

AT A SPECIAL MEETING OF THE BOARD OF COUNTY COMMISSIONERS HELD IN AND FOR GADSDEN COUNTY, FLORIDA ON JUNE 11, 2020 AT 4:00 P.M., THE FOLLOWING PROCEEDING WAS HAD, VIZ:

Present: Dr. Anthony "Dr. V" Viegbesie, Chair, District 2
Brenda Holt, Vice Chair, District 4
Eric Hinson, District 1
Gene Morgan, District 3
Sherrie Taylor, District 5
Dr. Henry Grant, Interim County Administrator
Clayton Knowles, County Attorney
Marcella Blocker, Deputy Clerk

INVOCATION, PLEDGE OF ALLEGIANCE

Chair Viegbesie welcomed everyone to the Special Meeting and called it to order at 4:04 p.m. He asked for a moment of silence and then led in the Pledge of Allegiance to the U. S. Flag.

Amendments and Approval of Agenda

Dr. Grant said he would like to add Item 6 - Authorization to Relocate the Confederate Monument to the Agenda.

Commissioner Morgan asked to add discussion concerning the BOCC getting back to regular meetings in the Commission Chambers as Item 7 and Chair Holt asked to just add comments at the end of the Agenda.

COMMISSIONER MORGAN MADE A MOTION TO APPROVE THE AGENDA AS AMENDED AND COMMISSIONER HOLT MADE THE SECOND. THE BOARD VOTED 5-0 BY VOICE VOTE TO APPROVE.

CITIZENS REQUESTING TO BE HEARD (3-Minute Limit)

Due to COVID-19 and the efforts of the Gadsden County Board of County Commissioners to continue the practice of social distancing, Commissioners want to continue to hear from citizens under the Citizens Requesting to be Heard section of the agenda.

If citizens have any questions, comments, or concerns, please email

CitizensToBeHeard@gadsdencountyfl.gov and anticipate receiving a response within 48 hours.

The Board of County Commissioners would like to thank everyone for their patience and flexibility during this time.

ALL EMAILS RECEIVED CONCERNING THE CONFEDERATE MEMORIAL WILL BE SCANNED IN AND ARE FOLLOWING THE MINUTES

- 1. Martha Henderson**
- 2. Mark R. Bess**
- 3. Jay Lindsey**

4. Keith Lassiter
5. Joe Moye

GENERAL BUSINESS

1. Motorola Solutions Change Order Number Five

Dr. Grant introduced the above item and explained the background regarding the item.

Commissioner Holt asked if someone from Motorola was on the Zoom meeting and they were not.

Allan Meeks, Facilities Manager, appeared before the Board to explain that there needed to be grounding work, trenching etc., done. He explained the things that were not included such as Talquin Electric, work inside of the shelter,

Debbie Giles, Motorola Solutions, Inc., appeared before the Board to explain the differences in the contract and proposal. She explained the leasing of the sites has been acquired. In the original contract and proposal, it outlined that, all the civil work was going to be the responsibility of the County but changes happened and Motorola was asked to see that they could do about it. Commissioner Holt said their choices were staff was going to be doing it, they were going to bid it or Motorola was going to do it and Mrs. Giles said correct.

Commissioner Holt said they needed to know the costs of the items before they knew if they were going to bid them out or what decisions were going to be made. She said having a side by side column would help so they could easily compare.

Commissioner Holt said they needed to say what the County's responsibilities were and what Motorola's responsibilities are and Mrs. Giles said in the original contract and proposal it outlined that all the civil work was the responsibility of the County but changes have happened over the years. Commissioner Holt said they needed to know the costs of these things and asked for a side by side column. She also asked Mrs. Giles to get with the Administrator and revisit this.

Commissioner Morgan said he heard Commissioner Holt's concerns and did not disagree and remembered they were trying to solve a 30-year-old problem of the fact the First Responders were not able to communicate across the County. He added that they knew the scope of the project One tower was insufficient and caused additional costs-still in overall scope of budgeted amount. Can't think of anything more important than first responders, EMS...Urged them to approve and get this project completed.

Mrs. Giles explained, like with the Peavy site, they have an existing compound there, they will expand the compound and fencing to enclose the shelter the County will put there with the generator. They will do the underground, the conduit, run wire from meter to pole, the concrete slab, any clearing of the property and they were renting a crane to pick up the shelter and the generator and pitting it on the slab and getting everything in place.

Commissioner Holt said that was the process but the County had to make a decision as to who was doing the process and why a side by side comparison was needed. She added if they start at \$1.2 Million and end at \$2.2 Million it seemed like a lot.

Mrs. Giles said if they go back to when they first started the process and was going to be a complete turn-key, it was going to be \$2.5 Million. They pulled out all the civil work because Administration at the time said personnel could do that; they backed out Sheriff's radios, Fire radios and saved a significant amount of money and reduced it to \$1.2 Million. When the County did the structural analysis of the jail tower and found it could not handle the load and had damage from Hurricane Michael and had to relocate the tower location. That tower will go up on June 16th, everything has been cleared, gotten permits from the City and will start seeing steel go up. With the rest of the sites, they can start hanging antennas, running wire, putting

equipment in shelters and with the way things are going now, should have the system up and running before the end of the year.

Commissioner Holt asked if they could have a comparison of the two within a week. Mrs. Giles said she could provide what is included at each site.

Commissioner Morgan said he heard Commissioner Holt's concerns and did not disagree with wanting to look at some of the information in a more detailed manner but did remember when they originated the project years ago, trying to solve a 30 year old problem of the fact that their first responders, volunteer firefighters and law enforcement could not effectively communicate across the county, they knew that the scope of the project and overall budget would be around \$2.2-2.5 Million Dollars. After that original amount, they started looking at ways that staff who was employed back in those days, could oversee and save some dollars. They now know those particular staff with those particular capabilities they no longer have and in addition discovered one of the main towers was insufficient to do what it needed to do in supporting the proper equipment and they had to look at a new tower and there were additional costs there. He said that and combined with the fact they were faced with the head winds from Hurricane Michael, they were still within the overall scope of the budgeted amount that they had within the project. He understood the concern of the \$444,451 change order, the fact was they were still looking to solve a problem that has been going on for a number of years that he could not think of, in today's age and time, anything of more importance than the ability of their first responders, volunteer firefighters whether it be EMT's, law enforcement officers, they had to be able to work with other agencies and respond across the County clearly in order to communicate because it was a safety issue. He encouraged them to not slow down the process anymore and go ahead and get this up and running and could have it completed before the end of the year. He added if they were over budget of what they originally talked about by a significant amount of dollars, he would be the first one wanting to know why but that was not the case at this point.

Commissioner Taylor said maybe she was misunderstanding, but based on what Commissioner Morgan said, if they were within their budget, why were there requests for change orders? Change orders come when a project has either superseded its costs or willing to give back money because they bid over that it took to do the project. She asked if they were within the scope or were additional dollars needed in order to finish the project.

Commissioner Morgan said the original project they looked at the costs were \$2.2-2.5 Million and they were within the budget they set but his point was they were still underneath the total overall costs of the project as they originally identified to make it work.

Commissioner Taylor said \$1.2 Million was what was approved but they were looking at an additional \$1 Million, which was an amount put before them at the beginning of the bid process, but was still a change order. She said some items mentioned that was completed was the console, a tower that has gone up, some of the handheld equipment was already out...

Mrs. Giles said the original contract included all equipment at each of the sites, a total of 138 radios were ordered for EMS and Public Works and the Dispatch Consoles and that was a part of the initial contract. The consoles are already installed, EMS has some of their radios and Public Works radios are programmed and waiting to go; City of Quincy, Quincy PD and Gadsden Fire

has ordered their radios. Commissioner Taylor said a good piece of the equipment needed is already purchased and ready to be fired up. She added that she knew one of the former Administrators was looking at leasing space on some of the towers in order to keep them from purchasing towers and asked if that was still an option. Mrs. Giles said they have already contracted with Peavy in Havana, a tower at the old Jai Alai building, a tower at Oak Grove that will serve as a "hop" and other than the tower that was being built at the jail site, they were good to go. Commissioner Taylor asked what the ½ Million was needed for. Mrs. Giles said at each of the sites they have to have a compound that consists of fencing...Commissioner Taylor interrupted and said there was already shelter and fencing there. Mrs. Giles explained, like with the Peavy tower, they were renting from SBA, the County was leasing space on the tower to hand the antenna and to run wire but could not have access to the shelter. They have to provide their own shelter, extend the fencing to enclose the shelter and anything that takes clearing and if they have a lot there, it has to be matched. Commissioner Taylor asked why they had to have access and Mrs. Giles explained they had to have shelter to put the equipment in. Commissioner Taylor said from what she was hearing, they needed ½ Million dollars to secure the space around some of the towers to make sure it was complimentary to what was already there and to make sure everything there was accessible and done to standards. She said based on what she was hearing, she thought they were still in position to be able to do this with the three sites. She added that she would like to revisit this and see if it could be done at a lesser price or get Motorola to go ahead with a price that they could be comfortable with.

Commissioner Hinson said he would like to call the question and wanted to follow with a motion.

Commissioner Taylor pointed out there was no motion on the floor.

COMMISSIONER HINSON MADE A MOTION TO HAVE A WORKSHOP REGARDING THIS MATTER AND COMMISSIONER TAYLOR MADE THE SECOND WITH A QUESTION.

Commissioner Taylor asked how time sensitive this item was.

Mr. Meeks re-appeared before the Board and said each week would add more time, this has been stalled for several years and they were trying to get it started and each week would add more time to it.

Chair Viegbesie said he thought every Commissioner that has made their comments has addressed his own opinions. He said the most important focus was safety, public safety of the Sheriff's Office, EMS, Fire and not only for the County but for the municipalities. He said the almost ½ Million was not something he was comfortable with but sometimes have to do a cost benefit analysis, money or lives, and have to make a choice. He added he did not want Motorola to think of themselves becoming indispensable because of where we were with the state of this service that would make them begin to act as a monopoly that had the power to come and determine what they wanted to charge for what they wanted. He said he was leaning toward bidding this out but if it was going to delay the service the effective communication, he was leaning towards going ahead as long as Motorola did not see themselves as having a monopoly power and seeing Gadsden County as a "catch-cow" that would be coming back again for another change order. If there is a guarantee that this change order that puts this project at \$2.2 Million, which is within the boundary of the \$2.2-2.5 Million that was initially discussed, he

would be comfortable to vote for it. He said the only other thing he would ask for was the Minutes that specify where County Staff said they would be performing services.

Commissioner Taylor said they have been existing for almost 1 ½-2 years with the system not being fully erected and no lives have been compromised; Sheriff's Office is doing their job, Communications is moving, the young lady has indicated that most of the municipalities are up and on. She said there was some structure work that needed to be done but did not think their delaying this would hinder public safety and she was ready to call the question.

Chair Viegbesie said they would take the vote to call the question first and Commissioner Taylor said she would take the Call to Question off the table so they could move the item.

CHAIR VIEGBESIE CALLED FOR THE VOTE.

COMMISSIONER HINSON	YES
COMMISSIONER TAYLOR	YES
COMMISSIONER HOLT	YES
COMMISSIONER MORGAN	NO
CHAIR VIEGBESIE	YES

MOTION TO TABLE PASSED 4-1 – COMMISSIONER MORGAN OPPOSED

Commissioner Taylor asked for something as soon as possible because she did not want to hold things up and delay this.

2. Discussion of the AG Center County Funding

Dr. Grant introduced the above item and stated at the June 7th Board meeting, Clerk Thomas made several comments that needed to be discussed and corrected. Dr. Grant said the funding of the AG Center would take place as soon as Finance and Office of Management and Budget completed their analysis of the understanding. He further stated in the spirit of cooperation with the Finance Department, OMB has reviewed fund sourcing issues with Finance and was working to resolve the lack of clarity.

Commissioner Holt asked to get some history from the Budget Director.

Chair Viegbesie stepped out at 4:48 p.m.

Mr. Price appeared before the Board and said he talked to the Department of Finance this afternoon and was meeting next week with them to resolve this situation. Vice Chair Holt asked for the history. He said the AG center started 6-8 years ago; in 2018 USDA was looking for additional funding from the County to finish the project. The County identified \$350,000 at the time, put it in the paperwork and everything went through. At the last minute, they were in the process of doing FY 20 budget and that became out of balance because of some issues going on here and they had to re-allocate part of \$350,000 to balance the budget and planned to come back to replace the \$350,000. They didn't get that done as quickly as they should have and were now on the process of cleaning it up.

Chair Viegbesie returned at 4:50 p.m.

Vice-Chair Holt asked what account the money was coming from. Mr. Price said the Clerk's idea was...Vice Chair Holt asked his idea because he was their Budget Director. He said his idea was the insurance proceeds received from the insurance company for hurricane damage to buildings that was not being used. Vice Chair Holt said if they (insurance company) sent the County money to fix something, it had to be fixed. She added that she did not think they could get insurance money and do something else with it. Mr. Price said everything was all fixed. Vice Chair Holt said she was going to ask for a report of that and wanted to see how much money was received for each site and now much was fixed and how much was still sitting there. She further stated if this item was sitting there and not brought back, why not. He said there was no excuse, should have been brought back. She said when the Clerk came, he said this was a problem and no-one answered; if this was a problem and they were working on it, they should have heard was a problem and they were working on it. She said there were only so many places they could pull money from in a budget. They could not take insurance money and remedy this problem; they have to have definite way to remedy the problem. There should be some idea by now of where the money was coming from. Mr. Price said there was insurance proceeds money, the General Funds and Vice Chair Holt said they should see those line items here so they could see. She asked if he had those and he said no. She asked for him to get the line items before the end of the meeting. She said they needed the information by the end of the meeting on how the problem was going to be solved.

She said to Dr. Grant they needed to know from the Facilities Manager if that was even an option to pull from the insurance money because the Budget Director was saying that may be an option. She said they had to have some ideas as to what account they were going to pull from and how to solve it. She said the same thing on the bus issue, the transportation issue. She asked for some information by the end of this meeting.

Dr. Grant said this solution for this problem would be coming back before the Board in the form of a Budget Amendment. She said would like to see how it would be done before then because they could not wait... Dr. Grant said they were still working on it with Finance. Vice Chair Holt said Finance did not run the budget. Finance pays out. She said if they decide to go to General Fund and pull it, that's what they decide to do. If they decide to pull from another area, they just need to know if those areas are amenable to them paying out of those accounts and need to know before a meeting. She further stated if this has gone on for a couple of years, it was kind of unusual. She said he could pull that off the laptop and tell them what was in those funds.

Mr. Knowles asked that a motion be made to temporarily table the item.

COMMISSIONER HOLT MADE A MOTION TO TEMPORARILY TABLE THIS ITEM AND COMMISSIONER TAYLOR MADE THE SECOND.

CHAIR VIEGBESIE SAID THERE WERE A MOTION TO TEMPORARILY TABLE THE ITEM UNTIL THE REQUESTED INFORMATION WAS ACCESSED AND THEY COULD THEN DISCUSS IT. HE CALLED FOR THE VOTE. THE BOARD VOTED 5-0 BY VOICE VOTE TO APPROVE.

3. Discussion of the Process of Recording Havana Express Funding

Dr. Grant introduced the above item and stated at the June 2, 2020 Board meeting, Clerk Thomas made several comments that need to be discussed and corrected. The funding of the Havana Express was reimbursed to the County by Florida Department of Transportation (FDOT). He further stated that on March 17, 2020, the Board approved Resolution 2020-008 authorizing the transfer of \$100,000 from Reserves to the BBT account so the County could pay for the service and get reimbursed. He further stated the budget amendments had been prepared and sent to Finance and should have been posted.

COMMISSIONER TAYLOR MADE A MOTION TO APPROVE AND COMMISSIONER HINSON MADE THE SECOND. COMMISSIONER HOLT HAD A QUESTION.

Commissioner Holt asked if this was already a line item and was ready to be moved and was told yes.

Commissioner Morgan asked what were they approving and the Chair asked Dr. Grant and he said the question had been answered.

Chair Viegbesie said it was to transfer funds (\$100,000) from Reserves to BBT account so the County could pay for the service and get reimbursed.

Commissioner Morgan said he thought that was already in the process when he read the item and there was nothing to approve.

Commissioner Taylor said the \$100,000 that is needed for this item to move forward, was no action needed? The Clerk said money needed to be located and allocated. She wanted to make sure they did not need to do anything.

Dr. Grant said everything has been done and was in the hands of Finance to be taken care of.

(Now back to Item 2)

Chair Viegbesie said with regard to the question that was asked with regard to Item 2 and Commissioner Taylor said she had questions about that item. She said it seemed the Clerk came back with an email in-between when he raised the issue at the last meeting and today, there was a statement from him that said he needed the appropriation, it needed to be appropriated, the \$350,000, it needed to be a line item with regards to that grant.

Dr. Grant said he got the email and followed up with a call to find out what going on and was told was being taken care of and was being taken care of through the budget amendment process that would be coming forth at a later date. Commissioner Taylor asked if he followed up with the Clerk and he said he followed up with Finance.

Commissioner Taylor asked if it needed to be appropriated, a line item in the budget, because according to his concern it wasn't. Dr. Grant said would be coming back in the form of a budget amendment to vote.

Commissioner Holt said if that was the case, it was appropriated already and would have gone to a line item already and something had to happen for \$100,000 not to be moved and that was

what was puzzling. The Clerk said \$100,000 was not moved to take care of whatever business and we start looking at what happened. Finance is saying nothing happened, Clerk saying something happened, we don't need to vote on any money, that was the whole point and should be taken care of before it gets to the Board. She said it was too incompetent, too much when talking about over ½ Million dollars with this item and the previous item. She said this was not something to take lightly. She added that now they were going back into General Funds and that should never happen. When you lay out a budget everything should be accounted for. They don't allow you to balance the budget unless everything is accounted for. She said for Facilities and Budget Director, they said they may be able to pull some money out of insurance, she said first, she wanted a report on items filed with FEMA for the hurricane, which ones were insured, how much insurance was paid and what was fixed.

Mr. Meeks explained they have an Excel spreadsheet for that.

Commissioner Holt asked if insurance money could be used for something other than repairs it was given for. Mr. Meeks said he thought it would be more of the Board decision. She said no, if a roof of a building blew off and they filed insurance and they gave \$200,000, they had to use \$200,000 for that building.

Mr. Meeks said money that was identified was trees down at Pat Thomas Park and stuff that they paid for clean-up and other items where money may have been saved getting repairs done. She asked the attorney to research the use of those funds. She asked if that was insurance money or FEMA money and Mr. Meeks responded it was insurance money.

Chair Viegbesie said he thought if got money to repair his automobile and had money left over, if he fixed what the money was for and had left over money, he thought he could use it and asked the attorney.

Mr. Knowles asked for time to research and would try to have answer at the meeting tomorrow.

Mr. Price re-appeared before the Board. Commissioner Holt asked him about moving funds, where was \$100,000 being pulled from. Mr. Price said General Revenue. She said on the Ag building, how much money was taken out, the whole \$350,000? He said \$350,000 was allocated. He said \$310,000 was moved to balance budget. She said \$350,00 would have originally come from General Revenue. She asked if that was match money for \$707,000. He said not sure what they call it but something regarding USDA. Commissioner Holt said right, so they could complete the job on the building. She said she was really concerned that this item was not brought back. Anytime, even if it was the day after they approve it and there is a problem with the item, it has to be brought back. She said they could not have Finance doing their Budget, it did not work that way. The Budget Director does the budget. Mr. Price said they work together. Commissioner Holt said that was why they recommend that Finance and Budget not be in the same office; they were not supposed to work that tight together; budget plans for the County, Finance takes care of the billing for the County and makes sure they are within the law; they do not plan the budget. She said that was why she was wondering why this has not been taken care of when he said he still had to get back with Finance.

She said the Dr. Grant this was a real problem; they were getting ready to go into budget season and have Finance planning their budget when the Budget Director was supposed to do that. She said they need some help, some real help. This needed to be taken care of right away.

Commissioner Taylor agreed with Commissioner Holt. She said she liked what was going on at the Extension Office, it looked great. After the attorney has had an opportunity to research some of the Chair's questions whether utilizing the insurance dollars can be transferred and used, she wanted to make the motion to apply and use those dollars if they were available dollars, want them applied to keep them from going into the Reserves. She did not want to hold up the project. She said she was willing to do a motion for approval contingent upon if the funds could be utilized and when their scope of authorization and Commissioner Hinson said he would second.

Chair Viegbesie said what if they waited until tomorrow to give the attorney the chance to research the possibility of using the insurance dollars.

Dr. Grant pointed out there was nothing to approve in Item 2, this was for discussion. It would be coming back before the Board in the form of a budget amendment and at that time they could approve.

Commissioner Taylor and Commissioner Hinson withdrew their motion and second.

Commissioner Holt asked him to work with the Budget Director to see what their options were other than the insurance. She asked if they needed to contract with someone to do the upcoming budget or look at other options because this was getting to be a little unusual. She said they needed to work with finding all their options to get the money and need to look at how they were going to set up the new budget for this year coming up.

4. Midway Station Location

Dr. Grant introduced the above item and said it was presented to the Board to provide information regarding the Gadsden Emergency Station.

Chair Viegbesie read aloud a letter received by Lenwood Herron, Interim City Manager of Midway.

“Dear Chairman Viegbesie:

It has been brought to the attention of the City of Midway that the Gadsden County Board of County Commissioners has interests in reestablishing an Emergency Medical Services/Ambulance Services in the Midway Area to serve the City of Midway and the eastern parts of Unincorporated Gadsden County. The City of Midway welcomes the location of an Emergency Medical Services/Ambulance Services in Midway. We have an existing Fire Substation that has accommodations which can readily accommodate the delivery of Emergency Medical Services/Ambulance Services. Therefore, please accept this letter of interests that the City of Midway will entertain an interlocal agreement with the Gadsden County Board of County Commissioners to provide Emergency Medical Services/Ambulance

Services in Midway and the surrounding unincorporated areas for the delivery of such critically needed services.

Thank you very kindly for your consideration. We look forward to re-establishing a joint venture with the Gadsden County Board of County Commissioners again. Please feel free to contact us at +1-850-574-2355 or via email at lheron@midwayfl.com to continue our mutual efforts and re-establish the Emergency Medical Services/Ambulance Services.

Very truly yours,

Lenwood Herron
Interim City Manager”

Commissioner Hinson said this item was near and dear to his heart. For some reason they took EMS from Midway without anyone’s knowledge. He said Midway was a growing area and thanked the Board for being bold years ago.

Chair Viegbesie said in looking at the Agenda, this item was for discussion only. This item needed to come back as an action item.

Commissioner Hinson said it would be great to do an Inter-Agency Agreement between Midway and Gadsden County.

Commissioner Holt said the EMS Director was present.

Keith Maddox, GCES Chief, appeared before the Board to explain situation. He said before EMS was moved out, there were several reasons given; one being Hurricane Michael damage to the fire department; both stations sustained heavy damage and initially moved out for that. He added that since the move-out, there has been steady conversation of moving back in and looking at other locations.

Commissioner Hinson said the Board had already made a decision, went through heartache and pain and decided Midway was the place for it to be.

Commissioner Holt said she was not trying to ask questions about that, she was just asking questions.

Chief Maddox said they wanted to be in several places.

5. Proposed Relocation of the Confederate Memorial Located on the Courthouse Grounds

Dr. Grant introduced the above item and said it was for the proposed relocation of the Confederate Memorial located on the Courthouse Grounds of the Gadsden County Courthouse.

Chair Viegbesie said before he acknowledged the Commissioners in their discussion for action, he wanted to recognize citizens that had requested to speak. He said because of the volume of the emails, he would not be able to read all of the comments, but would read the names that

were for and against. Holt said would be in public record. (All emails and petitions will be attached at the end of the Final Minutes)

Morgan asked if the citizens were not owed the right to have their comments read into record and to read the Petition and what the Petition was about and how many signatures there were.

Mr. Knowles said that point was well taken, certainly there were a lot of citizens that wished to be heard on this issue. He said it would be prudent if they read more into the record if not all, especially if they were gotten in on time, he suspected they would want to be heard. Commissioner Morgan asked if there were any other avenue to get the remarks before the public. Mr. Knowles said he believed there were Citizens to be Heard and thought there was a way of participation via Zoom. Chair Viegbesie said there were some that were a full page and some that were just a statement. He said they have heard those kinds of comments before and have had a number of citizens in the audience that waved in support and waved in opposition. He felt the way to handle this was to read the ones that were in support and then the ones that were in opposition. He added if it was the will of the Board that each one be read, then he would do so.

Commissioner Holt said she did not think they would be able to read comments from 4000 people because there were over 4000 that signed the Petition plus the individual emails that were received. She said they would be in public record anyway.

Commissioner Morgan suggested to read the Petition and the number of signatures without reading the individual signatures.

COMMISSIONER TAYLOR MADE A MOTION FOR CHAIR VIEGBESIE TO READ THE NAMES OF ONES IN OPPOSITION AND COMMISSIONER HOLT MADE THE SECOND. CHAIR VIEGBESIE CALLED FOR THE VOTE AND THE BOARD VOTED 4-1 BY VOICE VOTE. COMMISSIONER MORGAN OPPOSED.

Chair Viegbesie then read aloud names of ones that were in opposition. Commissioner Morgan asked if the 4000 signatures were local on the petition, Chair Viegbesie said yes all were local, then said some were not local; 7-10% roughly were not local. Commissioner Morgan said the majority of the ones he reviewed were not local signatures.

Commissioner Holt said this item was brought up by her in 2007, 2008 and back up in 2017 and at that time the Board decided to get with staff to look at the price of moving it and the relocation of the monument. She said it was prudent to go ahead and do it and then could start mending those hard feelings. She spoke to Mr. Collins that did the research on the move and the company and she received the information on that today.

Commissioner Taylor said she had several calls and all have expressed congruently that something be done but whatever it was, it not divide the County. She said she goes back to her upbringing; she had both parents in the home and was not from a violent background. Because of that she was able to look at things by its value and not put obstacles in its way. She wanted to look at something amenable. Most have expressed moving it but doing it in such a manner that was honorable and respectable. One of the best comments came to her today from a Caucasian classmate, was to erect a monument that represented all, everybody. According to

statistics, over 600,000 soldiers died and most were from the North. She said everyone has an interpretation as to the reason for the war, some say was over slavery, others say over the fact the North wanted to charge 40% taxes on the South and they were against that. Everyone is looking at the Confederate Flag to be of a controversial issue and she concurred. She added she was in favor of making a motion to move it, there is a group that said the Eastern Cemetery where some Confederate soldiers are laid to rest that would like to take it and erect it there and in favor of it going there and put in something back that represents everybody and not divide the County and cause unrest.

Chair Viegbesie said when it was moved, it should be done with the utmost respect and dignity because it represented some peoples' heritage and on the other hand represented some peoples' subjugation. He said his understanding was the United States had six armed forces of the military, Army, Marine Corp, Navy, Air Force, Coast Guard and very recently formed Space Force that no-one had yet served in since it had just been created. He further stated the BOCC installed and dedicated a monument in honor of all Gadsden County veterans that have served in all six branches of the Armed Forces and currently sits on the Gadsden County Veterans' Park at the grounds of the Courthouse with the inscription "IN HONOR OF THOSE WHO SERVED OUR COUNTRY DURING TIMES OF PEACE AND WAR. THOSE WHO GAVE THE SUPREME SACRIFICE. THOSE STILL MISSING AND THOSE WHO MADE IT HOME BOTH WHOLE AND BROKEN. GOD*DUTY*HONOR*COUNTRY". He said there was a Resolution passed in 2009 to make those grounds the Veterans' Park and they have the monument that now recognizes everyone that has served.

Commissioner Hinson said he had an opportunity to talk to lot of his constituents and see there were three votes already and it will be moved anyway and they would like for it to be moved to a place to the east side of Quincy.

Chair Viegbesie said he hoped it could be moved with respect and dignity and moved to a safe place.

Commissioner Holt said it should be two separate items.

Commissioner Taylor said she heard the consensus on moving it and hoped they would consider moving to the Eastern Cemetery to where the Confederate Soldiers are, she has heard input of having it relocated there and heard also about coming together with a committee of people and was an opportunity for both sides to work together to bring the Board a suggestion and resolution as to where it should go.

Commissioner Taylor said she would will put on the floor after Commissioner Morgan's comments, to authorize the relocation of the statue and they need to make sure no vandalism comes to it because they did not want interruption in the County. She said her understanding was there are those that were on their way and she was concerned with some of the behavior that was coming that was not from here. She said whatever they did, they needed to act and not let people from outside direct this Board or dictate to them what they should or should not do in this County.

Commissioner Morgan said this was a controversial issue on both sides and they needed to ask themselves why they felt the reason to move this particular monument. He said almost eleven

years ago they established the Veterans' Memorial Park and have several monuments in the park, one he just mentioned was just included recognizing all of the veterans. He said there was a rich history and heritage and how would moving this change that? Why would we not want to learn from that as we are moving forward, what would be accomplished by moving this particular monument. What was the reason for moving it away from what they established and the reason for having a Veterans Memorial Park?

Chair Viegbesie asked what is the Confederate Army a part of the Veteran recognized branch of the military when they talk about a veteran and the service to this nation in the armed forces. If not, then he did not know if they were a veteran of the United States Military or a veteran of the Confederate Government.

Commissioner Morgan said in his opinion, those Sons and Daughters of the Confederacy, as well as of the Union are part of the heritage and Veterans who fought for what (inaudible) our Country and we included that monument in our Veterans Memorial Park already. If it was not, why would it be there now? He said he was not opposed to coming together with a solution that was viable and worked for the majority of those in the community.

Commissioner Holt said she would try to make this short. This was offensive to a large number of people in the County and has been offensive since before the Civil War. She further stated the type of representations that you see around the Southern part of the Country and that was the reason for it to be moved. The Statue has been up 135 years for one group and the other group has been offended by it for 135 years and at a certain point, it's enough, and they were asking for justice. She said it was inhumane to ask people to continue to be offended by something when at the beginning they were at a disadvantage; during the Civil War, they were at a disadvantage, during reconstruction they were at a disadvantage, during Jim Crowe they were at a disadvantage; so if all it takes is for a monument to be moved, not destroyed, just moved, she did not think it was too much to ask.

COMMISSIONER HOLT MADE A MOTION FOR OPTION 1 AND COMMISSIONER TAYLOR MADE THE SECOND.

Commissioner Morgan asked if the motion was to be removed as opposed to relocate and Commissioner Taylor said they need to validate the relocation and make sure that whomever is willing to accept it, it was a place that was amenable to the public and would honor that statute. Commissioner Morgan stated that would be option 2, not option 1.

Commissioner Holt said with Option 2 they were saying to relocate it but they did not know to relocate where, you have to state relocate where and that had to be approved.

COMMISSIONER HOLT WITHDREW HER MOTION.

Chair Viegbesie said upon removal, the monument could be placed in a safe place until the place was found to relocate.

Commissioner Holt said she could amend her motion, if look at removing, need to look at who owns the graveyard because they did not want a situation where they have groups that do not want it there.

Commissioner Morgan said they need to approve to relocate not removing it.

Commissioner Holt said the reason she said that, once it was taken down and secured, it would give them time to look at relocation. It would be secured until it was relocated.

Chair Viegbesie asked if she wanted to amend her motion.

Mr. Knowles asked the amendment to include remove, store and then relocate to a mutually agreed upon place.

COMMISSIONER HOLT WITHDREW HER MOTION AND COMMISSIONER TAYLOR WITHDREW HER SECOND.

COMMISSIONER HOLT MADE A MOTION TO IMMEDIATELY REMOVE, STORE AND RELOCATE AT A LATER DATE. COMMISSIONER TAYLOR SAID SHE WOULD SECOND BUT WOULD LIKE A TIME CERTAIN ON IT AND ASKED IF COULD BE RELOCATED WITHIN SIX MONTHS.

Commissioner Morgan asked if it would be under the care, secure custody and control of the County until such time it was relocated and was told yes.

CHAIR VIEGBESIE CALLED FOR THE VOTE.

COMMISSIONER HINSON	YES
COMMISSIONER TAYLOR	YES
COMMISSIONER MORGAN	YES
COMMISSIONER HOLT	YES
CHAIR VIEGBESIE	YES

ITEM PASSED 5-0

6. Permission to Relocate Monument

Dr. Grant said this item was for an authorization letter to relocate the Confederate Memorial monument to a secure location until a suitable, permanent location is identified.

COMMISSIONER TAYLOR MADE A MOTION TO APPROVE AND COMMISSIONER HOLE MADE THE SECOND. THE BOARD VOTED BY ROLL CALL VOTE.

COMMISSIONER TAYLOR	YES
COMMISSIONER HINSON	YES
COMMISSIONER HOLT	YES
COMMISSIONER MORGAN	YES
CHAIR VIEGBESIE	YES

MOTION PASSED 5-0

7. In-Person Meetings

Dr. Grant said they have been working with cities and municipalities in developing a re-opening plan for the County and plan to present it to the Board for their approval at next Friday's emergency meeting.

Commissioner Morgan said he felt they were at the point to open the chambers back to the public for the meetings.

MOTION TO ADJOURN

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THE BOARD, CHAIR VIEGBESIE DECLARED THE MEETING ADJOURNED AT 6:17 P.M.

GADSDEN COUNTY, FLORIDA

ANTHONY VIEGBESIE, Chair
Board of County Commissioners

ATTEST:

NICHOLAS THOMAS, Clerk

Date: June 11, 2020

To: Gadsden County Board of County Commissioners

From: Douglas M. Croley
255 Longview Lane
Havana, Florida 32333

Ref: Special Commission Meeting June 11, 2020 - 4:00 PM
Agenda Item #5 Proposed Relocation of Confederate Memorial
Citizens To Be Heard

Commissioners,

More than ten (10) years ago, the Board of County Commissioners designated the Courthouse Square, with all its various war monuments, a Veterans Memorial Park. This designation was made to give appropriate and honorable recognition to those persons from Gadsden County who served in the defense of our State and our Nation. The war monuments now within the Park represent several different wars and military conflicts, along with the efforts of those who erected them - making the removal or relocation of any particular war monument a very controversial public undertaking.

It is not my purpose to express an opinion regarding the agenda question now before you. I do, however, believe it is appropriate to share with you three (3) specific concerns directly related to the removal of any existing war monument from the Veterans Memorial Park.

First, will the war monument in question be immediately secured against vandalism and defacement? Second, will the war monument in question to be removed and/or relocated by a qualified, competent and experienced historical monument mover? And third, if the war monument is to be relocated, will the County Administrator, with assistance from the County Attorney, be given legal authority by the Board to timely grant physical care, custody and control of the war monument to a qualified legacy historical organization for the said war monument's long-term preservation and appropriate historical display?

Objectively addressing these principal concerns, in any action the Board may take to remove and relocate an existing and historical war monument from the Veterans Memorial Park, will likely go a long way towards easing both social discord within the community and minimizing public animosity over the removal and/or relocation.

Best Regards,

Doug Croley

Subject: Confederate memorial statue

Why take it down? Will that change anything? Or just appease a hateful group that do not know true history? I oppose moving it and DAMN sure oppose tearing it down. If moved, it needs to be respected and not hunted down for destruction by the ones raising the issue. Hate groups do not run society! This majority of commissioners are KNOWN to be racist and do not appreciate it, nor like it.

Also you all demonstrate FEAR..not Faith..and this county will be hurting really bad..very bad..because of it. It will not grow under these terms..or directions you have all chosen to spend money on. I see the roundabout in Quincy has not shown any improvements to society. A joke.

Defund the school system, doubt it will needed now because the "RONA" ..can't spend money on a babysitting rig to feed children during the day. Especially when there is no money to feed Seniors in this county.

While you stay hidden behind closed doors, God sees what you are intending to do. You can't fool HIM.

Sincerely,

Martha Henderson

Subject: Statue removal

Removing history is crazy. It's all in the past you can't change anything about you can only move forward. If you take Statue down you need to remove faces of 3 Black Doctors who were influenced to a lot of faces not judging there color just recognized them as human beings not by the color of there skin.
What's good for one is good for the other.
History is History quit living in the past and strive for the future

June 11, 2020

To The Gadsden County Board of Commissioners:

I am writing to you on behalf of the 4000+ citizens who have signed the enclosed petition. We understand that the civil war and confederacy are a part of this nation's history. However, we do not feel the need to praise and celebrate that portion of our shameful history via the monument that is housed on the courthouse square. Although this monument was erected long decades ago, it honors a period in our past which was riddled with racism and oppression.

A few years ago, we started experiencing a trend of counties and states removing similar monuments. As Florida's only predominately populated African-American county, we have missed a prime opportunity to lead this nation by not choosing to be at the forefront of those to remove these types of memorials. However, it's never too late to do the right thing. I am asking on behalf of the 4000+ people (whose names are attached) to remove the Confederate Monument on the Gadsden County Courthouse Square within a reasonable 60-day period from today.

Will you honor the will of the people and commit to doing that?

Respectfully,

Charles Gee

Subject: Relocating the Confederate Memorial

To Whom It May Concern:

I am writing as a local resident, former Marine Veteran, and Proud American and would like to express my deep concern on the proposal of removing or relocating the Confederate Memorial in Quincy, FL. I implore everyone to please not move this statue. It is a memorial to American Veterans and is currently located in the County's Veterans Memorial Park. So, as fellow Americans, I ask and beg you all to please consider this long and hard before making a decision of relocating or removing the statue. Worst case, please consider putting this to a vote with the people during next election.

Thank you and God Bless.
J.H. Lindsey

Subject: Monument at Court House

I want to voice my opinion on the removal of the Confederate Monument on the Court House grounds. I think it should stay. It is a reminder of where we all came from. It wasn't just whites who fought on the Confederate side. Blacks fought on that side too. Its not just erasing white history but black as well. We wouldn't be here today if it wasn't for the Confederate side. They had to exist for the Union side to have won. No matter what War the soldiers on both side are remembered. They all played a part in the outcome. Also, if we keep removing history, we are doomed to repeat it. As Georg Wilhelm Friedrich Hegel said:

"The only thing we learn from history is that we learn nothing from history."

If it is decided that it be taken down, how about just moving it to another location? We need to have our history preserved not removed. It may be a bad history but it is still ours and we need it as a reminder of where we ALL came from to keep from going down that road again.

Thank you,

Jessica Lynn

Subject: Budget and Confederate Monument

Please do not relocate the Monument. In doing so, it will not change the course of history. Good men, black and white, lost their lives in the battle and that has not been considered. The Courthouse grounds has been proclaimed as "Veterans Memorial Park" and that Monument is not the only Monument that stands on those grounds; three other Monuments also are there. If you are going to remove one, then why not remove them all, since you are trying to change the past? What seems good for one war should be good for all, correct?

Where will the funds come from in the moving of the Statue? I hear most of the Commissioners say you are concerned about the students and Senior Citizens. I'm sure the "money tree" has long been blown away and the General Fund you keep taking from is being depleted at a rapid rate. The funds it will take to move this Statue will better ensure that there will be even less funding for the students, Senior Citizens, Midway EMS, AG center, roads, bridges and the numerous other NECESSARY things that this County so desperately needs.

Also, I believe it is very cowardly the way this item was scheduled with little to no proper notice to the public as this item is not an emergency.

Thank you for taking time to read this.

As a veteran, I am appalled that the removal of a monument to American veterans would even be entertained. ALL veterans are entitled to the respect and dignity they have earned. With all due respect, I will be following this, and I WILL remember how each of you vote. I am a registered voter in Gadsden County, and come in contact with many other Gadsden County voters daily. PLEASE, prayerfully consider this, and do not give in to personal feelings. This is a memorial to veterans in a veteran park.

Thank you again for taking your valuable time to read this. May the Lord be your guide in this very important vote.

Respectfully, Keith Lassiter

Subject: Agenda Item:Relocation of Confederate Memorial

Honorable Gadsden County Commissioners,

We the Florida Division Sons of Confederate Veterans do not support the removal / relocation of any veterans monument. The hasty decision to relocate the Confederate Monument on the Courthouse Square is fueled by a threat of destruction posted on social media. We vehemently support the Right of Free Speech and the Right of Assembly. These Rights however, do not give people the right to destroy property.

The Confederate Monument is in a "Veterans Memorial Park" as outlined in County Ordinance 2009-033. As a Veteran of the US Army, I support the preservation of ALL American Veterans and their Monuments. All citizens have the right to view, or not view any monument.

The monument in question acts as a cenotaph for many of Gadsden County's pioneers who went to war and never came home. Monuments exist to cause us to remember. Monuments are for the benefit of the living. Monuments support history; good, bad, or ugly. As the Bible records in Joshua Chapter 4:6 That this may be a sign among you, *that* when your children ask *their fathers* in time to come, saying, What *mean* ye by these *stones*?

We ask that you vote today, to preserve Gadsden County History.

In the bonds of the South,

Kelly V Crocker
Commander, Florida Division
Sons of Confederate Veterans
850-339-3051

Subject: Veterans Memorial

Distinguished Board members:

I read with confusion about the planned removal of the Veterans Memorial from the "Veterans Memorial Park." I was confused at first. I wondered why a monument, dedicated to veterans of military service, would be removed from a "Veterans Memorial Park." This seemed like a contradiction of the intent and purpose of the park itself.

I was then schooled, that the monument is actually dedicated to "American Civil War" veterans and has stood in its current location for many decades.

I understand that individuals, groups, or entities, have declared the monument "Offensive" to them and demand for its removal.

Now, you have been tasked with the difficult decision of deciding if it is to be removed.

I am confident that you will explore all options, research all claims, and consider all public input in the matter, to make an informed decision and not a hasty one.

As a veteran of the United States Army, and having experienced the trauma of armed conflict, I must implore you to leave the monument in its original place. Forget not that it is the Military member that willingly goes in harms way, so that we may enjoy the freedoms we possess.

No matter your decision you will no doubt alienate one, or more, demographic of the populous, and show deference to another. This is not a matter to be taken lightly. I pray for your strength and good character as you address this issue.

Respectfully
Mark R. Bess

Subject: KEEP CONFEDERATE VETERANS MEMORIAL

Honorable Commissioners –

Finley's Brigade Camp 1614, Sons of Confederate Veterans, strongly opposes relocating the Gadsden County Confederate Veterans Memorial. This Veterans Memorial, erected in 1884, is currently located in the County's Veterans Memorial Park. This Veterans Memorial Park is the appropriate location for ALL American Veterans Memorials. Relocating any Veterans Memorial to a non-Veterans Memorial Park area would be subjugating those American Veterans to a second-class citizen status.

Does this Board of Commissioners really want to label a particular group of American Veterans as second-class people?

I am a retired US Navy Senior Chief, I fought for the freedom of all Americans. I am now fighting for the honorable memory of All American Veterans. Do not make one group less than another – Honor All People and All Veterans!

Again we at Finley's Brigade Camp 1614 request that the Board of Commissioners do not move the Confederate Veterans Memorial.

I stand ready to assist you in fighting discrimination and injustice. Please contact me if you think I can help. I am willing to speak and work with all.

Respectfully,
Ned Roberts
Commander
Finley's Brigade Camp 1614
Sons of Confederate Veterans
Cell – 850-591-9221

Subject: Fwd: Removal of Confederate Statue

I really felt that I had expressed my opinion eloquently below. However, word has it that the decision has basically been made even though you haven't voted.

Per Facebook, (I took out the name of person that spoke with Sheriff Young)

I talked with Sheriff Young this morning and he reassured me that this monument would not be damaged! There are plans to have it taken down by Malone Barnes and Ses-T Wilson and it will be stored at the Sheriff's office until approval from City to place it in the Eastern Cemetery at the Confederate soldiers gravesite."

When you already make plans of what to do with it, then we lost before we were given a chance.

I am so disgusted with this.

Eric Hinson is my County Commissioner.

I want to let you know that myself and 3 other family members strongly object to the removal of this statue. Every time a racial divide takes hold of this country everyone starts wanting to remove Confederate statues. You cannot erase history. Every citizen has an opinion and by only taking into account the feelings of those that it offended simply makes that divide greater. I am in no way saying slavery was ok. However, neither is taking down monuments because people are protesting. This is supposedly all about police brutality to African American men. When did it become a movement to change history and spit on those that disagree? I guess I hoped that our little corner of the United States wouldn't be separated by all this. However, you are doing just that by even considering this. The Civil War happened. Heroes came out of both sides and all sides lost loved ones. I guess if they were fighting for the South, then they just don't matter anymore. If you take down that statue, you have shown myself and many more where we stand in this county. All of this has gotten so far away from the tragic death of George Floyd. I am ashamed of you.

Let me put this to you...are you going to be at the rally this weekend where social distancing is ignored? Where only some will wear masks? Then some may get sick and spread it to others. Your votes gave us no choice but to wear masks and maintain social distancing. It was a great idea. It wasn't enforced at all, but still a great idea. However, I bet not one of you would vote against a protest in Gadsden County to prevent further COVID-19 outbreaks. What is most important lives or a statue?

Subject: Relocation of the Confederate Memorial

Gadsden County Commissioners, please remove the Confederate Memorial at the Courthouse Grounds into protective storage so that this object will not be destroyed by vandalism. I ask that the Confederate Memorial be retrieved at a later date so that it can be placed in a cemetery. Thank you for this opportunity to address this matter to you. Please be advised I am a Vietnam Veteran, USNR-R, HM2, Combat Medic and a member of the Son of a Confederate Veteran (SCV). I pray we have no more destruction befall any monument, whatever their history describes!

Subject: Removal of statue

I do not think the statue should be removed! It is a huge part of history. Until recently no one even noticed or minded it being there. If we are to remove history then remove all history, past, present and future. Change the names of the streets that are named after a part of history such as Pat Thomas Pkwy and ML King Blvd . Just to name a couple. Take the paintings off the walls too!

Delete all history from our county, ban sales of coca-cola since that too is a major history for our county!
It is not wrong to stand apart from other states and do the right thing instead of adding to the hate.
Again please leave the statue where it has stood for years!

Sincerely,

Sandra Hooks

Subject: The War Memorial must stay ~ We must put an end to this relentless inciting racism and division amongst Americans no violent gatherings in our county

Nothing like a little division when we need healing? Black Lives Matter is tearing this country down and bringing violence and harm to every city in this nation it has arrived upon and we do not want violence or looting in our county.

This isn't about the unfortunate death of George Floyd anymore, its about politically exploiting is death city while riots are raging nationwide over George Floyd. Why not a group community prayer that involved EVERYBODY? Why do we need Black Lives Matter and ANTIFA on our courthouse Square?

The Governor and citizens alike unequivocally oppose any gathering, that has the potential to create violence or destruction of War Memorials on Public Property dividing this county and city even more? We have seen the anarchy, the fires, the looting and murders around the country from Black Lives Matter and we are not having it in Gadsden County.

Sincerely
Sheila Shellman

Please don't remove the memorial to our fallen ancestors.. That statue has been there all my life and deserves to stay there forever.. It's part of our history and means so much to so many..Don't let racism destroy the history, that our previous Gadsden County residents that came before us, left for us all to never forget.. It would be a disgrace to do so.. KEEP OUR MEMORIAL STATUE and its history and ours intact now and forever ..

Sincerely,
Tony Ledbetter

Good afternoon Gadsden County BOCC,

Please side with the people and citizens of Gadsden County and do the right thing by removing the Confederate Monument from the County Courthouse grounds. We know this will forever be a part of Gadsden County's history, but leaving it up as a public symbol sends the wrong message in present day Gadsden County, let alone America. Again I trust you will do the right and further unify Gadsden County moving forward.
