployed Retiree	(1)	(1)	(1)	(1)

- Notes:** (1) Contribution rates are dependent upon retirement class in which reemployed.
(2) These rates include the normal cost and unfunded actuarial liability contributions but do not include the contribution for Retiree Health Insurance Subsidy of 1.66% and the fee of 0.06% for administration of the FRS Investment Plan and provision of education tools for both plans.

The Sheriff contributions (employer), to the FRS Plan totaled \$574,786 for the fiscal year ended September 30, 2017. This excludes the HIS defined benefit pension plan contributions.

Pension Liabilities. At September 30, 2017, the Sheriff's proportionate share of the FRS net pension liability was \$6,530,997. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Sheriff's proportionate share of the net pension liability was based on the Sheriff's 2016-17 fiscal year contributions of all participating members.

Further details of the FRS Plan net pension liability, annual pension expense, actuarial assumptions, sensitivity analysis, and the other required disclosures can be found in the County-wide annual financial report.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal years ended June 30, 2018 and 2017, the contribution rates were 1.66% of payroll, pursuant to Section 112.363, Florida Statutes. The Sheriff contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Sheriff's contributions (employer) to the HIS Plan totaled \$68,596 for the fiscal year ended September 30, 2017.

Pension Liabilities. At September 30, 2017, the Sheriff's proportionate share of the HIS net pension liability was \$1,385,912. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Sheriff's proportionate share of the net pension liability was based on the Sheriff's 2016-17 fiscal year contributions of all participating members.

Further details of the HIS net pension liability, annual pension expense, actuarial assumptions, sensitivity analysis, and the other required disclosures can be found in the County-wide annual financial report.

FRS – Defined Contribution Pension Plan

The Sheriff contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

Note 7 - Employee Retirement Plan (Concluded)

FRS – Defined Contribution Pension Plan (Concluded)

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Sheriff employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment members' accounts (employer and employee) during the 2016-17 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30
FRS, Elected County Officers	11.34
FRS, Senior Management Service	7.67
FRS, Special Risk Regular	14.00

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Plan is transferred to the Investment Plan, the member must have the years of service required for Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Sheriff.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Sheriff's Investment Plan pension expense totaled \$51,130 for the fiscal year ended September 30, 2017.

Note 8 - Risk Management

Professional Liability

The Sheriff is currently a member of the Florida Sheriff's Association and participates in the Florida Sheriffs' Self-Insurance Fund. The Self-Insurance Fund administers insurance activities related to professional liability and covers compensatory damages (except back pay), employment benefits, punitive damages, attorney fees or costs awarded to a prevailing Plaintiff, and all legal fees involved in defense of the Sheriff. The contribution required for the year ended September 30, 2017, was \$96,638.

The limits of the Self-Insurance Fund for the above-mentioned damages, fees, and defense costs are \$3,200,000 per claim and \$3,500,000 in aggregate for the policy year. Settled claims did not exceed this coverage in the current year.

Automobile Coverage

The Sheriff participates in the Florida Municipal Insurance Trust, which is sponsored by the Florida League of Cities for automobile coverage. The contribution required for the year ended September 30, 2017, was \$30,815.

Workers' Compensation

The Sheriff participates in the Florida Municipal Insurance Trust for workers' compensation coverage, which provides for coverage of risks of loss related to workers' compensation claims. The Sheriff makes payments to the fund based upon payroll exposure in the amounts needed to pay prior and current year claims. The net amount paid for the year ended September 30, 2017, was \$138,294.

Note 9 - Contingencies

Various claims and legal actions arising in the normal course of the Sheriff's operations were pending against the Sheriff at September 30, 2017. These claims are covered through the Sheriff's participation in the Florida Sheriff's Self-Insurance Fund. In the opinion of the Sheriff's legal counsel, the liabilities, which may arise from such actions, would be adequately covered by the Self-Insurance Fund. Accordingly, no provision has been made in the financial statements for such contingencies.

Note 10 - Other Disclosures

The Sheriff's office incurred expenditures in excess of appropriations in the following funds:

General Fund	\$7,864
Radio Communications Fund	\$2,765

The excess of expenditures over appropriations in the General Fund resulted from additional overtime and operational costs related to Hurricane Irma. The excess of expenditures over appropriations in the Radio Communications Fund resulted from unexpected radio system failures that occurred during that year that had to be repaired.

Note 11 - Other Postemployment Benefits (OPEB)

Plan Description—The Sheriff participates in an agent single-employer plan under which qualified retired employees are permitted to participate in the health, dental, vision, and life insurance benefits program (the Program). A stand-alone financial report is not issued for the Program.

Funding Policy—Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions.

Annual OPEB Cost and Net OPEB Obligation—The Sheriff's OPEB obligation is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the guidance provided by GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 20 years.

The Sheriff's portion of the OPEB liability as of September 30, 2017, totaled \$824,100. This liability will be included in long-term liabilities in the County-wide financial statements. Details and other disclosures can be found in the County-wide annual financial report.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Morris A. Young
Gadsden County Sheriff
Gadsden County, Florida

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of each major fund and the aggregate remaining fund information of the Sheriff of Gadsden County, Florida, (the Sheriff) as of and for the year ended September 30, 2017, and the related notes to the financial statements, and have issued our report thereon dated April 16, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Sheriff's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Sheriff's internal control. Accordingly, we do not express an opinion on the effectiveness of the Sheriff's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Sheriff's financial statements will not be prevented or detected, and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control which is described below, that we consider to be a significant deficiency.

2016-1 Financial Statement Close

Condition: Pursuant to Florida Statutes, Section 218.36, each County officer is required to make an annual report of revenues and expenditures within thirty-one days of the close of the fiscal year. While this report was submitted to the County by October 31st as required, the report was based on preliminary estimates. The books and records of the Sheriff's office were not officially closed and ready for audit until March 5, 2018. We also noted that bank reconciliations for the month ended September 30, 2017, were not completed until January and February of 2018.

(Concluded)**

Internal Control Over Financial Reporting (Concluded)

2016-1 Financial Statement Close (Concluded)

Cause: According to Sheriff personnel, the delay in the closing of the books and the preparation of timely bank reconciliations was due to the lack of sufficient staffing in the Sheriff's accounting department necessary to have all transactions entered into the accounting system and have the bank reconciliations prepared accurately and timely.

Effect: Without effective procedures in place to close the books and prepare timely bank account reconciliations, there is an increased risk that errors or fraud will go undetected for long periods of time.

Recommendation: We recommend the Sheriff's office evaluate the need to hire additional accounting staff (internal or external) to assist with the monthly and year-end closing process. We further recommend a detailed plan be established including scheduled completion dates for each step required in the closing process and bank reconciliations. We also recommend the Sheriff's office implement procedures to ensure that all bank accounts are reconciled within 20 days of month-end.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Sheriff's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted a certain matter that we have reported to management of the Sheriff in a separate letter dated April 16, 2018.

Response to Finding

The Sheriff's response to the findings identified in our audit is included in the accompanying Management's Response on page 36. The Gadsden County Sheriff's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Sheriff's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Gadsden County Sheriff's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

The Honorable Morris A. Young
Gadsden County Sheriff
Gadsden County, Florida

We have examined Gadsden County, Florida, Sheriff's (the Sheriff) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Sheriff's compliance with those requirements. Our responsibility is to express an opinion on the Sheriff's compliance based on our examination.

Our examination was conducted in accordance with the attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Sheriff's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Sheriff's compliance with specified requirements.

In our opinion, the Sheriff complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Sheriff and its management, and the Board of Commissioners of Gadsden County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

Honorable Morris A. Young
Gadsden County Sheriff
Gadsden County, Florida

Report on the Financial Statements

We have audited the financial statements of each major fund and the aggregate remaining fund information of the Gadsden County, Florida, Sheriff (the Sheriff), as of and for the fiscal year ended September 30, 2017, and have issued our report thereon dated April 16, 2018.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 16, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. Finding No. 2016-1, as reported in our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* is considered to be uncorrected.

Official Title and Legal Authority

Section 10.554(1)(i)(4)., *Rules of the Auditor General*, requires the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the note of the financial statements. The Sheriff was established by the Constitution of the State of Florida, Article VIII, Section 1(d). There were no component units related to the Sheriff.

MANAGEMENT LETTER
(Concluded)

Financial Management

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we offer the following recommendation.

■ **2017-1 Confiscated Funds**

During our review of confiscated funds, we noted that the Sheriff's office does not maintain a comprehensive, continuous activity log related to cash held in their safe as evidence. Inventory of cash held in evidence is currently maintained on a multi-tab Excel workbook. We recommend that the Sheriff's office unify the current log into a comprehensive, continuous log including entries by date which includes all cash activity into and out of the safe. Additionally, we noted many of the cases related to the cash held in evidence are several years old. We recommend the Sheriff's office perform periodic (at least annual) reviews of cash held in evidence to determine if a court order can be obtained to release the funds to the appropriate party or forfeited to the Board's Fine and Forfeiture fund.

In addition to cash held in the safe as evidence, there are certain confiscated funds that are currently maintained in one of the Sheriff's bank accounts totaling \$23,525, which have been held for several years. A review of the case files related to these funds needs to be performed and a determination be made as to whether a court order can be obtained to release the funds to the appropriate party or remit them to the Board's Fine and Forfeiture fund.

Additional Matters

Section 10.554(1)(i)3., *Rules of Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Sheriff and its management, and the Board of County Commissioners of Gadsden County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

Dear Ms. Norman:

After reviewing the management letter comments regarding the audit performed by Purvis, Gray & Company, LLP for the fiscal year end September 30, 2017, we would like to respond as follows:

Prior and Current Year Findings and Recommendations

▪ 2016-1 – Financial Statement Close

Pursuant to Florida Statutes, Section 218.36, each County Officer is required to make an annual report of revenues and expenditures within thirty-one days of the close of the fiscal year. While this report was submitted to the County by October 31st as required, the report was based on preliminary estimates. Upon our arrival to begin fieldwork on March 5, 2018, the books and records of the Sheriff's office were not ready for audit. The Sheriff's accounting department currently consists of two employees and one outside consultant. This lack of sufficient staffing appears to be the cause of the delay in the financial closing process. We recommend the Sheriff's office evaluate the need to hire additional accounting staff (internal or external) to assist with the monthly and year-end closing process. We further recommend a detailed plan be established including scheduled completion dates for each step required in the closing process.

Management's Response

Financial Statement Closing was done and a report was submitted to the Board's Finance Office by October 31, 2017. However, additional adjustments were done to complete the Financial Closing process. Factors affecting the Financial Statement Closing process were due to time allocated to training new Accounting Personnel hired at the end of September 2017 and a brief staff change in June 2017 (retirement).

We're currently streamlining our closing process to be completed on a monthly basis. Purvis Gray & Company discussed the financial statement close process with the Finance Director. The Gadsden County Sheriff's Office has hired additional accounting personnel and continue to use an outside consultant to assist with the financial statement close process.

The year-end close process is generally completed by October 31st of each year in order to meet the requirement to remit excess fees to the Board. The financial statement close process is not formally documented but is summarized as follows:

- Reconcile all bank accounts by the 15th (approx.) of each month
- Review September invoices received in October for recording of additional Accounts Payable.
- Call various vendors (including BCC) that bill the GCSO monthly and get an advance copy of invoices.
- Complete grant billings and record related receivables
- Balance Due to/Due from's across funds
- Prepare deposit analysis to ensure proper posting and recording of deposits.
- Ensure other fees and Civil Liabilities are paid to BCC.
- Run budget vs. actual reports and compute excess funds Due to BCC.
- Reconcile quarterly 941's to salaries expense per g/l.

The financial statements and note disclosures are prepared by the external auditing firm. These financial statements are reviewed by the Finance Director and the outside consultant for accuracy and agreement with the internal financial statements.

Purvis Gray and Company reviewed the closing procedures described above.

▪ **2017-1 – Confiscated Funds**

During our review of confiscated funds, we noted that the Sheriff's Office does not maintain a comprehensive, continuous activity log related to cash held in their safe as evidence. Inventory of cash held in evidence is currently maintained on a multi-tab excel workbook. We recommend that the Sheriff's Office unify the current log into a comprehensive, continuous log including entries by date which includes all cash activity into and out of the safe. Additionally, we noted many of the cases related to the cash held in evidence are several years old. We recommend the Sheriff's Office perform periodic (at least annual) reviews of cash held in evidence to determine if a court order can be obtained to release the funds to the appropriate party or forfeited to Board's Fine and Forfeiture fund.

In addition to cash held in the safe as evidence, there are certain confiscated funds that are currently maintained in one of the Sheriff's bank accounts totaling \$23,525, which have been held for several years. A review of the case files related to these funds needs to be performed and a determination be made as to whether a court order can be obtained to release the funds to the appropriate party or remit them to the Board's Fine and Forfeiture fund.

Management Response:

In accordance with our Property and Evidence Policy and Procedure, property (to include found/ recovered) and/or evidence taken into custody by the Gadsden County Sheriff's Office will be handled, stored in designated secure areas with controlled access, and disposed of in accordance with the law. This is to include all guns, cash, drugs, (no matter the amount) and or drug paraphernalia that have been found, recovered, seized, or have evidentiary value.

All evidence seized by Officers of the Gadsden County Sheriff's Office are entered into our SmartCOP Software System by the Seizing Officer and is received by the Property and Evidence Custodian. Seized property is tracked and maintained by the Evidence Custodian in our SmartCOP Software System Evidence Module, seized cash is inclusive. Property receipts with seized cash are taken to the Finance Office to be verified and sealed by the Property and Evidence Custodian and the Staff Accountant. Daily logs are prepared in the Finance Office to document all seized cash stored in the locked and sealed Finance Office Safe. The logs list the dates received in the Finance Office, the case number, date seized, defendant's name, name of the Seizing Officer, the amount and the location/disposition.

The most recent review of the seized money held as evidence was completed on July 14, 2017 by Sergeant Anglie Hightower, Criminal Investigation Division and Captain Timothy Ashley, Patrol Division. After the review in July 2017, the Property and Evidence Custodian Janice Tyus, pulled court ordered documents and purged the lists of seized money cases to determine the final disposition of the cases. At the recommendation of previous auditors and in accordance with the written legal advice from our forfeiture Attorney, we're processing a forfeiture of seized money to submit to the Sheriff's Fine and Forfeiture Fund held by the Gadsden County Board of Commissioners-Clerk of Clerk Finance Office.

The Gadsden County Sheriff's Office Special Fund Account was created to handle large amounts of seized evidence money and is included in the current forfeiture process being conducted. The seized money in the Special Account (\$23,525) is a carryover from prior years and we are investigating these funds to remit to the appropriate party or the Fine and Forfeiture held by the Board of County Commissioners-Clerk of Court Finance Office.

All other Court Ordered Forfeiture papers are given to the Finance Office by the Property and Evidence Custodian to be taken from the safe as they occur and are sent to the Clerk of the Courts Finance Office to be deposited into the Fine and Forfeiture Fund. Court Orders requesting the return of seized funds to the defendants are documented on the property receipts along with a copy of the defendant's driver license and signature.

Sincerely,

A handwritten signature in blue ink, appearing to read 'MAY', with a large, stylized flourish at the end.

Morris A. Young
Gadsden County Sheriff

INDEPENDENT AUDITORS' REPORT

The Honorable W. Dale Summerford
Gadsden County Tax Collector
Gadsden County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund and the aggregate remaining fund information of the Gadsden County, Florida, Tax Collector (the Tax Collector) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Tax Collector's financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITORS' REPORT
(Concluded)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund and the aggregate remaining fund information of the Tax Collector as of September 30, 2017, and the respective changes in financial position and budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* (the Rules) of the State Florida. In conformity with the Rules, the accompanying financial statements are intended to present the financial position, changes in financial position, and budgetary comparisons of the general fund, and the aggregate remaining fund information, only for that portion of the major funds and the aggregate remaining fund information of Gadsden County, Florida, that is attributable to the Tax Collector. They do not purport to, and do not, present fairly the financial position of Gadsden County, Florida, as of September 30, 2017, and the changes in its financial position and budgetary comparisons for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Tax Collector's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters included under the heading Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Governmental Auditing Standards*. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS GADSDEN COUNTY TAX COLLECTOR

Note 1 - Summary of Significant Accounting Policies

The following is a summary of significant accounting principles and policies used in the preparation of the accompanying financial statements.

Reporting Entity

Gadsden County, Florida (the County) is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board) and an appointed County Administrator, as provided by Section 125.73, Florida Statutes. The County Administrator is responsible for the administration of all departments of which the Board has the authority to control pursuant to the general laws of Florida.

The Gadsden County, Florida, Tax Collector (the Tax Collector) is an elected official of the County pursuant to the Constitution of the State of Florida, Article VIII, Section 1(d). The Tax Collector is a part of the primary government of the County. The Florida Department of Revenue approves the Tax Collector's operating budget, the Tax Collector is responsible for the administration and operation of the Tax Collector's office, and the Tax Collector's financial statements do not include the financial statements of the Board or the other Constitutional Officers of the County. There were no component units related to the Tax Collector.

The Tax Collector operates as a Fee Officer. Upon approval of the operating budget, revenues are collected from fees and from commissions earned for the collection of taxes for the County taxing authorities pursuant to Section 192.091(2), Florida Statutes. Any excess revenues received over expenditures made are remitted at year-end to the taxing districts.

For financial reporting purposes, the Tax Collector is deemed to be a part of the primary government of the County and, therefore, is included as such in the County's annual financial report.

Basis of Presentation

The accompanying financial statements include all funds and accounts of the Tax Collector's office, but are not a complete presentation of the County as a whole. Except for this matter, they are otherwise in conformity with accounting principles generally accepted in the United States of America (GAAP). The accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(4), *Rules of the Auditor General—Local Governmental Entity Audits*.

The financial transactions of the Tax Collector are recorded in individual funds. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. These funds are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

The Tax Collector reports the following fund types:

■ **Governmental Fund Type**

● **Major Fund**

- ▶ **General Fund**—The General Fund is the general operating fund of the Tax Collector. This fund is used to account for all financial transactions not required to be accounted for in another fund.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY TAX COLLECTOR

Note 1 - Summary of Significant Accounting Policies (Continued)

Basis of Presentation (Concluded)

■ **Fiduciary Fund Type**

- **Agency Fund**—The Agency Fund is used to account for assets held by the Tax Collector as an agent for individuals, private organizations, and/or other governmental units. These are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Such assets include receipts for property taxes, vehicle registrations and sales tax, and hunting and fishing licenses.

Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting refers to the timing of the measurements made, regardless of the measurement focus applied. All governmental funds and agency funds are accounted for using the modified accrual basis of accounting.

Under this method, revenues are recognized when they become both measurable and available to finance expenditures of the current period. The Tax Collector considers revenues to be available if they are collected within thirty days of the end of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred, except for accumulated sick and vacation pay, which are not recorded until paid. Charges for services and investment revenue are recorded as earned.

Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or “financial flow” measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of “available spendable resources” during a period.

Budgetary Requirement

The revenues and expenditures accounted for in the budgetary fund are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget is approved by the Florida Department of Revenue for the general fund. Budget to actual comparisons are provided in the financial statements for the general fund, where the Tax Collector has legally adopted an annual budget. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year.

Budgets are prepared on the modified accrual basis of accounting.

The Tax Collector’s annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year-end.

Note 1 - Summary of Significant Accounting Policies (Continued)

Capital Assets

Tangible personal property is recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Tax Collector are capitalized at cost in the capital asset accounts of the County. The Tax Collector maintains custodial responsibility for the capital assets used by the office.

The Tax Collector also utilizes certain computer equipment and software for vehicle and boat registrations, which belongs to the Florida Department of Highway Safety and Motor Vehicles (DMV) and software licensed to the State of Florida Fish and Wildlife Conservation Commission (FFWCC). The cost of this equipment is not recognized in the statement of net position of the County as title to the equipment is held by DMV and FFWCC.

Accrued Compensated Absences

It is the Tax Collector's policy to grant all full-time employees annual and sick leave. Annual leave can be accumulated, but it is limited to an accumulation of 240 hours at the end of each calendar year. Excess annual leave at December 31 is converted to sick leave. There is no limitation on the accumulation of sick leave. Upon termination of employment, the employee can receive a cash benefit for certain balances of their annual and sick leave based upon the employee's current wage rate. After one year of employment upon termination, annual leave up to the maximum of 240 hours will be paid. After five years of employment upon termination, sick leave up to the maximum of 240 hours will be paid.

The liability for compensated absences is not reported in the Tax Collector's financial statements, but is included in the statement of net position in the County-wide financial statements.

Property Tax Collections

Chapter 197, Florida Statutes, governs property tax collections.

- *Current Taxes*—All property taxes become due and payable on November 1, and are delinquent on April 1 of the following year. Discounts of 4%, 3%, 2%, and 1% are allowed for early payment in November through February, respectively.
- *Unpaid Taxes - Sale of Tax Certificates*—The Tax Collector advertises, as required by Florida Statutes, then sells tax certificates on all real property for unpaid taxes. Certificates not purchased are issued to the County. Any person owning real property upon which a tax certificate has been sold may reacquire the real property by paying the Tax Collector the face amount of the tax certificate plus interest and other costs.
- *Tax Deeds*—The owner of a tax certificate may, after two years when the taxes have been delinquent (after April 1), file an application for tax deed sale. The County, as a certificate owner, may exercise similar procedures two years after taxes have been delinquent (after April 1). Tax deeds are issued to the highest bidder for the property, which is sold at public auction. The Clerk of the Circuit Court administers these sales.

Excess Revenues

The Tax Collector is considered a fee officer because operations are funded primarily by fees for services. No funds are received from the Board other than applicable fees. In accordance with Florida Statutes, the Tax Collector distributes all General Fund revenues in excess of expenditures to the Board of County Commissioners and other ad valorem taxing authorities on a pro-rata basis of fees collected, within 31 days following the end of the fiscal year. These excess fees are reported as a liability and as transfers out to the Board of County Commissioners or deducted from fees earned for amounts distributed to other governments.

Related Organizations - Service Fees and Common Expenses

The Tax Collector's charges for services included approximately \$447,872 received from the Board as fees for real and tangible property tax collections.

Certain expenses, which are common to the Board and all Constitutional Officers, are reported as expenses of the Board and, therefore, are not budgeted by or allocated to the Tax Collector.

These expenses paid by the Board relating to the Tax Collector's operations are:

- | | |
|--------------------------------|--|
| ■ Occupancy Costs | ■ Property and Workers' Compensation Insurance |
| ■ Janitorial Service | ■ Employees' Health and Life Insurance |
| ■ Utilities (Except Telephone) | |

Note 2 - Cash

As of September 30, 2017, the Tax Collector had the following in cash:

	Carrying Amount
Cash on Hand	\$ 1,953
Deposits in Qualified Public Depositories	455,199
Total Cash	<u>\$ 457,152</u>

Credit Risk

Section 218.415(17), Florida Statutes, stipulates the State-approved investment policy for all governmental entities and includes the following investments:

- The Local Government Surplus Funds Trust Fund, administered by the State Board of Administration.
- Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally-recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories.
- Direct obligations of the U.S. Treasury.

The Tax Collector has no investment policy that would further limit its investment choices.

Note 2 - Cash (Concluded)

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The Tax Collector's deposits are therefore considered fully insured or collateralized. Bank balances at September 30, 2017, were \$479,843.

Tax Collector funds are maintained in an interest-bearing demand deposit account, which is collateralized pursuant to Section 280.04, Florida Statutes.

Note 3 - Employee Retirement Plan

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Tax Collector are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the Tax Collector are as follows:

- *Regular Class*—Members of the Plan who do not qualify for membership in the other classes.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY TAX COLLECTOR

Note 3 - Employee Retirement Plan (Continued)

FRS Pension Plan (Continued)

Plan Description. (Concluded)

- *Elected County Officer Class*—Members who hold specified elective offices in local government.
- *Senior Management Service Class*—Members in senior management level positions.
- *Regular Class Retirees Reemployed*—Retired members who are reemployed after July 1, 2010.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Certain members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned:

NOTES TO FINANCIAL STATEMENTS

Note 3 - Employee Retirement Plan (Continued)

FRS Pension Plan (Continued)

Benefits Provided. (Concluded)

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value
<i>Regular Class Members Initially Enrolled Before July 1, 2011:</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class Members Initially Enrolled on or After July 1, 2011:</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2016-2017 fiscal year were as follows:

Class	Year Ended June 30, 2017 Percent of Gross Salary		Year Ended June 30, 2018 Percent of Gross Salary	
	Employee	Employer (2)	Employee	Employer (2)
FRS, Regular	3.00	5.80	3.00	6.20
FRS, Elected County Officers	3.00	40.75	3.00	43.78
FRS, Senior Management Service	3.00	20.05	3.00	20.99
DROP – Applicable to Members from All of the Above Classes	0.00	11.33	0.00	11.54
FRS, Reemployed Retiree	(1)	(1)	(1)	(1)

- Notes:** (1) Contribution rates are dependent upon retirement class in which reemployed.
(2) These rates include the normal cost and unfunded actuarial liability contributions but do not include the contribution for Retiree Health Insurance Subsidy of 1.66% and the fee of 0.06% for administration of the FRS Investment Plan and provision of education tools for both plans.

FRS Pension Plan (Concluded)

Contributions. (Concluded)

The Tax Collector contributions (employer) to the FRS Plan totaled \$70,594 for the fiscal year ended September 30, 2017. This excludes the HIS defined benefit pension plan contributions.

Pension Liabilities. At September 30, 2017, the Tax Collector's proportionate share of the FRS net pension liability was \$802,128. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Tax Collector's proportionate share of the net pension liability was based on the Tax Collector's 2017-17 fiscal year contributions of all participating members.

Further details of the FRS Plan net pension liability, annual pension expense, actuarial assumptions, sensitivity analysis, and other required disclosures can be found in the County-wide annual financial report.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal years ended June 30, 2017 and 2016, the contribution rates were 1.66% of payroll, pursuant to Section 112.363, Florida Statutes. The Tax Collector contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

The Tax Collector's contributions to the HIS Plan totaled \$8,441 for the fiscal year ended September 30, 2017.

HIS Pension Plan (Concluded)

Pension Liabilities. At September 30, 2017, the Tax Collector's proportionate share of the HIS net pension liability was \$170,550. The net pension liability was measured as of June 30, 2017, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of July 1, 2017. The Tax Collector's proportionate share of the net pension liability was based on the Tax Collector's 2016-17 fiscal year contributions of all participating members. At June 30, 2017, the Tax Collector's proportion was .00001595050%, which was a decrease of .00000033081 from its proportion measured as of June 30, 2016.

Further details of the HIS Plan net pension liability, annual pension expense, actuarial assumptions, sensitivity analysis, and other required disclosures can be found in the County-wide annual financial report.

FRS – Defined Contribution Pension Plan

The Tax Collector contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Tax Collector employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contribution rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices. Allocations to the investment members' accounts (employer and employee) during the 2016-17 fiscal year were as follows:

<u>Class</u>	<u>Percent of Gross Compensation</u>
FRS, Regular	6.30%

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Plan is transferred to the Investment Plan, the member must have the years of service required for Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the

five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Tax Collector.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

The Tax Collector's contributions to the Investment Plan totaled \$8,030 for the fiscal year ended September 30, 2017.

Note 4 - Risk Management

The Tax Collector is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees and/or the public; or damage to property of others. The Tax Collector participates in the risk management program through the Board, which uses commercial insurance and a public entity risk pool to cover certain risks from loss.

The Board obtained commercial insurance against losses for the following types of risk:

- Real and Personal Property Damage
- Workers' Compensation
- Public Employees' Bond
- Automobile Liability

The Board participates in the Florida Association of Counties Trust (FACT), a public entity risk pool for risks related to comprehensive general liability. The agreement provides that the financial liability for each participating county is limited to premiums and surplus contributions paid or obligations made to FACT. Aggregate coverage provided is limited to \$1,000,000 for each claim.

Note 5 - Long-term Liabilities

A summary of the Tax Collector's long-term liabilities is as follows:

	Balance				Balance
	October 1, 2016	Additions	Retirements		September 30, 2017
Liability for Compensated Absences	\$ 53,303	\$ 12,094	\$ 13,670	\$	51,727

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY TAX COLLECTOR
(Continued)

Note 5 - Long-term Liabilities (Concluded)

Of the \$51,727 liability for accrued compensated absences, management estimates that \$13,832 will be due and payable within one year. The liability is not reported in the financial statements of the Tax Collector since it is not payable from available resources at September 30, 2017. As discussed in Note 1, the liability is reported on the statement of net position in the County-wide financial statements.

See Note 3 for a description of the Net Pension Liabilities related to the FRS and HIS Pension Plans.

Other postemployment benefits represent the portion of the liability based upon current and retired employees of the Tax Collector. See Note 7 for a description of the other postemployment benefits.

Note 6 - Interfund Receivables and Payables

The General Fund due to the Agency Fund of \$1,951 consists of an amount to cover bank service charges in excess of interest earned. The Agency Fund due to the General Fund of \$388 consists of fees on transactions collected by the Agency Fund. These payments were made shortly after the fiscal year-end.

Note 7 - Other Postemployment Benefits

Plan Description—The Tax Collector participates and administers an agent single-employer plan under which qualified retired employees are permitted to participate in health, dental, vision, and life insurance benefits program (the Program). A stand-alone financial report is not issued for the Program.

Funding Policy—Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions.

Annual Other Postemployment Benefits (OPEB) Cost and Net OPEB Obligation—The Tax Collector's OPEB obligation is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the guidance provided by Governmental Accounting Standards Board Statement No. 45—*Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 20 years.

The Tax Collector's portion of the other postemployment benefits liability at September 30, 2017, totaled \$28,300. This liability will be included in long-term liabilities in the County-wide financial statements. Details and other required disclosures can be found in the County-wide annual financial report.

Note 8 - Operating Leases

The Tax Collector is leasing a copier under an operating lease that concludes during the fiscal year ending September 30, 2018. During fiscal year 2016 the Tax Collector entered into a new operating lease for a Folder/Inserter machine. This lease concludes during the fiscal year ending September 30, 2021.

During the fiscal year ended September 30, 2017, the lease payments on all operating leases amounted to \$4,456. Total subsequent lease payments payable during 2018, 2019, 2020, 2021, and 2022 are \$3,498, \$2,940, \$2,940, \$735, and \$0, respectively.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

The Honorable W. Dale Summerford
Gadsden County Tax Collector
Gadsden County, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the general fund and the aggregate remaining fund information of the Gadsden County, Florida, Tax Collector (the Tax Collector) as of and for the year ended September 30, 2017, and the related notes to the financial statements and have issued our report thereon dated April 10, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Tax Collector's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Tax Collector's internal control. Accordingly, we do not express an opinion on the effectiveness of the Tax Collector's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Tax Collector's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(Concluded)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Tax Collector's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Tax Collector's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Tax Collector's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

The Honorable W. Dale Summerford
Gadsden County Tax Collector
Gadsden County, Florida

We have examined Gadsden County, Florida, Tax Collector's (the Tax Collector) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Tax Collector's compliance with those requirements. Our responsibility is to express an opinion on the Tax Collector's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Tax Collector's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Tax Collector's compliance with specified requirements.

In our opinion, the Tax Collector complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Tax Collector, its management, and the Board of County Commissioners of Gadsden County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable W. Dale Summerford
Gadsden County Tax Collector
Gadsden County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund and the aggregate remaining fund information of the Gadsden County, Florida, Tax Collector (the Tax Collector), as of and for the year ended September 30, 2017, and have issued our report thereon dated April 10, 2018.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 10, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Tax Collector was established by the Constitution of the State of Florida, Article VIII, Section 1(d). There were no component units related to the Tax Collector.

Financial Management

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Tax Collector, its management, and the Board of County Commissioners of Gadsden County, Florida; and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT AUDITORS' REPORT

The Honorable Reginald A. Cunningham
Gadsden County Property Appraiser
Gadsden County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Gadsden County, Florida, Property Appraiser (the Property Appraiser) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Property Appraiser's financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Property Appraiser's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

INDEPENDENT AUDITORS' REPORT
(Concluded)

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund of the Property Appraiser as of September 30, 2017, and the respective changes in financial position and budgetary comparisons for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position, changes in financial position, and budgetary comparisons of the general fund, only for that portion of the major funds of Gadsden County, Florida, that is attributable to the Property Appraiser. They do not purport to, and do not, present fairly the financial position of Gadsden County, Florida, as of September 30, 2017, the changes in its financial position and budgetary comparisons for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Property Appraiser's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

**NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY PROPERTY APPRAISER**

Note 1 - Summary of Significant Accounting Policies

The following is a summary of significant accounting principles and policies used in the preparation of the accompanying financial statements.

Reporting Entity

Gadsden County, Florida, (the County) is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board) and an appointed County Administrator, as provided by Section 125.73, Florida Statutes. The County Administrator is responsible for the administration of all departments of which the Board has the authority to control pursuant to the general laws of Florida.

The Gadsden County, Florida Property Appraiser (the Property Appraiser) is an elected official of the County pursuant to the Constitution of the State of Florida, Article VIII, Section 1(d). The Property Appraiser is a part of the primary government of the County. The Florida Department of Revenue approves the Property Appraiser's total operating budget, and effective June 2011, the Clerk of Court was responsible for accounting for the Property Appraiser's transactions. The Property Appraiser is responsible for the administration and operation of the Property Appraiser's office, and the Property Appraiser's financial statements do not include the financial statements of the Board or the other Constitutional Officers of the County. There were no component units related to the Property Appraiser.

The operations of the Property Appraiser are funded by the Board and the Northwest Florida Water Management District. The receipts from the Board are recorded as other financing sources on the Property Appraiser's financial statements.

For financial reporting purposes, the Property Appraiser is deemed to be a part of the primary government of the County and, therefore, is included as such in the County's annual financial report.

Basis of Presentation

The accompanying financial statements include all funds and accounts of the Property Appraiser's office, but are not a complete presentation of the County as a whole. Except for this matter, they are otherwise in conformity with accounting principles generally accepted in the United States of America (GAAP). The accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(4), *Rules of the Auditor General—Local Governmental Entity Audits*.

The financial transactions of the Property Appraiser are recorded in one individual fund. This fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures.

The Property Appraiser reports the following fund type:

■ **Governmental Fund Type**

● **Major Fund**

- **General Fund**—The General Fund is the general operating fund of the Property Appraiser. It is used to account for all financial resources, except for those required to be accounted for in another fund.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY PROPERTY APPRAISER
(Continued)

Note 1 - Summary of Significant Accounting Policies (Continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and refers to the timing of the measurements made, regardless of the measurement focus applied.

The modified accrual basis of accounting is followed by the general fund. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available to finance expenditures of the current period. The Property Appraiser considers revenues to be available if they are collected within thirty days of the end of the current fiscal period. Expenditures are recorded when the liability is incurred, except for accumulated sick and vacation pay, which is not recorded until paid.

Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. The General Fund is accounted for on a spending or "financial flow" measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. General Fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of "available spendable resources" during a period.

Budgetary Requirement

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget is approved by the Florida Department of Revenue for the general fund. Budget to actual comparisons are provided in the financial statements for the general fund, where the Property Appraiser has legally adopted an annual budget. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year.

Budgets are prepared on the modified accrual basis of accounting.

The Property Appraiser's annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year-end.

Capital Assets

Tangible personal property is recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Property Appraiser are capitalized at cost in the capital asset accounts of the County. The Property Appraiser maintains custodial responsibility for the capital assets used by his office.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY PROPERTY APPRAISER
(Continued)

Note 1 - Summary of Significant Accounting Policies (Concluded)

Compensated Absences

Permanent full-time employees of the Property Appraiser are entitled to accrue annual leave time. At the time of termination, employees will be compensated for 100% of their accrued annual leave hours.

Sick leave is accumulated at the rate of four hours for each full calendar month of continuous employment during the first year and eight hours during each subsequent year. There is no limit on the amount of sick leave that can be accumulated. At the time of termination, employees will be compensated for 50% of their accrued sick leave hours.

The liability for compensated absences is not reported in the Property Appraiser's financial statements, but is included in the statement of net position in the County-wide financial statements.

Transfers In and Out

The Board funds primarily all the operating budget of the Property Appraiser. The payments by the Board to fund the operations of the Property Appraiser are recorded as transfers in on the financial statements of the Property Appraiser. In accordance with Florida Statutes, the Property Appraiser distributes all General Fund revenues in excess of expenditures to the Board within 31 days following the end of the fiscal year.

Related Organizations - Common Expenses

Certain expenses, which are common to the Board and all Constitutional Officers, are reported as expenses of the Board and, therefore, are not budgeted by or allocated to the Property Appraiser. These expenses paid by the Board relating to the Property Appraiser's operations are:

- Occupancy Costs
- Janitorial Service
- Utilities (Except Telephone)

Note 2 - Cash

As of September 30, 2017, the carrying amount of the Property Appraiser's deposits was \$18,375.

Credit Risk

Section 218.415(17), Florida Statutes, stipulates the State-approved investment policy for all governmental entities and includes the following investments:

- The Florida PRIME (formerly the Local Government Surplus Trust Fund), administered by the State Board of Administration.
- Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally-recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories.
- Direct obligations of the U.S. Treasury.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY PROPERTY APPRAISER
(Continued)

Note 2 - Cash (Concluded)

Credit Risk (Concluded)

The Property Appraiser does not have an investment policy that would further limit its investment choices.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The Property Appraiser's deposits are therefore considered fully insured or collateralized.

Note 3 - Employee Retirement Plan

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Property Appraiser are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

The Property Appraiser's contributions paid for the years ended September 30, 2017, 2016, and 2015, were \$66,303, \$43,677, and \$49,047, respectively, which is equal to the required contribution for each year. The net pension liability for the Property Appraiser is not calculated separately but is reported as part of the County's total net pension liability and shown in the county-wide statement of net position for Gadsden County, Florida.

Note 3 - Employee Retirement Plan (Continued)

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the Property Appraiser are as follows:

- *Regular Class*—Members of the Plan who do not qualify for membership in the other classes.
- *Elected County Officer Class*—Members who hold specified elective offices in local government.
- *Senior Management Service Class*—Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Certain members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned.

FRS Pension Plan (Concluded)

Benefits Provided. (Concluded)

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value
<i>Regular Class Members Initially Enrolled Before July 1, 2011:</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class Members Initially Enrolled on or After July 1, 2011:</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2016-2017 fiscal year were as follows:

Class	Year Ended June 30, 2017 Percent of Gross Salary		Year Ended June 30, 2018 Percent of Gross Salary	
	Employee	Employer (2)	Employee	Employer (2)
FRS, Regular	3.00	5.80	3.00	6.20
FRS, Elected County Officers	3.00	40.75	3.00	43.78
FRS, Senior Management Service	3.00	20.05	3.00	20.99
DROP – Applicable to Members from All of the Above Classes	0.00	11.33	0.00	11.60
FRS, Reemployed Retiree	(1)	(1)	(1)	(1)

Notes: (1) Contribution rates are dependent upon retirement class in which reemployed.

(2) These rates include the normal cost and unfunded actuarial liability contributions but do not include the contribution for Retiree Health Insurance Subsidy of 1.66% and the fee of 0.06% for administration of the FRS Investment Plan and provision of education tools for both plans.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal years ended June 30, 2018 and 2017, the contribution rates were 1.66% and 1.66% of payroll respectively, pursuant to Section 112.363, Florida Statutes. The Property Appraiser contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

FRS – Defined Contribution Pension Plan

The Property Appraiser contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Property Appraiser employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual members' accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contributions rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

Note 3 - Employee Retirement Plan (Concluded)

FRS – Defined Contribution Pension Plan (Concluded)

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Plan is transferred to the Investment Plan, the member must have the years of service required for Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Property Appraiser.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Note 4 - Risk Management

The Property Appraiser is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors or omissions; injuries to employees and/or the public; or damage to property of others. The Property Appraiser participates in the risk management program through the Board, which uses commercial insurance and a public entity risk pool to cover certain risks from loss.

The Board obtained commercial insurance against losses for the following types of risk:

- Real and Personal Property Damage
- Public Employees' Bond
- Workers' Compensation
- Automobile Liability

The Board participates in the Florida Association of Counties Trust (FACT), a public entity risk pool for risks related to comprehensive general liability. The agreement provides that the financial liability for each participating county is limited to premiums and surplus contributions paid or obligations made to FACT. Aggregate coverage provided is limited to \$1,000,000 for each claim.

Note 5 - Long-term Liabilities

A summary of the Property Appraiser's long-term liabilities is as follows:

	<u>Balance</u> <u>October 1, 2016</u>	<u>Additions</u>	<u>Retirements</u>	<u>Balance</u> <u>September 30, 2017</u>
Liability for Compensated Absences	\$ 17,165	\$ 17,163	\$ (17,732)	\$ 16,596
Other Postemployment Benefits	30,600	200	0	30,800
Total	<u>\$ 47,765</u>	<u>\$ 17,363</u>	<u>\$ (17,732)</u>	<u>\$ 47,396</u>

Of the \$16,596 liability for accrued compensated absences, management estimates that \$9,982 will be due and payable within one year. The liability is not reported in the financial statements of the Property Appraiser since they are not payable from available resources at September 30, 2017. As discussed in Note 1, the liability is reported on the statement of net position in the County-wide financial statements.

Other postemployment benefits represent the portion of the liability based upon current and retired employees of the Property Appraiser (see Note 6 for a description of other postemployment benefits).

Note 6 - Other Postemployment Benefits

Plan Description—The Property Appraiser participates and administers an agent single-employer plan under which qualified retired employees are permitted to participate in health, dental, vision, and life insurance benefits program (the Program). A stand-alone financial report is not issued for the Program.

Funding Policy—Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions.

Annual OPEB Cost and Net OPEB Obligation—The Property Appraiser's OPEB obligation is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the guidance provided by GASB Statement Number 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 20 years.

The Property Appraiser's portion of the other postemployment benefits liability at September 30, 2017, totaled \$30,800. This liability will be included in long-term liabilities in the County-wide financial statements. Details and other required disclosures can be found in the County-wide annual financial report.

Note 7 - Operating Leases

The Property Appraiser entered into lease agreements for three vehicles effective in May 2016. The Property Appraiser entered into a lease agreement for one vehicle effective in June 2017. The monthly lease payments were \$252, \$254, \$255, and \$440 respectively, and the lease agreements were for a thirty-six month period. During fiscal year 2017, lease payments on these vehicles amounted to \$10,897. The remaining lease payments on these vehicles are as follows:

<u>Year Ending September 30</u>	<u>Payments</u>

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Reginald A. Cunningham
Gadsden County Property Appraiser
Gadsden County, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the special purpose financial statements of the general fund of the Gadsden County, Florida, Property Appraiser (the Property Appraiser) as of and for the year ended September 30, 2017, and the related notes to the financial statements we have issued our report thereon dated April 10, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Property Appraiser's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Property Appraiser's internal control. Accordingly, we do not express an opinion on the effectiveness of the Property Appraiser's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Property Appraiser's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS
(Concluded)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Property Appraiser's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Property Appraiser's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Property Appraiser's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

The Honorable Reginald A. Cunningham
Gadsden County Property Appraiser
Gadsden County, Florida

We have examined Gadsden County, Florida, Property Appraiser's (the Property Appraiser) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Property Appraiser's compliance with those requirements. Our responsibility is to express an opinion on the Property Appraiser's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Property Appraiser's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Property Appraiser's compliance with specified requirements.

In our opinion, the Property Appraiser complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Property Appraiser, its management, and the Board of County Commissioners of Gadsden County, Florida, and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable Reginald A. Cunningham
Gadsden County Property Appraiser
Gadsden County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund of the Gadsden County, Florida, Property Appraiser (the Property Appraiser), as of and for the year ended September 30, 2017, and have issued our report thereon dated April 10, 2018.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 10, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Property Appraiser was established by the Constitution of the State of Florida, Article VIII, Section 1(d). There were no component units related to the Property Appraiser.

Financial Management

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Property Appraiser, its management, and the Board of County Commissioners of Gadsden County, Florida, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.

INDEPENDENT AUDITORS' REPORT

The Honorable Shirley Green Knight
Gadsden County Supervisor of Elections
Gadsden County, Florida

Report on the Financial Statements

We have audited the accompanying financial statements of the general fund of the Gadsden County, Florida, Supervisor of Elections (the Supervisor of Elections) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Supervisor of Elections' financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the general fund of the Supervisor of Elections as of September 30, 2017, and the respective changes in financial position and budgetary comparison for the general fund, for the year then ended in accordance with accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITORS' REPORT
(Concluded)

Emphasis of Matter

As discussed in Note 1 to the financial statements, the financial statements referred to above were prepared solely for the purpose of complying with the *Rules of the Auditor General* of the State of Florida (the Rules). In conformity with the Rules, the accompanying financial statements are intended to present the financial position, changes in financial position, and budgetary comparisons of the general fund, only for that portion of the major funds of Gadsden County, Florida, that is attributable to the Supervisor of Elections. They do not purport to, and do not, present fairly the financial position of Gadsden County, Florida as of September 30, 2017, and the changes in its financial position and budgetary comparisons for the year then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to these matters.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued a report on our consideration of the Supervisor of Elections' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS

**NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY SUPERVISOR OF ELECTIONS**

Note 1 - Summary of Significant Accounting Policies

The following is a summary of significant accounting principles and policies used in the preparation of the accompanying financial statements.

Reporting Entity

Gadsden County, Florida, (the County) is a political subdivision of the State of Florida. It is governed by an elected Board of County Commissioners (the Board) and an appointed County Administrator, as provided by Section 125.73, Florida Statutes. The County Administrator is responsible for the administration of all departments of which the Board has the authority to control pursuant to the general laws of Florida.

The Gadsden County, Florida, Supervisor of Elections (the Supervisor of Elections) is an elected official of the County, pursuant to the *Constitution of the State of Florida*, Article VIII, Section 1(d) and is a part of the primary government of the County. The Board approves the Supervisor of Elections' total operating budget and the Clerk of Court is responsible for accounting for the Supervisor of Elections' transactions. The Supervisor of Elections is responsible for the administration and operation of the Supervisor of Elections' office, and the Supervisor of Elections' financial statements do not include the financial statements of the Board or the other Constitutional Officers of the County. There were no component units related to the Supervisor of Elections.

The operations of the Supervisor of Elections are funded by the Board. The receipts from the Board are recorded as other financing sources on the Supervisor of Elections' financial statements and as other financing uses on the Board's financial statements.

For financial reporting purposes, the Supervisor of Elections is deemed to be part of the primary government of the County and, therefore, is included as such in the County's annual financial report.

Basis of Presentation

The accompanying financial statements include all funds and accounts of the Supervisor of Elections' office, but are not a complete presentation of the County as a whole. Except for this matter, they are otherwise in conformity with accounting principles generally accepted in the United States of America (GAAP). The accompanying financial statements were prepared for the purpose of complying with Section 218.39, Florida Statutes, and Section 10.557(4), *Rules of the Auditor General—Local Governmental Entity Audits*.

The financial transactions of the Supervisor of Elections are recorded in one individual fund. This fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures.

The Supervisor of Elections reports the following fund type:

■ **Governmental Fund**

● **Major Fund**

- ▶ **General Fund**—The General Fund is the general operating fund of the Supervisor of Elections. It is used to account for all financial resources, except for those required to be accounted for in another fund.

Note 1 - Summary of Significant Accounting Policies (Continued)

Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements and refers to the timing of the measurements made, regardless of the measurement focus applied.

The modified accrual basis of accounting is followed by the general fund. Under the modified accrual basis of accounting, revenues are recognized when they are received in cash or when they become both measurable and available to finance expenditures of the current period. Expenditures are recorded when the liability is incurred and/or will be paid from expendable available financial resources, except for accumulated sick and vacation pay, which are not recorded until paid.

The Supervisor of Elections considers receivables collected within 30 days after year-end to be available and susceptible to accrual as revenues of the current year. The following major revenue is considered susceptible to accrual - intergovernmental revenue.

Measurement Focus

The accounting and financial reporting treatment applied to the fixed assets and long-term liabilities associated with a fund are determined by its measurement focus. The general fund is accounted for on a spending or "financial flow" measurement focus. This means that generally, only current assets and current liabilities are included in the balance sheet. General fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they present a summary of sources and uses of "available spendable resources" during a period.

Budgetary Requirement

General governmental revenues and expenditures accounted for in budgetary funds are controlled by a formal integrated budgetary accounting system in accordance with the Florida Statutes. An annual budget is prepared by the Supervisor of Elections and adopted by the Board for the general fund.

The Supervisor of Elections' annual budget is monitored at varying levels of classification detail. However, for purposes of budgetary control, expenditures cannot legally exceed the total annual budget appropriations at the individual fund level. All appropriations lapse at year-end.

Budget to actual comparisons are provided in the financial statements for the general fund. All budget amounts presented in the accompanying financial statements have been adjusted for legally authorized amendments of the annual budget for the year. Budgets are prepared on the modified accrual basis of accounting.

Capital Assets

Tangible personal property is recorded as expenditures in the general fund at the time an asset is acquired. Assets acquired by the Supervisor of Elections are capitalized at cost in the capital asset accounts of the Board. The Supervisor of Elections maintains custodial responsibility for the capital assets used by her office.

Compensated Absences

Permanent full-time employees of the Supervisor of Elections are entitled to accrue unlimited hours of sick leave and 240 hours of vacation time. Upon termination, employees can be paid up to 240 hours of vacation time and up to one-fourth of unused sick time, with the payment of one-fourth of unused sick time being subject to three years of consecutive employment.

The Supervisor of Elections' accrued compensated absences are reported in the statement of net position in the County-wide financial statements.

Transfers In and Out

The Board funds primarily the entire operating budget of the Supervisor of Elections. The payments by the Board to fund the operations of the Supervisor of Elections are recorded as transfers in on the financial statements of the Supervisor of Elections. In accordance with Florida Statutes, the Supervisor of Elections distributes all general fund revenues in excess of expenditures to the Board within 31 days following the end of the fiscal year.

Related Organizations—Common Expenses

Certain expenses, which are common to the Board and all Constitutional Officers, are reported as expenses of the Board and, therefore, are not budgeted by or allocated to the Supervisor of Elections. These expenses paid by the Board relating to the Supervisor of Elections operations are:

- Occupancy Costs
- Janitorial Service
- Utilities (Except Telephone)
- Property Insurance

Note 2 - Cash

As of September 30, 2017, the carrying amount of the Supervisor of Elections' deposits was \$20,553.

Credit Risk

Section 218.415(17), Florida Statutes, stipulates the State-approved investment policy for all governmental entities and includes the following investments:

- The Florida PRIME (formerly the Local Government Surplus Trust Fund), administered by the State Board of Administration.
- Securities and Exchange Commission (SEC) registered money market funds with the highest credit quality rating from a nationally-recognized rating agency.
- Interest-bearing time deposits or savings accounts in qualified public depositories.
- Direct obligations of the U.S. Treasury.

The Supervisor of Elections does not have an investment policy that would further limit its investment choices.

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY SUPERVISOR OF ELECTIONS

Note 2 - Cash (Concluded)

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a bank failure, the government's deposits may not be returned to it.

Qualified public depositories of public funds are required to provide collateral each month pursuant to Section 280.04, Florida Statutes. The collateral is held by the Florida Division of Treasury or other custodian with full legal rights maintained by the Florida Division of Treasury to transfer ownership. Any loss not covered by the pledged securities and deposit insurance would be assessed by the Florida Division of Treasury and paid by the other public depositories. The Supervisor of Elections' deposits are therefore considered fully insured or collateralized.

Note 3 - Employee Retirement Plan

General Information about the Florida Retirement System (FRS)

The FRS was created in Chapter 121, Florida Statutes, to provide a defined benefit pension plan for participating public employees. The FRS was amended in 1998 to add the Deferred Retirement Option Program (DROP) under the defined benefit plan and amended in 2000 to provide a defined contribution plan alternative to the defined benefit plan for FRS members effective July 1, 2002. This integrated defined contribution pension plan is the FRS Investment Plan. Chapter 112, Florida Statutes, established the Retiree Health Insurance Subsidy (HIS) Program, a cost-sharing multiple-employer defined benefit pension plan, to assist retired members of any state-administered retirement system in paying the costs of health insurance.

Essentially all regular employees of the Supervisor of Elections are eligible to enroll as members of the State-administered FRS. Provisions relating to FRS are established by Chapters 121 and 122, Florida Statutes; Chapter 112 Part IV, Florida Statutes; Chapter 238, Florida Statutes; and FRS Rules, Chapter 60S, Florida Administrative Code; wherein eligibility, contributions, and benefits are defined and described in detail. Such provisions may be amended at any time by further action from the Florida Legislature. The FRS is a single retirement system administered by the Florida Department of Management Services, Division of Retirement, and consists of two cost-sharing, multiple-employer defined-benefit plans and other nonintegrated programs. A comprehensive annual financial report of the FRS, which includes its financial statements, required supplementary information, actuarial report, and other relevant information, is available from the Florida Department of Management Services' web site (www.dms.myflorida.com).

The Supervisor of Elections' contributions to the System for the years ended September 30, 2017, 2016, and 2015, were \$58,080, \$49,565, and \$47,254, respectively, equal to the required contributions for each year. The net pension liability for the Supervisor of Elections is not calculated separately but is reported as part of the County's total net pension liability and shown in the county-wide statement of net position for Gadsden County, Florida.

FRS Pension Plan

Plan Description. The FRS Pension Plan (Plan) is a cost-sharing multiple-employer defined benefit pension plan, with a DROP for eligible employees. The general classes of membership applicable to the Supervisor of Elections are as follows:

NOTES TO FINANCIAL STATEMENTS
GADSDEN COUNTY SUPERVISOR OF ELECTIONS
(Continued)

Note 3 - Employee Retirement Plan (Continued)

FRS Pension Plan (Continued)

Plan Description. (Concluded)

- *Regular Class*—Members of the Plan who do not qualify for membership in the other classes.
- *Elected County Officer Class*—Members who hold specified elective offices in local government.
- *Senior Management Service Class*—Members in senior management level positions.

Employees enrolled in the Plan prior to July 1, 2011, vest at six years of creditable service and employees enrolled in the Plan on or after July 1, 2011, vest at eight years of creditable service. All vested members enrolled prior to July 1, 2011, are eligible for normal retirement benefits at age 62 or at any age after 30 years of service. All members enrolled in the Plan on or after July 1, 2011, once vested, are eligible for normal retirement benefits at age 65 or any time after 33 years of creditable service. Members of the Plan may include up to four years of credit for military service toward creditable service. The Plan also includes an early retirement provision; however, there is a benefit reduction for each year a member retires before his or her normal retirement date. The Plan provides retirement, disability, death benefits, and annual cost-of-living adjustments to eligible participants.

DROP, subject to provisions of Section 121.091, Florida Statutes, permits employees eligible for normal retirement under the Plan to defer receipt of monthly benefit payments while continuing employment with an FRS employer. An employee may participate in DROP for a period not to exceed 60 months after electing to participate, except that certain instructional personnel may participate for up to 96 months. During the period of DROP participation, deferred monthly benefits are held in the FRS Trust Fund and accrue interest. The net pension liability does not include amounts for DROP participants, as these members are considered retired and are not accruing additional pension benefits.

Benefits Provided. Benefits under the Plan are computed on the basis of age and/or years of service, average final compensation, and service credit. Credit for each year of service is expressed as a percentage of the average final compensation. For members initially enrolled before July 1, 2011, the average final compensation is the average of the five highest fiscal years' earnings; for members initially enrolled on or after July 1, 2011, the average final compensation is the average of the eight highest fiscal years' earnings. The total percentage value of the benefit received is determined by calculating the total value of all service, which is based on the retirement class to which the member belonged when the service credit was earned. Certain members are eligible for in-line-of-duty or regular disability and survivors' benefits. The following chart shows the percentage value for each year of service credit earned.

FRS Pension Plan (Concluded)

Benefits Provided. (Concluded)

Class, Initial Enrollment, and Retirement Age/Years of Service	Percent Value
<i>Regular Class Members Initially Enrolled Before July 1, 2011:</i>	
Retirement up to age 62 or up to 30 years of service	1.60
Retirement at age 63 or with 31 years of service	1.63
Retirement at age 64 or with 32 years of service	1.65
Retirement at age 65 or with 33 or more years of service	1.68
<i>Regular Class Members Initially Enrolled on or After July 1, 2011:</i>	
Retirement up to age 65 or up to 33 years of service	1.60
Retirement at age 66 or with 34 years of service	1.63
Retirement at age 67 or with 35 years of service	1.65
Retirement at age 68 or with 36 or more years of service	1.68
<i>Elected County Officers</i>	3.00
<i>Senior Management Service Class</i>	2.00

As provided in Section 121.101, Florida Statutes, if the member is initially enrolled in the FRS before July 1, 2011, and all service credit was accrued before July 1, 2011, the annual cost-of-living adjustment is 3% per year. If the member is initially enrolled before July 1, 2011, and has service credit on or after July 1, 2011, there is an individually calculated cost-of-living adjustment. The annual cost-of-living adjustment is a proportion of 3% determined by dividing the sum of the pre-July 2011 service credit by the total service credit at retirement multiplied by 3%. Plan members initially enrolled on or after July 1, 2011, will not have a cost-of-living adjustment after retirement.

Contributions. The Florida Legislature establishes contribution rates for participating employers and employees. Contribution rates during the 2017-2018 fiscal year were as follows:

Class	Year Ended June 30, 2017 Percent of Gross Salary		Year Ended June 30, 2018 Percent of Gross Salary	
	Employee	Employer (2)	Employee	Employer (2)
FRS, Regular	3.00	5.80	3.00	6.20
FRS, Elected County Officers	3.00	40.75	3.00	43.78
FRS, Senior Management Service	3.00	20.05	3.00	20.99
DROP – Applicable to Members from All of the Above Classes	0.00	11.33	0.00	11.60
FRS, Reemployed Retiree	(1)	(1)	(1)	(1)

Notes: (1) Contribution rates are dependent upon retirement class in which reemployed.
(2) These rates include the normal cost and unfunded actuarial liability contributions but do not include the contribution for Retiree Health Insurance Subside of 1.66% and the fee of 0.06% for administration of the FRS Investment Plan and provision of education tools for both plans.

HIS Pension Plan

Plan Description. The HIS Pension Plan (HIS Plan) is a cost-sharing multiple-employer defined benefit pension plan established under Section 112.363, Florida Statutes, and may be amended by the Florida Legislature at any time. The benefit is a monthly payment to assist retirees of State-administered retirement systems in paying their health insurance costs and is administered by the Division of Retirement within the Florida Department of Management Services.

Benefits Provided. For the fiscal year ended September 30, 2017, eligible retirees and beneficiaries received a monthly HIS payment of \$5 for each year of creditable service completed at the time of retirement, with a minimum HIS payment of \$30 and a maximum HIS payment of \$150 per month, pursuant to Section 112.363, Florida Statutes. To be eligible to receive a HIS Plan benefit, a retiree under a State-administered retirement system must provide proof of health insurance coverage, which may include Medicare.

Contributions. The HIS Plan is funded by required contributions from FRS participating employers as set by the Florida Legislature. Employer contributions are a percentage of gross compensation for all active FRS members. For the fiscal years ended June 30, 2018 and 2017, the contribution rates were 1.66% and 1.66% of payroll respectively, pursuant to Section 112.363, Florida Statutes. The Supervisor of Elections contributed 100% of its statutorily required contributions for the current and preceding three years. HIS Plan contributions are deposited in a separate trust fund from which payments are authorized. HIS Plan benefits are not guaranteed and are subject to annual legislative appropriation. In the event the legislative appropriation or available funds fail to provide full subsidy benefits to all participants, benefits may be reduced or canceled.

FRS – Defined Contribution Pension Plan

The Supervisor of Elections contributes to the FRS Investment Plan (Investment Plan), a defined contribution pension plan, for its eligible employees electing to participate in the Investment Plan. The Investment Plan is administered by the SBA, and is reported in the SBA's annual financial statements and in the State of Florida Comprehensive Annual Financial Report. Service retirement benefits are based upon the value of the member's account upon retirement.

As provided in Section 121.4501, Florida Statutes, eligible FRS members may elect to participate in the Investment Plan in lieu of the FRS defined benefit plan. Supervisor of Elections employees participating in DROP are not eligible to participate in the Investment Plan. Employer and employee contributions, including amounts contributed to individual member's accounts, are defined by law, but the ultimate benefit depends in part on the performance of investment funds. Benefit terms, including contribution requirements, for the Investment Plan are established and may be amended by the Florida Legislature. The Investment Plan is funded with the same employer and employee contributions rates that are based on salary and membership class (Regular Class, Elected County Officer, etc.), as the FRS defined benefit plan. Contributions are directed to individual member accounts, and the individual members allocate contributions and account balances among various approved investment choices.

Note 3 - Employee Retirement Plan (Concluded)

FRS – Defined Contribution Pension Plan (Concluded)

For all membership classes, employees are immediately vested in their own contributions and are vested after one year of service for employer contributions and investment earnings. If an accumulated benefit obligation for service credit originally earned under the Plan is transferred to the Investment Plan, the member must have the years of service required for Plan vesting (including the service credit represented by the transferred funds) to be vested for these funds and the earnings on the funds. Nonvested employer contributions are placed in a suspense account for up to five years. If the employee returns to FRS-covered employment within the five-year period, the employee will regain control over their account. If the employee does not return within the five-year period, the employee will forfeit the accumulated account balance. Costs of administering the Investment Plan, including the FRS Financial Guidance Program, are funded through an employer contribution of 0.06% of payroll and by forfeited benefits of Investment Plan members. For the fiscal year ended September 30, 2017, the information for the amount of forfeitures was unavailable from the SBA; however, management believes that these amounts, if any, would be immaterial to the Supervisor of Elections.

After termination and applying to receive benefits, the member may rollover vested funds to another qualified plan, structure a periodic payment under the Investment Plan, receive a lump-sum distribution, leave the funds invested for future distribution, or any combination of these options. Disability coverage is provided; the member may either transfer the account balance to the Plan when approved for disability retirement to receive guaranteed lifetime monthly benefits under the Plan, or remain in the Investment Plan and rely upon that account balance for retirement income.

Note 4 - Risk Management

The Supervisor of Elections is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors or omissions; injuries to employees and/or the public; or damage to property of others. The Supervisor of Elections participates in the risk management program through the Board, which uses commercial insurance and a public entity risk pool to cover certain risks from loss.

The Board obtained commercial insurance against losses for the following types of risk:

- Real and Personal Property Damage
- Public Employees' Bond
- Workers' Compensation
- Automobile Liability

The Board participates in the Florida Association of Counties Trust (FACT), a public entity risk pool for risks related to comprehensive general liability. The agreement provides that the financial liability for each participating county is limited to premiums and surplus contributions paid or obligations made to FACT. Aggregate coverage provided is limited to \$1,000,000 for each claim.

Note 5 - Long-term Liabilities

The following is a summary of the changes in long-term liabilities of the Supervisor of Elections for the year ended September 30, 2017:

	Balance				Balance
	<u>October 1, 2016</u>	<u>Additions</u>	<u>Retirements</u>		<u>September 30, 2017</u>
Liability for Compensated Absences	\$ 8,259	\$ 13,012	\$ (15,969)	\$	5,302
Other Postemployment Benefits	<u>12,800</u>	<u>200</u>	<u>0</u>		<u>13,000</u>
Total	<u>\$ 21,059</u>	<u>\$ 13,212</u>	<u>\$ (15,969)</u>	<u>\$</u>	<u>18,302</u>

Of the \$5,302 liability for accrued compensated absences, management estimates that \$2,901 will be due and payable within one year. The liability is not reported in the financial statements of the Supervisor of Elections since they are not payable from available resources at September 30, 2017. As discussed in Note 1, the liability is reported on the statement of net position in the County-wide financial statements.

Other postemployment benefits represent the portion of the liability based upon current and retired employees of the Supervisor of Elections (see Note 6 for a description of other postemployment benefits).

Note 6 - Other Postemployment Benefits (OPEB)

Plan Description—The Supervisor of Elections participates and administers an agent single-employer plan under which qualified retired employees are permitted to participate in health, dental, vision, and life insurance benefits program (the Program). A stand-alone financial report is not issued for the Program.

Funding Policy—Retired employees and their spouses for their lifetime are eligible for continuation of the benefits offered to active employees and are responsible for paying the required premium contributions.

Annual OPEB Cost and Net OPEB Obligation—The Supervisor of Elections' OPEB obligation is calculated based on the annual required contribution (ARC) of the employer, an amount actuarially determined in accordance with the guidance provided by GASB Statement Number 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and to amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 20 years.

The Supervisor of Elections' portion of the other postemployment benefits liability at September 30, 2017, totaled \$13,000. This liability will be included in long-term liabilities in the County-wide financial statements. Details and other required disclosures can be found in the County-wide annual financial report.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

The Honorable Shirley Green Knight
Gadsden County Supervisor of Elections
Gadsden County, Florida

We have audited in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the general fund of the Gadsden County, Florida, Supervisor of Elections (the Supervisor of Elections) as of and for the year ended September 30, 2017, and the related notes to the financial statements have issued our report thereon dated April 10, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Supervisor of Elections' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Supervisor of Elections' internal control. Accordingly, we do not express an opinion on the effectiveness of the Supervisor of Elections' internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Supervisor of Elections' financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*
(Concluded)**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Supervisor of Elections' financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Supervisor of Elections' internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Supervisor of Elections' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANTS' REPORT ON COMPLIANCE
WITH SECTION 218.415, FLORIDA STATUTES**

The Honorable Shirley Green Knight
Gadsden County Supervisor of Elections
Gadsden County, Florida

We have examined Gadsden County, Florida, Supervisor of Election's (the Supervisor of Elections) compliance with the requirements of Section 218.415, Florida Statutes, as of and for the year ended September 30, 2017, as required by Section 10.556(10)(a), *Rules of the Auditor General*. Management is responsible for the Supervisor of Elections' compliance with those requirements. Our responsibility is to express an opinion on the Supervisor of Elections' compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the Supervision of Elections' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the Supervision of Elections' compliance with specified requirements.

In our opinion, the Supervision of Elections complied, in all material respects, with the aforementioned requirements for the year ended September 30, 2017.

This report is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Supervisor of Elections, its management, and the Board of County Commissioners of Gadsden County, Florida and is not intended to be, and should not be, used by anyone other than these specified parties.

MANAGEMENT LETTER

The Honorable Shirley Green Knight
Gadsden County Supervisor of Elections
Gadsden County, Florida

Report on the Financial Statements

We have audited the financial statements of the general fund of the Gadsden County, Florida, Supervisor of Elections (the Supervisor of Elections), as of and for the year ended September 30, 2017, and have issued our report thereon dated April 10, 2018.

Auditors' Responsibility

We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, *Rules of the Auditor General*.

Other Reporting Requirements

We have issued our Independent Auditors' Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*; and Independent Accountants' Report on an examination conducted in accordance with AICPA Professional Standards, AT-C Section 315, regarding compliance requirements in accordance with Chapter 10.550, *Rules of the Auditor General*. Disclosures in those reports, which are dated April 10, 2018, should be considered in conjunction with this management letter.

Prior Audit Findings

Section 10.554(1)(i)1., *Rules of the Auditor General*, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings or recommendations made in the preceding annual financial audit report.

Official Title and Legal Authority

Section 10.554(1)(i)4., *Rules of the Auditor General*, requires that the name or official title and legal authority for the primary government and each component unit of the reporting entity be disclosed in this management letter, unless disclosed in the notes to the financial statements. The Supervisor of Elections was established by the Constitution of the State of Florida, Article VIII, Section 1(d). There were no component units related to the Supervisor of Elections.

MANAGEMENT LETTER
(Concluded)

Financial Management

Section 10.554(1)(i)2., *Rules of the Auditor General*, requires that we communicate any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.

Additional Matters

Section 10.554(1)(i)3., *Rules of the Auditor General*, requires us to communicate noncompliance with provisions of contracts or grant agreements, or abuse, that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but which warrants the attention of those charged with governance. In connection with our audit, we did not note any such findings.

Purpose of this Letter

Our management letter is intended solely for the information and use of the Legislative Auditing Committee, members of the Florida Senate and the Florida House of Representatives, the Florida Auditor General, the Supervisor of Elections, its management, and the Board of County Commissioners of Gadsden County, Florida, and is not intended to be and should not be used by anyone other than these specified parties.

We wish to take this opportunity to thank you and your staff for the cooperation and courtesies extended to us during the course of our audit. Please let us know if you have any questions or comments concerning this letter, our accompanying reports, or other matters.
